Guest student enrollment at Goshen College

The guest student program at Goshen College is for individuals who wish to take college courses, but do not currently intend to seek a degree. High school students enroll using the early enrollment application. Students enrolled in the guest student program may take no more than five hours per semester and will receive no financial aid. Degree-seeking students will have priority for limited enrollment courses.

A maximum of 15 cumulative hours can be earned as a guest student. When a student reaches 15 hours, he or she must complete a regular application for admission and will be considered a degree-seeking student at that time.

Application process: Complete the guest student application and pay the $25 application fee.

Course selection: A Goshen College admission counselor will assist when necessary with selecting a course(s).

Payment: Tuition payment is due prior to registration by check or payment online through Nelnet. (***mycollegepaymentplan.com/goshen***)

Registration process: The Registrar's Office will register and notify the student.

Credit: Students will receive regular college credit for all courses, which may be transferred to other colleges and universities. The credit may also be used toward any Goshen College degree program.

Students not planning to transfer credits to another school or planning to complete less than 15 hours need not provide previous transcripts.
