Field Trips

This year's Saturday field trips are from noon-4pm. We will be carpooling to locations. You can sign up for your favorite when you register in. At this time, let us know if you have a vehicle that can be used in the carpools. Please have a second field trip choice in mind in case your first choice fills up. They include:

1. **Canoe trip** on the White River.
2. **Tour of P.A.W.S, Inc**, an environmentally friendly organization and facility of Jim Davis and our favorite car, Garfield. This includes seeing their greenhouse. You will also get a tour of the **Muncie Children's Museum**. This will be the shortest trip and all in Muncie. This is great for those that want to come back to the hotel and relax a little.
3. **Tour of the Giant** -- <http://www.giantearthship.com/thegiant.htm> Powered almost entirely from the sun, this one-man tribute to nature is considered to be the pinnacle of environmental science anywhere in the world. It is a virtual feast for the senses, inspiring everyone to reach for their own highest dreams and goals. Using the forest around him and the latest in hi-tech, artist and designer, Vic Cook has spent over a decade and 26,000 hours building this landmark environmental exhibit- His house!
