The provisions and requirements stated in the Goshen College catalog are not to be considered as an irrevocable contract between the student and the college. The college reserves the right to make changes that it deems necessary at any time, without notification. Alterations may include course and program changes and cancellations. The online version of the catalog will be updated periodically to reflect such alterations. The responsibility for understanding and meeting the graduation requirements published in the Goshen College catalog rests entirely with the student.

# Vision, mission and values of the college

#### Vision

Goshen College will be recognized as an influential leader in liberal arts education focusing on international, intercultural, interdisciplinary, and integrative teaching and learning that offers every student a life-orienting story embedded in Christ centered core values: global citizenship, compassionate peacemaking, servant leadership and passionate learning.

#### Mission

Goshen College is a liberal arts college dedicated to the development of informed, articulate, responsible, and compassionate Christians. As a ministry of the Mennonite Church, we seek to integrate Christian values with educational, social and professional life. As a community of faith and learning, we strive to foster personal, intellectual, spiritual and social growth in every person. We view education as a moral activity that produces servant-leaders for the church and the world.

#### Core values

At Goshen College we intend to create a community of faith and learning built on five core values: Christ-centeredness, passionate learning, servant leadership, compassionate peacemaking and global citizenship. Our academic program and co-curricular programs prepare graduates for:

#### A life that is CHRIST-CENTERED, with

- a reflective faith that nurtures spiritual growth in individual and corporate contexts.
- · an active faith that informs all of life's choices.

#### A life of PASSIONATE LEARNING, through

- the mastery of a major field of study as the basis for life-long learning, service, relationships and work in a socially and culturally diverse context.
- an extensive foundation of knowledge, skills, processes and methodologies derived from a liberal arts curriculum that are required for systematic study and problem solving.

#### A life of SERVANT LEADERSHIP, based on

- · a leadership ability that empowers self and others.
- a healthy understanding of self and others that is reflected in relationships of interdependence and mutual accountability.

#### A life of COMPASSIONATE PEACEMAKING with

- a personal integrity that fosters the ability to resolve conflict and to promote justice.
- a commitment to diversity in all of its forms, both conceptually and in practice.

#### A life of GLOBAL CITIZENSHIP with

- an intercultural openness with the ability to function effectively with people of other world views.
- a responsible understanding of stewardship for human systems and the environment in a multicultural world

See the Goshen Core section of the catalog for more information about student learning outcomes at Goshen College.

## Historic church relationship, open to all

Goshen College was established in 1894 and is affiliated with Mennonite Church USA, a Christian denomination that grew out of the 16th-century Anabaptist movement in northern Europe. With the Friends (Quakers) and the Church of the Brethren, Mennonites are one of the three historic peace churches in the United States. From the church in which it is rooted, Goshen College has derived a spirit of peacemaking, simplicity, mutual support and biblically based service to those in need. The college motto since 1904 is "Culture for Service."

Around 50 percent of students and 70 percent of faculty members are Mennonite affiliated. Other students come from approximately 40 different Christian denominations and several world religions, and include strong representations from Catholic, Methodist, Baptist, and Lutheran traditions as well as non-denominational churches. All full time faculty members are active Christians, and many have lived or worked outside the United States, often in church-related mission or service work. Students are not required to be Christians to attend Goshen, but must be willing to accept and live by the Goshen College Commitment to Community Standards. All who are willing to search for truth with integrity are welcome.

#### Accreditation

Goshen College is accredited by the Higher Learning Commission [www.hlcommission.org] and is classified as a Baccalaureate-Arts & Sciences college by the Carnegie Foundation.

Goshen College is authorized by the Indiana Office of Educator Licensing and Development and accredited by the National Council for Accreditation of Teacher Education [www.ncate.org] for the preparation of elementary and secondary school teachers.

The department of nursing is approved by the Indiana State Board of Nurses Registration and Nursing Education and by the Commission on Collegiate Nursing Education [www.aacn.nche.edu/ccne-accreditation].

The social work program is accredited by the Council on Social Work Education [www.cswe.org].

Alumnae of Goshen College are admitted to membership in the American Association of University Women. Goshen College is authorized by name by the State of Indiana. Goshen College participates in the National Council for State Authorization Reciprocity Agreements (NC-SARA) as an approved Indiana NC-SARA institution. Goshen College is registered with the Regents of the University of the State of New York.

#### Student consumer information

Goshen College maintains a student consumer information web page, which provides links to all information required by federal or state authorities for "student right-to-know" regulations. See www.goshen.edu/about/leadership/student-consumer-information.

## **Equal opportunity**

Goshen College is in compliance with all federal regulations pertaining to nondiscrimination on the basis of sex, race, color, national or ethnic origin, and disability in its recruitment, admission, educational, athletic, financial aid and employment policies and programs. We welcome all students as God's creation regardless of color, gender, religion, ethnicity or nationality, sexual orientation, and social or economic class.

## **Ecological stewardship**

In 2007, President Brenneman signed the President's Climate Initiative which commits Goshen College to work toward climate neutrality. Also in 2007, the Rieth Village complex of buildings at Merry Lea Environmental Learning Center of Goshen College

#### Vision, mission and values of the college: Year-Round Calendar 2015-16

earned a Platinum LEED certification, the highest level possible. In 2008, the campus named its first Sustainability Coordinator. An ecological stewardship committee of students, faculty and administrators is leading the campus in collaborative efforts to encourage sustainable practices and reduce use of fossil fuels. The college is included on *Sierra* magazine's list of "Cool Schools," a ranking of America's greenest colleges.

Between 2008 and 2013, the campus reduced its carbon footprint by an estimated 22 per cent. Goshen College now purchases all electricity from renewable energy sources such as wind and solar power. In student-initiated projects, solar energy warms water for the Gingerich Recreation-Fitness Center. Waste food from the cafeteria is composted, and food is grown in a community garden. In addition, native landscaping covers large areas of the campus, requiring less irrigation and mowing to maintain. Goshen College recently earned a silver rating from the Sustainability Tracking, Assessment and Rating System (STARS) report, which recognizes colleges and universities for their commitment to sustainable practices on campus. There has been significant growth in academic course material related to sustainability. The college offers 20 courses specifically about sustainability and 17 others with a sustainability component.

## Student life

Visit the Student Life department website at goshen.edu/campuslife.

## **Commitment to Community Standards**

## A spirit of hospitality

Goshen College is dedicated to fostering a spirit of hospitality on our campus, including all students, faculty and staff and college guests, as part of maintaining a healthy living and learning community. We welcome all students as God's creation regardless of color, gender, religion, ethnicity or nationality, sexual orientation, and social or economic class. In order for a diverse community to thrive, we must recognize our differences and seek understanding and integrity in our relationships. Students and faculty at Goshen College are expected to support an environment of mutual respect and accountability, to care for the personal dignity of others, and to have integrity in their conduct and communication.

The spirit of respect and hospitality at Goshen College reflects our character as a Mennonite-Anabaptist liberal arts community of scholarship, teaching, learning and service. We believe that the expression of hospitality is best understood in the life and character of Jesus Christ, who welcomed the Gentile and the Jew, women and men, the poor and the wealthy, the slave and the free, the sick and the healthy. The Mennonite Church promotes a community founded on love and justice in which all persons possess inherent dignity as children of God. Our search for truth and our understanding of complex modern challenges is informed and transformed by the life and teachings of Jesus and the tradition of Anabaptist Christians to be accountable to each other in the context of the church.

## **Expectations: Individual commitments within community life**

#### Invitation to Christian community

Goshen College is committed to encouraging students in intellectual, social, moral and spiritual growth. Students are invited to engage in a dynamic and life-giving community here and to mature as individuals through respectful relationships in the classroom, the local community, in the broader Christian church and among other cultures. All are expected to demonstrate sensitivity toward others' convictions, perspectives and struggles.

#### Within the context of a Christ-centered community, we seek to become:

- · Christ-centered
- passionate learners,
- · global citizens,
- · servant leaders and
- compassionate peacemakers.

#### **Expectations**

Members of the Goshen College community are expected to demonstrate individual responsibility in showing consideration for the beliefs and feelings of others; abiding by federal, state and local laws; and demonstrating exemplary conduct. When a student's behavior has direct implications for others and/or the well-being of the campus community, there is cause for community involvement, regardless of where the situation occurs (e.g. home or abroad.)

Academic honesty

As an academic community that expects integrity, we seek for truth and knowledge by requiring intellectual and personal honesty in learning, teaching, research and service. As an academic community of integrity, we uphold personal accountability and take action against wrongdoing. Examples of academic dishonesty include, but are not all inclusive of, the following: plagiarism, cheating on assignments or exams, falsification of data, sabotaging the work of another, and aiding in academic dishonesty of another. The Academic Dean's Office holds students accountable for their academic work.

#### Alcohol

Goshen College is an alcohol free campus. The use of alcohol is illegal for minors as defined by state and federal law, and alcohol also may create dependencies, invite an unhealthy escapism, waste money, abuse health and take lives. Abuse of alcohol can also lead to offensive behavior impacting others. Alcoholic beverages are prohibited from the campus and all college-related functions. Students are expected to be responsible for themselves and their peers regarding the use and presence of alcohol.

#### Drugs and illegal drugs

Goshen College is a drug free campus. The possession, distribution or use of any illegal drugs, including synthetic substances (i.e. K2, "Spice," etc.) is prohibited. Drug paraphernalia (e.g. bongs, wrappers, etc.) is also prohibited. In accordance with state law, use of prescribed medications outside the supervision of medical professionals is also prohibited. The misuse of any drugs may create dependencies, invite unhealthy escapism, waste money, abuse health and take lives. Misuse can also lead to behavior negatively impacting others. Students are asked to be responsible for themselves and their peers regarding the possession and use of illegal drugs, prescription medications and paraphernalia. Student found in violation of this expectation may be asked to submit to random searches and drug testing. Searches and testing will be determined by reasonable suspicion based on behavioral observations or information from others regarding use or possession determined at the sole discretion of appropriate Goshen College officials

#### · Firearms and fireworks

The possession or use of firearms, including pellet, bb or air guns is prohibited on campus. Fireworks are also a safety concern and are not permitted.

#### Fire and safety equipment

Tampering with any fire and safety equipment on campus is unacceptable. It is also both a federal and a state offense.

#### Fraud and theft

Students are expected to respect the identity and property of others. Examples of fraud or theft include, but are not all inclusive of, the following: dishonesty on timecards, theft of or other misuse of personal or college property, and identity theft.

#### Honesty

Students are expected to cooperate with integrity and honesty during any investigation.

#### · Racial prejudice

Racial prejudice is attitudes or beliefs that hold particular racial or ethnic groups superior to others, often resulting in justification of discriminatory treatment or other acts of racial prejudice. Racial prejudice denies the humanity of others and denies the truth that all human beings are made in the image and likeness of God.

Goshen College creates a social and academic environment where students develop awareness of issues of race, sensitivity to minority populations and intercultural understanding. The campus reflects God's world: multicultural, multiracial and multiethnic. We believe that attitudes and actions of racial prejudice do not exemplify the love of Christ, and violate the inclusive intention of the mission of Goshen College.

As an institution of the Mennonite Church, Goshen College believes that racial prejudice is contrary to the life and teachings of Christ. Therefore, we will resist the pervasive racial prejudice of our society by identifying and confronting its evidence.

#### Sexuality

Sexuality is an integral part of our personalities, reflecting who we are as individuals. To care for another person includes honoring and respecting that person as a sexual being. Sexuality cannot be separated from the other dimensions of our lives. It is our understanding that sexual intercourse is to take place within the covenant of marriage.

Sexual misconduct includes, but is not limited to discrimination, coercion, exploitation and abuse. These destructive behaviors are detrimental to both relationships and to individual self-esteem; they also violate the caring nature of our community. Goshen College is firmly opposed to sexual discrimination, sexual harassment, sexual exploitation and sexual abuse.

The goal of accountability in these matters, as in all others, will be for well-being, reconciliation, repentance, forgiveness and redemption. Our counseling and health-service personnel are available to students wishing to discuss issues regarding sexuality or sexual behavior. These conversations will be held in strict confidence

#### Tobacco use

The use of tobacco and nicotine products imposes a serious and unnecessary burden upon the health of the user and community. It also constitutes a fire hazard in some cases. Use of tobacco and paraphernalia (e.g. pipes, hookas, electronic cigarettes, etc) in any form is prohibited on campus or at any off-campus official college activity and strongly discouraged elsewhere.

#### · Violence or threats of violence

An act or threat of violence against another individual, whether verbal or physical, is unacceptable.

#### Vandalism

Any vandalism on campus will be considered offensive behavior. Responsibility for restitution will be expected.

#### Serious intent

While it is difficult to determine a framework of community standards that completely matches the ideals of each individual, clear expression of commonly held expectations is vital to productive, positive life and work together in a diverse campus setting. Every Goshen College student is expected to show serious intent to live according to these standards.

#### Values inform our work

As a community of higher education, Goshen College seeks to center its campus life on the Core Values. Christ-centered, passionate learners, servant leaders, compassionate peacemakers, and global citizens are what we seek to become and emulate in our relationships with each other (goshen.edu/aboutgc/mission). Similarly, values and principles inform program, policy and relationships within Student Life.

#### Five ethical principles in Student Life

Student development theory reflects the typical developmental tasks commonly engaged by young adults during the point in their lives when most students decide to pursue higher education. Most are making decisions and investing in relationships that will impact them for years to come. Student development theory provides a framework for empowering students in these life tasks.

The five ethical principles that inform our work as student life professionals are

- Autonomy
- Prevent Harm
- Do Good
- Justice
- · Fidelity

In the goal of **Autonomy**, we recognize the need for students to become increasingly independent. With a clearer sense of self, students develop an increased sense of confidence and self-direction. Students must answer the question, "What does it mean to become independent and responsible?" Secondly, within this increased sense of autonomy, we must Prevent Harm. Safety policies (e.g. Community Standards) are designed to prevent harm to individuals and groups; safety plans (e.g. fire drills) are in place to respond to harmful situations should they occur. However, avoiding harm is not an end in itself; we want to provide the opportunity to **Do Good**. Student Life promotes positive modeling, direction and leadership opportunities. Student groups, clubs, and events provide opportunities for students to contribute to a life-giving campus life. Interacting within a campus context, we treat each other with equity. Student Life professionals value Justice; recognizing that individuals are different, we retain objectivity in our perception of each other. We also understand that trust is critical for developing relationships. Fidelity is reflected in our commitment to confidentiality, professionalism and knowledge of our abilities and limitations. To be most meaningful, trust and confidentiality is embraced by both faculty and students when engaging sensitive issues.

#### Response process for violation of Standards

The response process is a positive, restorative means of assisting individuals in achieving their goals by developing a greater sense of responsibility and maturity. In short, the goals are personal growth, resolution of the problems and reconciliation where alienation has occurred. If an individual does not change behavior, then separation from the community may result. The process is designed to assist individuals in monitoring their own behaviors, rather than relying on external rules and regulations.

To view the full "Community Standards," please visit goshen.edu/aboutgc/community/

## Housing

The Residence Halls are an integral part of campus life and contribute in many ways to the education students receive. Students live and work in groups in residence halls. All full time students enrolled at GC must live in campus housing unless they meet any of the following requirements:

- · Have 112 or more credit hours posted on their transcript
- · Turn 23 years of age during a given semester
- Live with parents or an immediate family member

New students' living arrangements are completed during the admission process. Near the end of spring semester, continuing students select residence options from the following list for the next year. See the residence life website for an explanation of the selection process.

#### Residence halls

All full-time single students younger than 25 are welcome to live in one of three traditional residence halls. Kratz, Miller and Yoder Halls each house both men and women on separate floors. Additional housing options are available for students who have graduated from high school at least two years prior to the first day of classes.

#### Small group housing

Students who graduated from high school at least two years prior to the first day of classes can live in small group housing. This program offers an opportunity to deepen friendships in a largely self-governing environment. Small groups are responsible for managing and cleaning their own facilities. Students apply as a group during the spring semester for space the following year.

#### · Junior/senior floors

Kulp Hall provides housing for juniors and seniors. This facility is designed to offer increased independence with the convenience of on-campus locations. Eligible students graduated from high school at least two years prior to the first day of classes. Students interested in these accommodations will make their selections in accordance with the residence life lottery system for room selection.

#### Student Apartments

Apartments are available for students who graduated from high school at least two years prior to the first day of classes. Students must be enrolled a minimum of 9 credit hours. Each apartment is fully furnished and is configured with a kitchen, living area, one or two baths and two-four bedrooms. The fourth floor features a loft area for additional lounge space. Laundry and individual apartment storage spaces are available to students in the basement. Apartments offer increased independence and flexibility within the proximity of campus. Students live in self selected groups and select apartments through an online application form that is available in late March.

## Campus ministries

Goshen College encourages growth in faith through worship, Christian community and service. The Campus Ministries office offers both support for students' faith journeys and challenges to new discoveries in spiritual life. While Goshen is a Christian college rooted

in the Mennonite Church USA, we welcome seekers and people of all faiths to attend campus spiritual life activities.

Worship opportunities include chapel services on Wednesdays, a variety of worship groups that meet throughout the week (Taizé worship, Hymn Club, Unity, etc.), and Sunday morning involvement in local congregations. Christian community sustains students through friendships and in small groups organized by campus ministries that meet for prayer, Bible study, accountability and sharing. Ministry Leaders on each residence hall floor seek to foster a vibrant Christian community of hospitality and dialogue through peer support and regular programmed opportunities.

Interdisciplinary summer internships are available to sophomore and junior students through the Camping, Ministry and Service Inquiry Programs, under the direction of Campus Ministries.

Service projects of many kinds allow students to reach beyond themselves and the campus to show concern for needs of the world. Types of service include the Big Brother/Big Sister program, tutoring, Habitat for Humanity, working with the elderly, housing rehab and collecting supplies to be sent for world relief. During breaks, groups of students travel to service locations.

Facilities that support spiritual development include:

- Labyrinth an outdoor space for contemplative prayer, located between East Hall and the Music Center.
- The Quiet Place and Prayer Room
   rooms for individual reflection
   and small group meetings in the basement of Coffman Hall and in
   the Church-Chapel building.
- Witmer Woods and College Cabin— an 18-acre arboretum of plants native to Indiana located across Main street from the campus. The College Cabin, adjacent to Witmer Woods, is available to students for meetings and recreational activities. A Meditation Garden is located near the College Cabin along the Elkhart River. It is a place for quiet reflection and contemplation.
- Merry Lea—a 1,189-acre nature preserve located 30 miles southeast
  of the campus. Picnic areas and eight miles of hiking trails through
  forests, wetlands and meadows. Geodesic dome and cottages also
  available for modest rental fees.

#### Convocations and chapels

Convocations and chapel services gather the campus community to focus on themes that connect with our personal lives and also to the world at and beyond Goshen College. Chapel services foster Christian worship and faith formation. They may include guest speakers, faculty faith stories, hymn sings, or student presentations. Convocations are educational events that promote the mission and core values of Goshen College and overall health and wellness on campus. They may include faculty speakers, guest lecturers, drama or music performances or student presentations by Study-Service Term units

Wednesday morning chapel and convocation services are both held in the church-chapel, which is also the worship space for College Mennonite Church. Additional events, many in evening hours, are available each semester for convocation credit. Attendance requirements for convocation and chapel are publicized at the beginning of each semester. Students can monitor their attendance record online

## More Student Life programs and services

#### **Recreation and Fitness Center**

The Roman Gingerich Recreation and Fitness Center is a multi-faceted facility that houses the athletic department, kinesiology department, and intramural programs. The building is also available as an individual workout facility for students at no charge from 5 a.m.-11 p.m. Monday through Friday, 9 a.m.-6 p.m.Saturday , and 1 p.m.-10 p.m. Sunday.

Workout facilities include three full-size basketball courts, a 200 meter running track, a variety of cardio machines, a large weight room with Cybex weight equipment, and a climbing wall.

#### **Athletics**

Goshen College holds memberships in the National Association of Intercollegiate Athletics and the Crossroads League. Goshen men compete in baseball, basketball, cross country, soccer, tennis and track and field. Women compete in basketball, cross country, soccer, softball, tennis, track and field and volleyball.

#### Intramural athletics

Over half the student body participates in the intramural program, which includes one-night tournaments in a wide variety of sports, as well as longer sports seasons of four to six weeks. Sports include soccer (indoor/outdoor), basketball, volleyball (indoor/sand), ultimate frisbee, kickball and more.

#### Wellness and Health

#### **Basic services**

Goshen Family Physicians provides medical services to GC students and is located a little over 1.5 miles from campus. GFP provides the following services: diagnosis and treatment of illness; physical exams, including pelvic exams; preparation for SST; referral to specialists when indicated; and health and wellness information resources to enable students to achieve personal goals of well-being. Regular fees and insurance coverages apply.

#### Staff

Goshen Family Physicians is staffed by seven medical doctors and a nurse practitioner, along with nursing staff, and is available 24 hours a day. In addition, a full-time administrative assistant on campus coordinates health services and can be reached at (574) 535-7474. All interaction with students is strictly confidential.

## Counseling

The counseling office, located in the ground floor of Kulp Hall, provides professional, short-term, on-campus counseling services to students on a free and confidential basis. Services support students' personal, social and spiritual health, while increasing students' ability to succeed academically. The counseling office provides individual, couple and group mental health counseling, wellness education, crisis intervention and referral to community providers.

## Commuter student program

The Commuter Student Lounge is located at the south end of the Union building. The lounge has a kitchenette, work tables, study rooms, lockers and WiFi. The commuter student club meets regularly to discuss special interests and concerns of students who live off campus.

#### Orientation and first-year learning communities

Orientation activities are offered for all new students. Fall orientation includes special activities for intercultural students, transfer students, first-year students and parents. An abbreviated orientation is also offered to new students in spring semester.

First-year students participate in specially designed Goshen Core courses in both fall and spring semester. In the fall semester course Identity, Culture and Community, the focus is on the college experience: understanding the Goshen Core curriculum, personal identity, and cultural markers within the broader campus community. The spring semester Learning Community focus is on the academic major and career, informed by Christian faith and service. Students create electronic portfolios to document their learning and their co-curricular and leadership involvement throughout the college experience.

#### Student activities

Assistant Directors of Residence Life oversee the Campus Activities Council (CAC) and collaborates with other departments to hold social and recreation events on campus. CAC sponsors a variety of events that include, but are not limited to: Kick-Off (bi-annual talent competition), Hour Afters, movies on the lawn, cosmic bowling, themed dances, and various other late-night activities.

#### Student government and clubs

The student body is represented by the Student Senate. A five-member cabinet is elected each spring to lead the next year's Senate of campus group representatives and residence hall representatives. Student Senate appoints members to campus committees where students are actually involved in making decisions side by side with faculty and administrators. The Senate also manages all club funds for various student clubs and organizations.

In most cases membership is open to any interested student. New clubs or organizations may be formed with the approval of Student Senate. Following is a partial listing of groups that meet currently:

- ASL Club
- · Bike Club
- Black Student Union
- Boardgaming
- Campus Activities

Council

- Campus Ministries
   Team
- Climbing Club
- · Commuter Club
- Disability Student Union
- Eco-Pax
- Fnactus
- FIRSST
- Folk Music
- GC Nursing Students Association
- · GC Plavers
- GC Service Club
- Goshen Student Women's

Association (GSWA)

- · Hip Hop Collective
- Hvmn Club
- Investor's Club
- International Student Club
- Latino Student Union
- Lyrical Hip Hop
- Pax
- Pre-Medical Club
- PRSSA (Public Relations Student Society of America)
- Social Reform Club
- Social Work Action Association
- Student Art
- · Student Senate
- · Swing Dance Club
- Ultimate Club
- · Unity Club
- · Voices 'n' Harmony
- We Are All Human
- · World Justice

#### Parents program

The Student Life office sponsors a parents program which provides avenues for parents to learn about their student's education and to communicate with administrators and faculty. Programs and services include a newsletter and a web site especially for parents at www.goshen.edu/parents/.

## Withdrawal procedures

Student Life staff works closely with full-time students who must withdraw from college for medical or other reasons. See the Academic policies section of the catalog for detailed information

## **Privacy rights**

Student Life staff members honor the national FERPA law, which protects individual student information. See the Academic policies section for more details.

# Campus opportunities and services

#### Arts opportunities

#### Art galleries

Two art galleries on campus contain rotating exhibits. The Hershberger Art gallery located in the Music Center exhibits works by guest artists, art faculty and art students. A second gallery located in the basement of Good Library features historical and cultural exhibits.

#### Performing arts series

The annual Performing Arts Series brings worldclass performers to the campus Music Center. Recent artists include the Wailin' Jennys, the Silk Road Ensemble, Chinese Acrobats, and Garrison Keillor.

#### Music activities

Students interested in music are invited to audition for music department ensembles, including Chamber Choir, Men's Chorus, Women's World Choir, Orchestra, Lavender Jazz, and the All-Campus Band. The choirs perform several on-campus concerts each year, and one choir tours each year during spring semester mid-term break. Parables, a student worship team, presents music and drama programs at churches and camps throughout the year. The orchestra performs a repertoire of classic and contemporary symphonic and chamber music at on-campus concerts. The annual Festival of Carols in early December has been broadcast on local public television stations. A fully-staged opera, operetta, or musical is produced in alternate years. In addition to these groups, a variety of student-formed groups participate in coffeehouses, talent shows and worship teams.

#### Theater activities

Any student may audition for the two fully staged theater productions each year or any of the numerous student-directed one-acts. Special May term classes include musical production or a traveling children's theater ensemble. Students are welcome to volunteer as costume, light and set construction assistants for any of the productions. Advanced students may design or direct shows, including selected one-acts. Goshen theater students participate annually in Region III of the Kennedy Center American College Theater Festival.

#### **Bookstore**

The Goshen College campus bookstore is operated by Follett and is open year-round. Textbooks for all course can be purchased online through eFollett or in person at the campus store. Many textbooks are available for rental or as e-books. Used books are made available whenever possible. At the end of each term, the bookstore also offers convenient buyback services at market rates. Follett contracts with apparel companies that practice fair hiring processes.

## **Broadcasting and publications**

#### Radio and television

WGCS, or 91.1 The Globe, was named the best college radio station in the nation in 2011, 2013 and again in 2015 by the Intercollegiate Broadcasting System, the only school to win the title more than once. Also in 2013, The Globe was named the best radio station of any type in the state of Indiana. Students serve as station manager and staff members. The station features American roots music, public affairs and religious programs, news, and sports. On the air 24 hours a day, The Globe offers students many opportunities for broadcast experience. Goshen College was named the Indiana radio

school of the year in 2013 (and runner-up in 2014) and the Indiana TV school of the year in both 2013 and 2014, competing against all colleges and universities in the state. Students working with GC-TV produce a bi-weekly video magazine called *The Correspondent*, which is distributed via the campus cable system.

#### Newspaper

Students edit *The Record*, a weekly newspaper that includes news, features, perspectives and photographic coverage of campus events and issues and provides a forum for student, faculty and staff opinion. *The Record* is published in both print and online formats. The newspaper staff, advised by communication faculty members, uses a facility equipped with professional-grade workstations.

#### Creative writing publications

Sponsored by the English department, Pinchpenny Press publishes small volumes of creative writing by students and faculty members and *Red Cents*, a creative writing magazine. In addition, *Broadside* publishes occasional short pieces of creative writing in signed. limited editions.

## Campus Center for Young Children (CCYC)

The Campus Center for Young Children offers quality childcare services for children of students, faculty, staff and community members. CCYC is housed in the church-chapel building and is a shared service of the college and College Mennonite Church. Childcare scholarships are available to qualifying students.

#### Career guidance and employment preparation: Career Services

The Career Services office offers students the skills they need to become employed during college and throughout their lifetime. They help students figure out career direction, confirm a choice of major, and help students connect with employers by presenting themselves well on paper and in person. This office works closely with the Alumni Relations office to connect students with valuable resources within our world-wide alumni network.

Available through Career Services are career coaching, résumé and cover letter preparation, practice interviews, job search skills, job and internship listings, and alumni connections. This office also maintains an extensive website, including a job and internship bank and resources specific to each major.

## Campus jobs

Students who desire on-campus employment should contact the Career Services office, located in the Administration Building on the ground floor (01), within the Advancement offices or check the online job bank on the Career Services webpage.

#### Food services

Food services catered by AVI Fresh are available in Westlawn dining hall and at the Leafraker snack shop in the Union building. All students living on campus are required to purchase a meal plan. A variety of options are available and are detailed on web pages under the Campus Life heading. Java Junction is a popular student-operated coffee bar located in the Connector between Kratz, Miller and Yoder residence halls.

## Information Technology Services (ITS)

ITS provides the campus with high quality, innovative technology services that are constantly evolving and improving. Goshe is a leader in mobile e-learning. Our iPad one-to-one program is one of the first in the world to be tied to our general education program (Goshen Core). For fall 2015, ITS will roll out a 24-hour virtual lab service using VMWare virtual desktops to deliver institutionally-licensed software to any device, any time, anywhere in the world. The campus has a modern 802.11n WiFi infrastructure in all residential and academic buildings and a full 1Gb of Internet2 bandwidth for research and collaboration from the classroom, dorm room or lab. Students have access to

modern computer labs across campus with a student/computer ratio of 7.6 to 1. Mac Minis in the labs use both Windows and Mac OS X operating systems. All major classrooms have multimedia and computer projection capabilities. Students have access to a full complement of network services, all accessible via a single, personal user ID and password. The campus participates in Google Apps for Education, providing email, calendar, unlimited network storage, document collaboration, YouTube for Education and a variety of other web services. Students can copy and print using their GC ID and supplied print credit. They also have access to color and large format printing if needed. The ITS Help Desk provides students on and off campus with tech support. Schertz Computing Center is open 24 hours, seven days a week. ITS also provides all the help and documentation students need to configure their computers for home access or residence hall use. An annual customer satisfaction survey identifies priorities for ongoing improvement. For more information about technology at GC, see the ITS web page at goshen.edu/its/.

#### Lecture series

- Frank and Betty Jo Yoder Public Affairs Lecture Series brings nationally known speakers to campus to address a variety of current issues.
- Eric Yake Kenagy Visiting Artist Program annually brings a distinguished visual artist to campus for lectures, workshops and interaction with students.
- Martin Luther King Jr. All-Campus Study Day annually brings to campus outstanding civil-rights leaders who share King's vision for peace and justice.
- Science and Religion Conference brings an outstanding scholar to campus each spring for public presentations and dialogue.
- C. Henry Smith Peace Lecture is given annually by a faculty member of Goshen College or Bluffton University.
- Umble Master Class series brings an outstanding educator or practitioner in theater or communication to campus each year for lectures and workshops.
- S.A. Yoder Memorial Lecture annually brings a distinguished poet, novelist, essayist or humorist to campus.

#### Library

As a research and information center, the Harold and Wilma Good Library connects the campus to ideas and information in a variety of formats. In addition to over 135,000 print sources, the library maintains a video/DVD collection and serves as the gateway to thousands of scholarly databases, digital journals and electronic books. Collection strengths include peace, justice, and conflict resolution; theology; early American hymnody, and curriculum materials. The library also has more than 400 print periodical subscriptions and hundreds of electronic journal subscriptions. Librarians are available for one-on-one assistance throughout much of the day and evening and also offer group instruction. A web catalog indexes the collections of the Good Library, the Mennonite Historical Library, and 20 other Indiana college libraries. Interlibrary loans provide access to print materials in most North American libraries. Library facilities include a computer lab/classroom, vending and lounge areas, reservable group study room, listening/viewing stations, offices of the Academic Resource and Writing Center, and an exhibit gallery.

#### Mennonite Historical Library

The Mennonite Historical Library, housed on the third floor of the Good Library, contains more than 65,000 volumes, an unrivaled collection of published works by and about Anabaptists, Mennonites and related groups (Amish, Hutterites, etc). Resources also include substantial source materials on the Protestant Reformation, local and family history and Pennsylvania Dutch culture.

#### Mail services and Lost & Found

All students living on campus receive an assigned key or combination to a campus mailbox, located in the Union building. Full and part-time students living off-campus also have this option. U.S. Postal Service mail is delivered daily (Monday-Friday), in addition to campus mail, a free service to the campus community. Package pick-up services, package drop-off and Lost and Found department are located in the ITS media office on the south side of the Union building. Hours are posted on the entrance door.

#### Motor vehicles and bicycles

Sudents, faculty and staff must register all motor vehicles to be used on campus. Register vehicles through the physical plant web site at goshen.edu/physplant/forms. A validation sticker will be sent in campus mail or, if the student does not have a campus mailbox, the director of campus security will make arrangements for delivering the sticker. Vehicles must be covered by liability and property damage insurance. Tickets are issued for parking, driving or registration violations. Goshen city ordinance requires that all bicycles used on campus must be registered, which can be done at the physical plant office. Indoor winter bicycle storage is available for students in the basement of Howell House.

## **Admissions**

## First year students

Enrollment counselors work individually with each applicant to ensure sound educational planning. High school courses, grades, test scores, high-school rank, references and personal essay, are all indicators of an individual's ability to work successfully in college programs, and they are important factors in the admission decision.

#### Requirements for Admission

For admission, first-year applicants must provide a completed application for admission, \$25 application fee, high school transcript, SAT I or ACT scores, and a personal essay. The admission director reserves the right to ask for additional supporting materials.

All students, both full time and part time, must provide all the application materials and supporting documents outlined above if they are seeking a degree. Prospective students wanting to apply to Goshen College may use the Common Application or the Goshen College on-line application. Applications will be reviewed on a continuous basis as they are completed, beginning September 1 of the year prior to matriculation. Admitted students must submit the \$200 enrollment deposit in order to establish their priority for campus housing, placement and to be eligible to register for classes. The \$200 enrollment deposit is fully refundable by written request until May 1 for fall semester entry and December 1 for spring semester entry.

#### High school preparation

Graduation from an accredited high school is required. Students from a non-accredited school will be considered on a case-by-case basis. High school college-prep programs are the best way to prepare for Goshen College. This preparation usually includes the following areas of study and units: English -4, science -2-3; foreign language -2-4; social science and history -2-3; mathematics -2-4. It is strongly recommended that nursing applicants complete two semesters of high-school chemistry with a grade of "B-" or higher.

Applicants who did not complete high school are considered for admission if they have achieved an average score of 500 or above on each of the subscores of the General Educational Development (GED) tests administered after 2002. Students who took the GED before 2002 must have an average score of 50 or above on each of the subscores.

All first-year applicants must provide a final and official transcript showing that they have graduated from high school. Registration for second semester classes will be withdrawn until a final high school transcript is received.

#### College credit earned during high school

Students entering with dual enrollment or other college-level credit are required to submit official transcripts from the college or university granting the college credit prior to the first semester of enrollment at Goshen College. Students who completed Advanced Placement (AP) exams or International Baccalaureate (IB) courses, must have scores submitted by August 1 (for first-time enrollment in fall semester) or December 1 (for first-time enrollment in spring semester).

#### Home schooled students

Goshen College welcomes home schooled students and recognizes the valuable contribution they bring to the diversity of the student body. Home schooled students need to show that they have successfully completed a secondary school education in a home school setting and met state law requirements for secondary education. Applicants must

submit high school equivalent transcripts with grades or evaluations. If these are not available, curricula for grades 9 through 12 may be provided. Official SAT I or ACT scores and a personal essay are also required for admission.

#### SAT I or ACT test score requirements for athletes

All applicants who want to play intercollegiate sports are required to take the Scholastic Aptitude Test (SAT I) or the American College Test (ACT) on a **national testing date**. SAT I and ACT tests are given at testing centers several times each year around the world and should be taken in the junior year and/or as early as possible in the senior year. SAT I and ACT scores are not required of students age 24 or older.

#### Students who do not meet full admission standards

Students not meeting full admission standards are encouraged to apply for admission. Goshen College takes a holistic approach to admission decisions and will consider the merit of each applicant's academic record on an individual basis. Additional materials may be requested so that we can learn as much as we need to make our admission decision. Applicants who are denied admission may appeal the decision to the Admission Board.

#### Learning disabilities

After being admitted, students with diagnosed learning disabilities, who are otherwise qualified for admission to Goshen College, must provide documentation of their specific learning differences to the director of the Academic Resource and Writing Center in order to receive reasonable accommodation.

## Transfer students

#### Requirements for admission

Transfer student applicants must complete the application for admission. They must also submit high school transcript (if fewer than 24 semester college credits have been earned) and all college transcript(s), including official documentation for Advanced Placement or International Baccalaureate credit. Applicants are expected to be in good standing at the college or university they last attended and to have maintained a 2.00 GPA (out of 4.00) or higher.

#### Transfer of credits

Students who transfer from regionally accredited colleges or universities associated with the Higher Learning Commission can receive credit on work in which they received a "C" (2.00) grade or better. A maximum of 12 hours of credit may be accepted for technical or skills-oriented courses from vocational training programs in technical schools, community colleges, or Bible institutes. Transfer credit is recorded with the same titles and credit hours as at the previous school. Transfer credits are not included in the Goshen College GPA. A minimum of 30 credit hours must be earned at Goshen College to receive a Goshen College degree.

You may be asked to provide course descriptions or syllabi to aid in the transfer evaluation process. Departmental advisors evaluate courses that are to be considered for meeting requirements in majors, minors and professional programs. The registrar determines course equivalents for the Goshen Core. See the Goshen Core section of this catalog for reduced Core requirements for transfer students who have earned an associate degree in arts or science.

All transfer applicants must provide a final transcript from each college attended. Registration for second semester classes will be withdrawn until a final college transcript is received. For AP or IB credit earned in high school to be accepted by Goshen College, official score reports must be sent prior to enrollment.

#### **Hesston College transfers**

Goshen College assures the acceptance of the Hesston College associate of arts degree and the associate of science degree and assures the student of junior standing. Hesston graduates have met all Goshen Core requirements except for international education. All other competencies and prerequisites must be met on the same basis as any other Goshen College student before a bachelor's degree will be granted.

#### Transfer application deadlines

Applications are reviewed on a continuous basis. Admitted students must submit the \$200 enrollment deposit in order to establish their priority for campus housing placement and to be eligible to register for classes. The \$200 enrollment deposit is fully refundable by written request until May 1 for fall semester entry and Dec. 1 for spring semester entry.

#### International students

Applicants who are not citizens or permanent residents of the United States may use the Common Application or the Goshen College on-line application. There is an application fee of \$25.

Also required for admission are the following:

- TOEFL score of 550 (paper version), 213 (computer version), or 79 (internet version) or an overall Band Score of 6.0 on the IELTS or a grade of "C" or better on the General Certificate of Education (GCE) English exam.
- International Student Financial Information form, bank statements and/or salary statements and/or sponsor letters.
- Official secondary school transcripts, exam reports, diplomas (certified with original signatures and/or seals).
- 4. Official post secondary/university transcripts and exam reports (certified with original signatures or seals).
- 5. Certified English translations of all documents if they are not in English (available from www.wes.org).
- 6. Personal essay.
- 7. Copy of the student's passport.

All documents above except the personal essay and copy of the passport must be sent through U.S. mail by the issuing institution or via a secure electronic transfer service directly to admission@goshen.edu.

It is also highly recommended that international students submit SAT I scores with their application for admission. The SAT exam is given in locations around the world several times a year. Students may obtain details of when the exam is administered and how to apply by contacting the nearest American Embassy or Consulate. Students should start planning a year in advance of the time they plan to begin studies at Goshen College to take the required TOEFL and SAT I exams and to prepare the other required documents for admission and financial aid consideration. If funds shown to be available at the point of admission are not available later, we reserve the right to terminate enrollment of the student.

## Early enrollment program

The early enrollment program at Goshen College is for area high school juniors and seniors who excel in one or more subject areas and are ready for more advanced study at the college level. The student enrolls part time at Goshen College while maintaining enrollment in high school. The total number of college courses a student may take each semester must be equal to or fewer than the number of high school courses taken during the same period. A separate application is required, and students enroll on a semester-by-semester basis. Early enrollment students may select from 100 and 200

level courses. Course prerequisite documentation must be provided by the student before registration is complete. Financial aid is not available. See financial information section for special rates.

#### Re-admitted students

Students who leave Goshen College for one or two consecutive semesters, and who did not enroll at another college or university during their absence, may follow a simplified re-admission process, beginning with the registrar's office. Students intending to transfer credits earned during their absence from Goshen College and students not enrolled for more than two consecutive semesters must begin the re-admission process in the Admissions Office.

Students who are academically dismissed from Goshen College and seek readmission must begin the process in the Admissions Office.

Students contemplating a leave from their studies at Goshen College are encouraged to complete a Leave of Absence form, available in the registrar's office and online (goshen.edu/registrar/Forms), to expedite the re-admission process. The Leave of Absence policy is explained in the Academic Policies section of this catalog.

#### Students in Non-traditional undergraduate programs

Admission criteria and requirements for undergraduate adult programs (Organizational Leadership, R.N. to B.S.N., Bachelor of Science in Business Administration, and Bachelor of Science in Social Work) are detailed in the Office of Graduate and Continuing Studies section of this catalog.

#### Non-degree seeking students

A transfer application is required, as is a college reference. Non-degree seeking students can enroll full time or part time at Goshen College. Non-degree seeking students applying for the Merry Lea Sustainability Semester must also submit an official transcript from their current school. Degree-seeking students will have priority for limited enrollment courses.

#### Student consumer information

Goshen College maintains a student consumer information web page, which provides links to all information required by federal or state authorities for "student right-to-know" regulations. See www.goshen.edu/about/leadership/student-consumer-information

## Financial aid

## Purpose and philosophy

The Student Financial Aid office (SFA) at Goshen College is designed to assist students and families in financing a college education. Our awarding policies recognize past achievements while also taking into consideration a family's financial need. While financial aid is meant to supplement, not replace, family resources for college, the SFA office staff is committed to providing excellent customer service in helping our families to understand the financial aid process.

## Financial aid packaging

All financial aid awards are determined by the Student Financial Aid office. Students applying for financial aid are considered for all aid for which they are eligible. Financial aid is normally provided in a "financial aid package"-- a combination of institutional, state, federal and private loans, employment and gifts. Goshen College attempts to provide a financial aid package adequate to meet the needs of each student who applies.

Students planning to attend Goshen College should see the Financial Information section of the catalog or the accounting department website for details about expenses for the current academic year. Indirect expenses, including books and supplies, personal expenses, medical insurance and transportation are added to tuition, room and board costs to determine the total cost of attendance. The Student Financial Aid office considers the total costs of attendance when preparing a financial aid award.

During 2014-2015, Goshen College administered more than \$19.1 million in financial aid.

#### Types of financial aid available for the traditional program

- Scholarships and Achievement Awards Merit aid awarded in recognition of outstanding achievement in academics, athletics, music, or other leadership areas. Descriptions below.
- Grants Grants are gift aid awarded to students, usually based upon demonstrated need. Grants come from Goshen College and from federal and state governments.
- Loans The Federal Direct Subsidized Stafford Loan, the Federal Perkins Loan, and the Federal Nursing Loan do not accrue interest while the student is enrolled half-time or more. The Federal Direct Unsubsidized Stafford Loan, the Federal Parent PLUS Loan, the Federal Graduate PLUS Loans, and private or alternative loans, do accrue interest during the time of enrollment in college.
- Employment Part-time jobs are available on campus or in the community where earnings can amount to as much as \$1,000 or more each school year. Full-time summer employment can provide additional earnings.

#### Financial aid package order of assembly for traditional programs

- 1. Federal Pell Grant
- 2. Academic Scholarships
- 3. Federal Supplemental Educational Opportunity Grant (SEOG)
- 4. State grants
- 5. College scholarships and discounts
- 6. Church Aid and Goshen College Church Aid Matching Grant

- 7. Goshen College Grant
- 8. Endowed Scholarships
- 9. Federal TEACH Grant
- 10. Federal Direct Subsidized Loan
- 11. Federal College Work-Study
- 12. Federal Perkins Loan, Federal Nursing Student Loan to meet remaining need
- 13. Unsubsidized Federal Direct Stafford Loan
- 14. Federal Direct Parent Loan (PLUS) to families who desire it.

#### Financial aid package order of assembly for continuing studies programs

- 1. Federal Pell Grant
- State Grants
- 3. Outside Scholarship (including employer reimbursement)
- 4. Federal Direct Subsidized Loan
- 5. Unsubsidized Federal Direct Stafford Loan

## Sources of financial aid

## Federal and state programs

Goshen College participates in all federal programs, including the Federal Pell Grant, Federal Supplemental Educational Opportunity Grant (SEOG), Federal Perkins Loan, Federal Nursing Student Loan (NSL), Federal College Work-Study Program, the Federal Direct Stafford Student Loan, the Federal Direct Parent Loan for Undergraduate Students (PLUS), the Federal Direct Graduate PLUS Loan, and Veteran Educational Benefits. Residents of Connecticut, Indiana, Pennsylvania, Rhode Island and Vermont are eligible to receive state scholarship and grant awards that can be used at Goshen College.

## Institutional aid programs for students in the traditional program

## Goshen College President's Leadership Award (PLA)

A limited number of awards will be given to entering first-year students, in recognition of outstanding academic and leadership skills. A separate application is required for the President's Leadership Award. To be eligible to apply, students must meet at least two of the following criteria: a) be a National Merit Semifinalist, b) rank in the top five percent of their high school class, c) have a grade point average of at least 3.8 (on a 4.0 scale), d) score at least 1270 (Critical Reading plus Math) on the SAT or 29 on the ACT. Canadian students must have a high school overall average of 88 or better. The President's Leadership Award is renewable each year with a 3.50 grade point average. The award is made for no more than eight total semesters. The stipend for 2014-2015 is \$19,000. (The President's Leadership Award replaces a Menno Simons or Yoder, Grebel or Kratz Honors Scholarship.) Priority application deadline is December 15.

#### Center for Intercultural and International Education (CIIE) Scholarships

Students with Hispanic/Latino heritage, who are first-generation college students and U.S. citizens, are eligible to apply for this scholarship. Eligibility requires a high school cumulative Grade Point Average of 2.75 or higher. Students must enter Goshen College directly from high school. Priority is given to Indiana students, but out of state students are encouraged to apply. Priority application deadline is December 15.

#### Stoltzfus Diverse Leader Award

All African-American, Asian-American, Latino and Native-American students (U.S. and Canadian citizens and alien residents) are eligible. Eligibility requires a high school Grade Point Average of 2.75 (on a 4.0 scale) or ranking in the top half of the high school class. This scholarship is renewable each year, but the award is made for no more than eight total semesters. Priority application deadline is December 15.

#### Goshen College National Merit Scholarship (Burkholder Scholarship)

National Merit Scholarships for National Merit finalists--\$1,000 to \$2,000 per year for four years. Stipends above \$1,000 are based on need. These scholarships are partially funded by an endowment established in honor of President Emeritus J. Lawrence Burkholder and his wife, Harriet. It is renewable each year with a 3.20 grade point average. The award is made for no more than eight total semesters.

# Goshen College Academic Scholarships (for first-year students entering in fall 2015)

These scholarships reward achievement in high school. Eligibility for the Menno Simons, Yoder Honors, Grebel Honors, Kratz Honors and Goshen Achievement Award Scholarships are determined by a combination of grade point average (GPA) and SAT or ACT scores. Awards based on academics are limited to a total of eight semesters, and are renewable based on continued minimum GPA levels (3.20 for Menno Simons, 3.00 for Yoder and Grebel, 2.80 for Kratz, and 2.50 for Goshen Achievement Awards).

•	Menno Simons Scholarship	\$14.000
	Yoder Honors Scholarship	
	Grebel Honors Scholarship	
	Kratz Honors Scholarship	
	Goshen Achievement Award	

#### Goshen College Transfer Academic Scholarships

Transfer students who have shown outstanding performance can receive academic/merit scholarships based on their cumulative transfer GPA.

•	Transfer High Honors Scholarship	\$8,000
•	Transfer Honors Scholarship	\$6,000
•	Hesston Honors Scholarship	\$4,000
•	Transfer Academic Scholarship	\$3,500

Students from Hesston (Kan.) College who are not eligible for the High Honors or Honors scholarship above, but who still show good academic performance, are eligible for the Hesston Honors Scholarship. Renewals are based on maintaining a 3.20 GPA for the Transfer High Honors and 3.00 for the other transfer scholarships.

#### Athletic scholarships

Scholarships for athletic leadership/achievement are awarded each year through the Athletic Department. Check directly with the athletic department for details.

#### Music scholarships

The Goshen College Music Department offers two types of music scholarships to first-year and transfer students who are majoring or minoring in music at Goshen College: three Excellence Awards of up to \$10,000 annually and multiple Achievement Awards of up to \$6,000 annually. All instruments and voice parts are encouraged to apply, including students with interests in composition. Go to the Music Department website for more information and an application.

#### **Endowed and restricted scholarships**

Each year, the Financial Aid office administers over 150 endowed and restricted scholarship funds and awarded over \$1 million to students from these sources. Simply by applying for financial aid, the student will automatically be considered for endowed and restricted scholarships, using criteria specified by each donor. Over 75 percent of these scholarships are need-based. Many are designated for a specific major or professional goal; some are based on other criteria such as geography, descendency, etc.

#### Missionary service scholarships (Swallen or Lord's Trust)

Scholarships are available for students in any major who are preparing for missionary service. The application for first time recipients is available in the Admission Office. Renewal applications are available in the Student Financial Aid Office. In addition to the

application, two references are required. Awards are made for no more than eight total semesters.

#### **Goshen College Grant**

A Goshen College Grant is gift assistance provided on the basis of financial need. The amount of the grant depends on the student's demonstrated need and other gift aid received.

#### **Church Aid Matching Plan**

Goshen College provides grants to match assistance given by the student's congregation or conference aid plan. The Church Aid Matching Grant will be awarded in addition to other scholarships, grants or discounts for which the student is eligible. This program is available to any student, regardless of religious denomination. The Church Aid Matching Grant will apply dollar-for-dollar to the first \$1,000, and beyond that on a 1:4 ratio. Congregational or conference representatives must notify the college by March 1, providing the amount of aid commitment and the name of each recipient. The match is pro-rated for part-time enrollment.

#### **Tuition discounts**

#### Related Mennonite institution discounts

Dependents of a faculty or staff member from schools of the Mennonite Secondary Education Council, Mennonite Elementary Education Council, Anabaptist Mennonite Biblical Seminary, Eastern Mennonite Seminary or College Mennonite Church are eligible for a tuition discount up to 25 percent. Dependents of faculty and staff from these institutions who are employed less than full-time receive a pro-rata share of the 25 percent discount, based on the percentage of the parent's employment.

#### Mennonite Colleges tuition discount reciprocity

Dependents of faculty and staff members from the following schools in the Council of Mennonite Colleges are eligible for a 50 percent tuition discount: Bethel College (Kan.), Bluffton University, Eastern Mennonite University, Hesston College, Tabor College, and Fresno Pacific University. Dependents of faculty and staff who are employed less than full-time receive a pro-rata share of the 50 percent discount, based on the percentage of the parent's employment.

## Financial aid policies

#### Limits on Goshen College aid

Goshen College institutional dollars are available to students who have not achieved a bachelor's degree. Students may apply or audition for any number of awards, but each student may receive a maximum of two total awards from the lists below.

Academic scholarship (limit of one):

- · President's Leadership Award
- Menno Simons, Yoder, Grebel, or Kratz Honors
- Goshen Achievement
- Transfer High Honors, Transfer Honors, Hesston Honors, or Academic Honors

#### Additional awards:

- · Athletic Awards
- Gorsline Business. Communication or Theater Scholarships
- Swallen or Lord's Trust Scholarships
- Music Department Scholarships (Music Excellence or Achievement Awards)
- · Tuition Discount Benefit

Per college policies, the total gift aid from Goshen College sources cannot exceed the cost of tuition. Aid from all sources cannot exceed the combined cost of attendance.

#### Grounds for termination of financial aid

*Financial:* Accounts from previous enrollment must be paid in full to retain financial aid assistance. Federal aid received for one year cannot be used to pay an outstanding bill from the previous year.

Behavioral: Financial aid recipients must agree to maintain support of the community life standards of Goshen College. Federal aid is terminated upon conviction of possession or sale of illegal drugs.

Withdrawal of enrollment: Any financial aid held by a student who withdraws either voluntarily or by request will be adjusted according to federal and institutional refund policies found at goshen.edu/financial-aid/refund-policy. Any loan or open account will become due and payable.

Academic: Financial aid recipients must maintain Satisfactory Academic Progress, explained below.

#### Satisfactory Academic Progress

Financial aid recipients must show sufficient academic progress toward completing degree objectives within a reasonable time period (with exceptions granted for remedial work or other unusual circumstances). Failure to make normal progress will cause ineligibility in federal, state and institutional programs. The appeals committee hears appeals from those failing to meet minimum satisfactory academic progress. To continue receiving financial aid a student must

- have a minimum GPA of 1.50 in the first year (12-29 credit hours earned)
- have a minimum GPA of 2.00 after earning 30 or more credit hours
- maintain a minimum pace of 67 percent: pass at least 67 percent of credit hours attempted (including transfer credits accepted from other schools)
- complete at least 12 credit hours in each full-time semester.

Any student not meeting these standards for GPA, pace, or hours completed is placed on financial aid warning for the next semester. While on financial aid warning, the student will be expected to either increase GPA to the required level or complete sufficient credit hours to have at least 24 hours in the two previous consecutive semesters (including May term) and ensure their cumulative pace is above 67 percent. If these conditions are not met by the end of the semester, the student is subject to financial aid disqualification.

A short appeal period is provided during which the student can file a written appeal with the Appeals Committee, which takes final action. If the appeal is approved, the student is placed on financial aid probation with an academic plan. The academic plan will include specific criteria to ensure that the student is able to meet satisfactory academic progress standards by a specific point in time. It is possible that the student would be asked to take a battery of tests from a qualified mental health professional. These tests would examine academic potential, any learning problems present, and emotional or social problems that could affect the student's progress. In an effort to work with identified problems, the student may be asked to contract with support persons such as counselors or professors.

For students who do not appeal or for whom the appeal is not granted, disqualification will ensue. Disqualification lasts two semesters and the student may apply for readmission after that time. The first 12 hours of attendance after disqualification will be at the student's expense, with no financial aid. Further eligibility for financial aid is dependent on maintaining satisfactory academic progress. In no case may a student receive federal financial assistance after having attempted 150 percent of the published length of program for a full-time student, i.e., a maximum of 180 attempted credit hours for programs that require 120 hours for completion.

#### Repeating a course

For financial aid purposes, a student may repeat a failed course as many times as needed until passed. A previously passed course may only be repeated once if the student wishes to receive financial aid for that course. This includes courses where a higher grade is required for the major.

An integrated, complementary process for academic warning, probation and disqualification follows similar guidelines. See the academic policies and requirements section of this catalog for further details.

## Procedures for applying for financial aid

Early and orderly planning is important for receiving financial assistance.

- Apply for admission; a student must be admitted to the college before an
  official financial aid offer can be made.
- 2. Annually complete the Goshen College Financial Aid Application form before March 1. (For first-year and transfer students, the financial aid application is combined with the application for admission.)
- 3. Submit a Free Application for Federal Student Aid (FAFSA) by the March 10 priority deadline. The FAFSA may also be used to apply for the Pell Grant program and the Indiana Higher Education Award and Freedom of Choice Award. The FAFSA may be obtained online at www.fafsa.gov. Students should specify 001799 as the code number for Goshen College in the appropriate section of the FAFSA.
- 4. Investigate other sources of financial aid: high school, church, community service clubs, industry or vocational rehabilitation.
- The Financial Aid Office typically begins awarding incoming students in March. Upon receiving a financial aid package, the student should review the award and respond to the guidelines stated in the financial aid letter.
- 6. Continuing students must reapply for financial aid each academic year. Aid usually continues at substantially the same level each year unless the family's resources or the student's status change. All enrolled students receiving aid automatically receive information about applying for renewal awards. Award letters will be sent beginning in early April.

#### Canadian students

Canadian students are eligible for institutional grants and scholarships listed above. To apply for need-based financial assistance, students should request the Canadian Student Financial Aid Form. Students should also consider sources of aid in their home province.

#### International students

Grants are available to qualified international students. These grants cover part of the cost of tuition. International students may apply for aid as a part of the admission process. To be considered, a completed application along with all supporting documents must be submitted. Students who have previously received a bachelor's degree will not be eligible for financial assistance.

#### Students in non-traditional programs

Students in all non-traditional programs at Goshen College, through the Office of Graduate and Continuing Studies, are eligible for federal, state and veteran's benefits. Goshen College aid is limited to tuition discounts for employees and spouses.

## **Financial information**

## Expenses and fees for 2015-16

## **Traditional Undergraduate Program**

		Fall	Spring	May Term	Total
	Full-time tuition (12-16 hours	) \$15,450	\$15,450	Inc <sup>1</sup>	\$30,900
	Room (residence halls) <sup>2</sup>	\$2,700	\$2,700	Inc <sup>1</sup>	\$5,400
	Board (full board) <sup>3</sup>	\$2,300	\$2,300	Inc <sup>1</sup>	\$4,600
	Totals	\$20,450	\$20,450		\$40,900
Fall or Spring SST					\$20,450
Summer SST (full	time student both fall and spri	ing semes	ters)		\$16,390
Summer SST (full time student fall <b>OR</b> spring semester) \$18,420					
Summer SST (not	registered as a full time stude	ent either s	semestei	·)	\$20,450

There will be an extra cost for Peru and Cambodia SST units.

<sup>1</sup>No additional cost for May term for students who are registered full-time, living on-campus, and with a meal plan at Goshen College in both fall and spring semesters. All others, including Brethren College Abroad students and those who were in off-campus courses through other agencies, pay the charges listed below for May term. Additional costs for May term meals may apply if student was not in full board both fall and spring. Students at Merry Lea must pay for meals separately.

	Tuition Room	Board (full)	Total
May Term only	\$3,060 \$530	\$470	\$4,060
May Term (if attended full-time either fall or spring,	\$1,530 \$265	\$235	\$2,030
but not both)			

<sup>&</sup>lt;sup>2</sup> Kratz, Miller, Yoder residence halls - \$2,700/semester

(Double room used as a single is \$750 additional per semester.)

Kulp junior/senior floors - \$2,525/semester for a single or shared double room

(Super single room is \$250 additional per semester.)

Small group housing, Coffman suites- \$2,960/semester

Individual apartment complex units - \$3,220/semester

(Apartments operating one below capacity are additional \$500 per resident. Students sharing a single room receive a \$500 discount.)

14 meals per week at \$2,175/semester, 80 meals per semester at \$1,190/semester, 45 meals per semester at \$690/semester.

Add the following estimates to the above fixed costs: books and supplies - \$1,050; personal expenses (i.e., health insurance, recreation, laundry, pocket money, etc.) - \$1,400; transportation - \$900. Note that laundry and HD cable TV/internet access costs are already incurred in room fees.

#### Other tuition rates for traditional undergraduate program

other tallion rates for traditional analoguatate program	
Part-time fall and spring enrollment charges (applied music surcharge additional)	
One-to-eleven credit hours (and May term part time) (per credit hour) \$1290	0
Extra hours above 16 (per credit hour)\$770	0

Independent study, per credit hour (tutoring)\$1,290	0

<sup>&</sup>lt;sup>3</sup>Other meal plan options –

Independent study, per credit hour (readings)	\$770
Summer session: (each 3-4 credit hour course)\$	
Summer online courses: (per credit hour)	\$375
Other surcharges and special fees	
Applied music surcharge (students enrolled for six or more hours)	\$380
Applied music surcharge for 1 credit during May term	\$190
Applied drama surcharge	\$210
Audit fee, per hour	\$225
	\$200
Credit for experience per hour	\$220
Early enrollment tuition, per credit hour	
Dual enrollment tuition, per credit hour	. \$75
Examination out of schedule	\$40
Late arrival for check-in	
Late payment (payment received after due date)	\$75
Transcripts of credit (Transcripts are released only after all accounts are paid in full)	\$6

#### Standard payment plans

Final payment due dates

- Fall Term August 6, 2015
- Spring Term December 3, 2015
- May Term & Summer SST- April 26, 2016 (first day of classes)
- Summer Session V- April 26, 2016 (first day of classes)
- Summer Session VI- June 13, 2016 (first day of classes)

**Plan #1 Payment in full:** Any payment not received by the due date is subject to the \$75 late payment penalty. For more information on payment methods, including online payments, visit www.goshen.edu/accounting.

Plan #2 NeInet Payment Plan (0% interest): Contracts may be arranged with NeInet for a low-cost monthly payment program to extend throughout the year. The cost of the annual plan is \$45. There are no interest charges. For additional information, please contact the accounting office or visit www.goshen.edu/accounting.

In special situations, an individualized payment plan can be arranged directly with the college for a \$100 fee. Outstanding balances after 30 days are subject to 12% annual interest charges. To avoid a \$75 late payment fee, enroll in one of the payment plans by the final payment due date. Your payment confirms your course registration. In order to guarantee your seat in class, full payment of any balances due must be completed by the due dates listed above. All applications for Financial Aid must be submitted **two weeks prior** to the payment due date.

Only one paper copy of the semester tuition bill will be mailed to the student's home address. Additional updates on charges for changes in course registration, meals and housing will be available for viewing on MyGC under student account information. The student is responsible to provide updated account information to any person(s) making payments on the student's account.

Tuition, fees, expenses and payment due dates can be found on links from the accounting office web page (www.goshen.edu/accounting). This information, along with the financial aid information received in the Financial Aid award letter can be used to determine payment requirements. Student account information, including estimated billings, can be found on MyGC. Please use this information to plan adequately and meet payment requirements for the current school year.

Note: Interest of 12% annually (1% per month) will be levied against charges unpaid 30 days after statements are issued. At our discretion, delinquent accounts will be sent to a

collection agency any time after the account is past due. All collection costs assessed are the responsibility of the student and added to the balance due.

Office of Graduate and Continuing Studies  Bachelor of Science - Business administration (per credit hour)	\$445

#### Refund Policy

The following tuition refund procedures apply to students who withdraw or are dismissed from the institution, change status from full time to part time, or reduce hours as a part-time student. Room and board refund rates apply to students who withdraw, are dismissed, or change from resident to commuter status.

#### Refund procedures

Voluntary withdrawal: Students who withdraw completely from the college initiate the process by contacting the Student Life Office. The associate dean of students will direct the withdrawal process including official notification of the academic adviser, registrar, resident director (if residence-hall student), food services contract, accounting office and student financial aid office. Students who only reduce their hours of enrollment must contact their academic adviser and the registrar.

*Involuntary withdrawal:* The registrar's office establishes the last date of attendance for students who stop attending classes without following withdrawal procedures. The registrar's office contacts professors, the student's adviser and residence life personnel to document the last date of attendance.

Final settlement of financial aspects of the withdrawal process can take several weeks. A day-by-day refund schedule is posted in the accounting office and at www.goshen.edu/financialaid/refund. The refund percentage for the rest of the semester follows the federal regulations for refunding financial aid. There is no refund after the last day to withdraw with a "W" which is when 60 percent of the semester is completed.

Room and board refund rates, following day one of a given term, are prorated daily until the last date to withdraw with a "W." No refunds are given after the "W" date.

Refund rates for students enrolled in the May term **only** are the same as those listed above, but the 100-percent refund rate applies only to days 1 and 2 (drop/add period).

A student financial aid recipient will have earned aid according to the formula listed above. Exceptions are during the 100 percent refund period, where no aid is earned since no costs are incurred. The full formula for determining the amount of Title IV federal aid that is earned, and how unearned portions are returned to the federal programs is outlined in CFR 668.22. Institutional aid earned is calculated according to the same procedures, with the exception that any credit left on the student's account after the refund listed above will first pay back any current year loan owed to Goshen College.

#### Withdrawal and refund policy for reservists called to active duty

Any student called to active duty in the U.S. military may withdraw from courses up until the last day of the semester. If the withdrawal comes during the first nine weeks of the semester, normal withdrawal and refund policies take effect. If departure comes after the ninth week, the student has the option of withdrawal "W" or incomplete "I" grades in registered courses. Options should be discussed with and approved by the course instructor(s). If course withdrawal "W" is pursued, tuition and fees will be refunded on a prorated basis. The official date of withdrawal will be used to calculate the refund. Students receiving financial aid will be subject to refund policies as provided for by the agencies sponsoring the aid. Reservists called to active duty who wish to withdraw from courses must provide the Registrar with a copy of their orders.

# Academic policies and requirements

#### Academic calendar

The traditional school year at Goshen College consists of two semesters and a May term. There is no charge for on-campus May term classes if students are full time in both fall and spring semesters. Commencement is scheduled between spring semester and May term. Summer SST units leave at the beginning of May term.

## **Degrees offered**

The Bachelor of Arts is the primary degree awarded by Goshen College. The program that leads to this degree includes Goshen Core requirements, a major, and electives that can also be used for a second major, one or more minors or to complete professional programs in elementary or secondary education and social work.

The Bachelor of Science in Nursing is a professional degree which includes Goshen Core requirements, supporting courses, and professional nursing study. Graduates must successfully complete the National Council Licensure Examination - RN (NCLEX-RN) to become a registered nurse. Graduates of associate degree programs in nursing are welcome to enter and pursue a modified program to earn a B.S.N. at Goshen College.

A Bachelor of Science degree in Organizational Leadership is designed for adult students who have completed two or more years of college. Accelerated programs leading to a B.S. degree in Business Administration or B.S. degree in Social Work are offered as well. Classes are held in the evening and online and accommodate adult needs in both content and learning style. See more details in the Office of Graduate and Continuing Studies section of this catalog and also online.

Four graduate degrees are offered:

- Master of Science in Nursing, Family Practitioner or Clinical Nurse Leader
- Master of Arts in Environmental Education
- · Master of Arts in Intercultural Leadership
- · Master of Business Administration

The M.B.A. program is offered in collaboration with Bluffton University and Eastern Mennonite University. A separate graduate course catalog is available online and also from the Office of Graduate and Continuing Studies. See goshen.edu/catalog/.

## **Majors and minors**

The major is a specified concentration of courses in a department, in addition to designated courses in related departments, which develop expertise in the concepts and skills of a discipline. Many majors offer specialized concentrations, which allow students to tailor a program to their personal interests. Each major includes a departmental or interdisciplinary seminar at the senior level and most include an internship. Majors range in size from 35 credit hours to 61 or more in professional programs. Minors supplement the major, often emphasizing an interdisciplinary approach or vocational skill. Typical minors require 18-20 credit hours of study.

Details on required courses and sequences for each major and minor appear in alphabetical order in the academic programs section of the catalog. Handbooks on

professional programs such as nursing or education are available online and in the appropriate departmental offices.

#### Declaring a major or minor

Students who wish to declare a major or minor should meet first with their academic advisor, then notify the registrar's office of their intent.

#### 39 majors available in the traditional program

## **Graduation requirements**

#### 1. Total credit hours

The minimum total credit hours for each bachelor of arts and bachelor of science degree is 120 credit hours, with the exception of the elementary education, elementary/special education and elementary/English learners education majors, which require 124 credit hours.

#### 2. Goshen Core

Goshen Core requirements must be completed as listed in the catalog that is current at the date of matriculation. New students may use IB, AP, dual credit and transfer courses to meet Goshen Core requirements. However, after initial enrollment, students who wish to use courses from another institution to meet Core requirements must petition the Goshen Core Curriculum Committee and have their transfer course approved before taking such a course. Petition forms are available on the registrar's web site. Students who transfer to Goshen College with a completed associate degree have a reduced Core requirement (see the Goshen Core section of this catalog). Students who are earning a second bachelor's degree have their Core genederal education requirements waived.

### CORE courses that meet multiple requirements:

Perspectives courses in the Goshen Core may also count toward a student's major or minor, with the exception of Goshen Seminar courses, which may not be counted toward a major or minor.

#### 3. Major

A defined major or interdisciplinary major must be completed. At least 12 upper-level credit hours (300-499) are required in the major. At least six upper-level credit hours in the major must be completed at Goshen College.

#### Internship credit expectations:

From 40 to 60 clock hours of experience will be expected for one hour of credit earned in departmental internships completed during the academic year. See credit by experience information for policies governing credit earned outside the semester calendar.

#### Double major policy for senior seminars and internships:

Students with a double major are required to complete only one senior seminar and one internship. However, since seminar and internship credit counts toward the total number of credit hours required for a major, other courses must be substituted in order to reach the total required number of credit hours for the second major. NOTE: students with a double major in a combination of biological sciences, chemistry, or physics need to take only one senior seminar and are not required to substitute another course for the senior seminar in the other major.

#### 4. Minor (optional)

A minor supplements the major, often emphasizing a special interest, an interdisciplinary approach or vocational skill. Minors consist of 18-20 credit hours, with at least eight credit hours of upper-level study (300 and above). At least three credits in the minor must be completed at Goshen College.

#### Double-counting courses in more than one major or minor:

Some double major or major-minor combinations are not possible because of significant overlap in program requirements. See details in individual program descriptions.

### Two majors

A course may be counted in two majors only if it is specifically required in both majors.

#### Two minors

A course may be counted in two minors only if it is specifically required in both minors.

### Major and minor

A course may be counted in both a major and a minor if it is specifically required in both programs. Courses in the minor may also be counted toward "related" or "elective" courses within a major, with permission of academic advisors for both the major and the minor.

#### 5. Grade point average

A minimum 2.00 grade point average (GPA) for all work at Goshen College is required for graduation. Some specific majors require a GPA of 2.50 or 2.70.

#### 6. Minimum credits of coursework at Goshen College

At least 30 credit hours of course work must be completed at Goshen College.

#### 7. Senior credit requirement

Of the minimum 30 credit hours taken at Goshen College, at least 24 must be completed in the senior year (after achieving 90 credit hours). Exceptions are made for certain professional curricula where the fourth year is spent at another institution and for students in degree completion programs through the Office of Graduate and Continuing Studies.

#### 8. Limit of credit hours in one department

No more than 45 credit hours in one department can count toward the minimum hours required for the degree. In other words, at least 75 credit hours must be completed outside the department of the major. All interpretations of requirements should be checked with the registrar.

#### 9. Convocation/chapel attendance

Posted attendance requirements must be met. Current attendance policies are distributed to students annually and available at the chapel website.

#### 10. Full financial settlement

Diplomas and transcripts are released only after the student's financial obligations to Goshen College have been met.

## Special degree conditions

#### **Credit limitations**

- Technical education A maximum of 12 hours of credit may be accepted for technical or skills-oriented courses from vocational training programs in technical schools, community colleges, or Bible institutes.
- Credit for internships A maximum of 12 credit hours of experience-based internship credit can be counted for the bachelor degree.

#### Seven-year window to complete graduation requirements

Students have seven years to meet the graduation requirements outlined in the catalog for the year of matriculation at Goshen College (or Hesston College) unless those requirements have been changed later by faculty actions that are to be applied retroactively. The time period is adjusted proportionally for transfer students. Students who do not finish their degree program within seven years will be subject to the graduation requirements currently in force. However, a student who, in spite of a period of absence, can graduate not more than seven years after first matriculation (or an

appropriate share of this time, in the case of a transfer student), may elect the requirements in force on the date either of the first matriculation or of readmission.

#### Application for graduation required

Candidates for degrees must apply for graduation no later than the beginning of the semester in which the degree is to be awarded. Application forms are available online. One commencement ceremony is held each year in spring. May, August and December graduates are eligible to participate.

## Advising and registration

Following admission for study in a particular semester, all new students participate in course registration as described below.

## Registration procedures

Registration for each semester begins with course selection, which involves consultation with a faculty advisor, followed by online course selection. Registration must be confirmed at the final check in just before classes begin at the start of each semester. Fall check in includes housing confirmation, financial aid processing, proof of insurance, ID cards, auto registration and other items. Spring check-in is done online. Fees must be paid prior to check-in by the published due date. Part-time students and late applicants complete both course selection and check-in on the first day of the semester.

#### Fall semester

Continuing students select courses in March and April. New students participate in special orientation/registration days scheduled in May and June or register via telephone or email. Final course selection and registration for all students is held the first days of the semester, as is course selection for late enrolling students. In-person Final Check-in is required the Monday after New Student Days. Classes begin the next day on the first Tuesday of fall semester.

#### Spring semester/May term

Students on campus select courses in November. New students complete course selection in December or on the first day of the semester. Final check-in for all students is online and classes begin on the first Wednesday of spring semester.

#### Academic advising

First-semester first-year students are assigned to Core 100 Identity, Culture and Community (ICC) professors as their academic advisors. Those who are ready to declare a major at the mid-point of the first semester are then assigned to advisors in their academic departments. All others will remain with their ICC professor as advisor until they declare majors.

During academic advising periods at the end of fall and spring semesters, all students are asked to consult with their academic advisors, but contact is not limited to these days. Faculty advisors are prepared to assist with a range of questions – career goals, graduate school, choice of major, course selection and general adjustment to college. Some departments and professional programs also conduct group information or advising sessions for interested students.

Students share responsibility with the faculty advisor for planning their college program, including course selection, and for becoming acquainted with requirements through reading printed and online materials and attending departmental meetings. Questions about the advising program should be addressed to the registrar.

## Competency and placement testing

New students may establish competency for a Goshen Core requirement in foreign language by taking a competency test on campus, offered during summer pre-registration and at the beginning of each semester. Spanish, French, German and

Chinese languages are available. Students entering without an ACT or SAT score in mathematics may establish competence in Quantitative Literacy by taking a test offered during New Student Days each semester. See the registrar's office webpage for complete information on competency and placement testing.

## Changes in registration (Drop and Add)

Students may make online changes to their course schedules during designated "open registration" times. Students may add new courses and change grading plans only during the first six days of classes in the fall and spring semesters and the first two days of the May term and summer sessions. Courses formally dropped before the end of the sixth day of classes do not appear on a student's permanent record. Courses dropped during the second to ninth weeks will appear on the permanent record with a W grade (withdrawal). Courses dropped after the ninth week are recorded F (failing) or NC (no credit). Students may make changes in depth-credit registration (see below) during the first 12 weeks of the fall and spring semesters.

Course changes after the times specified above are permitted for health reasons only and must be approved by the dean of students.

#### Hours and course load

The usual academic load during the fall and spring semester is 12-16 credit hours. To discourage fragmentation of the student's time and allow more concentrated study in each course, the maximum load permitted in any semester is 16 credit hours. Exceptions to this policy are possible with approval from the registrar. Extra tuition is charged for hours beyond 16.

## **Depth credits**

Depth credit is offered in some courses to encourage individual study. Sophomore, junior and senior students may register during the first 12 weeks of the semester for an extra credit hour in one or two such courses each semester. Registration for depth credit requires approval from the professor and must be conducted in person in the registrar's office.

## **Auditing courses**

Students are invited to enrich their education by auditing courses on a space-available basis. Auditors may participate in a class, but are normally not required to complete assignments and tests. Classes that emphasize knowledge expansion rather than skill-building are most appropriate for auditing. To register, obtain an audit form in the registrar's office and secure the instructor's signature. A per-hour fee is charged for part-time students. There is no fee for full-time students. No attendance or achievement records are kept for auditors. Audited courses are not available for later credit by examination or examination to establish competency.

## Northern Indiana Consortium for Education (NICE)

Goshen College is a member of the Northern Indiana Consortium for Education, along with Bethel College, Indiana University South Bend, Purdue University South Bend, Holy Cross College, Saint Mary's College and Ivy Tech Community College in South Bend. Through this consortium, Goshen College students may cross-register for courses offered at another member institution. Registration is on a space-available basis. The home school records the registration, and home-school fees are charged. Summer and online courses are not eligible for cross-registration. See the registrar for registration procedures.

## College credits earned during high school

For all college-credit programs based in high schools, credit may be counted toward Goshen Core or major and minor requirements. Individual academic departments will determine the exact placement or equivalent in departmental courses.

#### **Advanced Placement**

Goshen College awards credit for Advanced Placement exam scores of three or higher; however, to meet a Goshen Core requirement, the score must be four or five. See the registrar's website for course equivalencies and faculty member contacts.

#### International Baccalaureate

Goshen College recognizes International Baccalaureate courses and grants credit for scores of five or higher in both the Higher Level and Standard Level courses. IB credits may be counted toward Goshen Core requirements, major or minor requirements, or electives. A maximum of 30 credit hours is granted. See the registrar's web page for equivalencies in Goshen College courses.

#### **Dual Credit and Early College**

College credits earned through courses taught at a high school site are posted upon receipt of official transcripts from the credit-granting college or university, provided that grades are "C" or higher. Other Goshen College policies governing transfer credit also apply. See the Admission section of the course catalog.

### Special courses by request

#### Directed study

On rare occasions and in order to accommodate student need, professors may allow a student to take a regular course during a term when the course is not publicly offered. The consenting professor must make a request to the registrar for course creation and student registration. The course is added to the student's semester course load. The professor and student work out the details of how the course will be conducted.

#### One-time course

A special course may be offered to students who propose and agree to enroll in it, provided a faculty member agrees to teach it. Off-campus courses and all courses not listed in the catalog need approval by the academic affairs committee. In some cases, courses may be offered during the summer or during the May term. The course title and description will be kept as a permanent record by the college. An advance deposit will be required from all students agreeing to enroll.

## Special registration options

Courses and special credits are available by independent study, credit by experience, and credit by examination. Since these options are not part of registration for any semester, students may register for them at any time in the registrar's office. A special fee is always charged, payable at the time of registration, and financial aid does not apply.

#### Independent study

To develop more curricular flexibility, Goshen College invites students to register for independent study. Students have one year from the date of registration to complete independent study courses. For special circumstances, the professor may request one extension with a specific completion date, generally not to exceed three months. There are two primary reasons why students may wish to take independent study:

### Regular courses at special time

An academic program may require that a student take a course not offered during a given semester. In some cases it is possible to take such a course by independent study, under the direction of a faculty member. To register for such a course, the student obtains a form from the registrar. The instructor indicates approval on the form, which the student then returns to the registrar's office. Students may register for independent study at any time during the year. All independent study is charged at one of two special rates: (1) Tutorial, which assumes equal amount of professor contact hours as when the course is normally offered, or (2) Readings, which assumes about one-fifth the normal contact hours. Payment must be made at the time of registration.

#### Goshen College Catalog 2015-2016

#### Special independent courses

A student may wish to engage in an independent-study project in an area not covered by the regular curriculum, especially during the summer, when full time can be devoted to the project. The study may occur at the Goshen campus or at any appropriate location. To take a special independent course, the student makes an initial proposal to the faculty member under whom the project would be conducted. If the faculty member approves, the student submits a more detailed proposal in writing. Next, the registrar must approve this proposal, then the student registers for the course and pays the usual fee for independent study at the point of registration.

#### Credit for learning based on work and/or experience

Students may seek college credit for learning acquired through significant experiences in work, travel and service assignments, provided that the area of study is educationally valid and is compatible with college academic programs. The learning experience should involve both thorough preparation and systematic reflection on the importance of what has been learned. Contact with a faculty member before, during and after the experience is crucial for planning and evaluating readings, journals, portfolios and other materials. Registration must precede the actual experience, and payment in full is required to validate the contract.

From 80-to-120 hours of experience will be expected for one hour of credit. A maximum of 12 hours of experience-based credit can be counted for a bachelor's degree. Students have two years from the date of registration to complete credit by experience contracts. For special circumstances, the professor may request one extension with a specific completion date, generally not to exceed three months.

#### Credit by examination

Credit is granted for acceptable test results under three programs – College Level Examination Program (CLEP) and DANTES Program, both administered by Educational Testing Services, Princeton, N.J., and examinations created and administered by Goshen College instructors. Any student may take these examinations and credit may be earned unless it duplicates previous college credit. CLEP and DANTES tests are administered at least monthly at several hundred centers in the United States, including Goshen College. In all cases, special registration and payment is required prior to the testing. Credit policies for CLEP examinations are posted at www.goshen.edu/registrar. Credit earned through testing that is intended to meet major and minor requirements is subject to the normal credit by examination fee, in addition to normal CLEP or DANTES fees. Contact the registrar for details.

#### Credit for prior learning

The Graduate and Continuing Studies department offers undergraduate adult degree completion students the opportunity to submit a portfolio documenting collegiate level learning for evaluation by a faculty member for possible granting of credit for prior learning. No more than 30 credit hours may be earned in this manner. Degree completion students should contact the Graduate and Continuing Studies office for more information.

## **Grading and evaluation**

Goshen's system of evaluation offers a standard (letter) grading system and a limited option system (CR/NC). The student chooses at registration whether courses will be selected for the option system.

#### Standard system

#### A Excellent

- A 4.0 quality points
- A- 3.7 quality points

#### B Very Good

B+ 3.3 quality pointsB 3.0 quality pointsB- 2.7 quality points

### C Satisfactory

C+ 2.3 quality points C 2.0 quality points C- 1.7 quality points

### D Unsatisfactory, but Passing

D+ 1.3 quality points
D 1.0 quality points

## F Failing

F 0 quality points

FW 0 quality points, issued for non-attendance

#### NR Grade not reported (temporary grade)

I Incomplete (temporary grade)

W Withdrew during 2nd -9th week, no evaluation made

#### Option system

Selected by the student for a maximum of 12 credit hours in the entire college program (prorated for transfer students) or by the instructor/department for certain courses. Students may not select the Credit/No Credit option for courses in the Goshen Core curriculum, including International Education, nor for courses in a student's major or minor, unless courses are designated with this grading option by the academic department. The student chooses at registration whether courses will be selected for the Credit/No Credit option system.

#### CR Passing work of C level or better; no grade point value

#### NC No credit: equivalent to C- level or lower; no grade point value

Written evaluation paragraphs may be requested in option-system courses and selected courses in the major. Sometimes an instructor will choose to submit written evaluations for all students in a course.

#### Changes in grade plan

Changes in the grading plan are possible only in the first week of each semester (two days in May term). Under CR/NC, letter grades cannot be granted, but students may ask for a more extensive written evaluation of their work in a given class for up to five years after graduation.

#### Incomplete grades

A grade of I (incomplete) may be given at the instructor's discretion for medical emergencies or circumstances beyond the student's control. Students must be earning a passing grade at the time of the request for an I grade. It is to be given rarely and not to accommodate the student who, through carelessness or poor planning, does not complete course work in the given time. The student will work with the instructor to establish a plan for completion of the course. If a final grade is not submitted by the end of the spring semester (for fall) or the beginning of fall semester (for spring or May terms), an F or NC will be recorded. The new grade is used to compute the grade point average, but the I remains on the student's permanent record.

#### **Evaluations rather than letter grades**

The objectives of certain courses can best be met by special grading conditions. The academic dean can approve such courses, and they will be so marked on the official semester course offerings. Some courses have continuing approval to be offered in such

#### Goshen College Catalog 2015-2016

a manner, e.g., student teaching and field-experience courses. Evaluations submitted for such courses become part of the permanent academic record, available with transcripts.

#### **Grade reporting**

An examination period is scheduled at the close of each course. Grade reports are available online to the student within one week of the close of each semester. Grade reports will also be sent to the parents at the request of the student.

#### Grade point average

A cumulative grade point average (GPA) for standard-system courses is posted on the student's record at the end of each semester. Only courses completed at Goshen College (and Hesston College) are factored into the cumulative grade point average. For graduation, a minimum 2.00 GPA is required. Some majors require a cumulative GPA of 2.50 or 2.70. Courses may be repeated multiple times in an attempt to earn a higher grade. The previous attempt(s) will be specially marked on the transcript and only the final attempt will count in the grade point average (GPA) and in the total credit calculation. If the grade on the final attempt is W, then the previous grade will be used in these calculations. Federal financial aid will cover only one repeat of a course previously passed. See the student financial aid office for details.

#### Latin honors

Academic honors are awarded to traditional baccalaureate degree graduates who have earned a cumulative grade point average of 3.6 or above (A = 4.0) and with no grade lower than a C at Goshen College. To qualify for graduation honors, a student must have completed at least 48 graded semester hours at Goshen College. Academic Honors indicated in the commencement program are reflective of fall semester grades and are subject to change with the addition of spring, May term and summer grades. Academic honors are also awarded to graduates who have earned a cumulative grade point average of 3.6 or above, with no grade lower than a C, while pursuing a degree in a degree completion or accelerated bachelor's program offered by the Office of Graduate and Continuing Studies. To qualify for graduation honors, degree completion students must have completed at least 40 graded semester hours at Goshen College. Academic Honors indicated in the commencement program are reflective of fall semester grades and are subject to change with the addition of spring, May term and summer grades.

٠	Summa Cum Laude	
•	Magna Cum Laude	
•	Cum Laude	3.60-3.79 GPA (with honor)

## Dean's list

The Dean's list is published after the fall and spring semesters. Students who have earned a semester GPA of 3.75 or higher on at least 12 credit hours of course work for a letter grade and who have no grades of incomplete (I) will be named to the list. Students may decline having their names published, if they so desire, by informing the registrar.

## Other academic policies

## Official transcripts

Official transcripts of a student's academic record will be released upon written authorization of the student, accompanied by identification information. To assure that the student has complete control over this confidential information, all requests by other individuals will be refused.

Goshen College has partnered with Parchment Exchange to provide a secure, electronic way to request and send transcripts. Transcripts can be sent in either electronic or hardcopy format. The fee is \$6 per copy. A transcript will be issued only if all financial obligations have been settled with Goshen College. See the registrar's webpage for instructions.

#### Classification

Students enrolled for 12 to 16 credit hours are considered full time; those enrolled for one to 11 credit hours are considered part time. All students are classified each semester as freshman, sophomore, junior or senior according to the following scale, based on total hours at the beginning of the semester:

Freshman	Sophomore	Junior	Senior
0-29	30-59	60-89	90 or more

## Attendance regulations

Regular attendance at class is expected; the instructor will announce specific requirements for each course. Absences and completion of missed class work are issues for the instructor and student to resolve. When a class field trip results in absence, the professor is responsible to notify other instructors via the online Faculty-Staff Bulletin.

#### Credits

A unit of academic credit is awarded to a student after successfully completing an approved academic course, or by demonstrating competency or proficiency, or by fulfilling learning outcomes equivalent to those provided by an approved academic course.

Historically, a unit of academic credit is the measure of the total time commitment an average students is expected to devote to learning per week of study. Generally, one unit of credit represents a total of three hours per week of in-calss and out-of-class work (a Carnegie Unit of Credit). In this context, an hour is defined as 50 minutes. Goshen College guidelines for the academic calendar require a 3-credit lecture class to meet for a minimum of 2,100 minutes, including the final examination period. Non-traditional delivery methods require determining a unit of undergraduate credit with alternate means not based on time. Courses with non-traditional delivery methods shall assess students' demonstration of competency or proficciency or fulfillment of learning outcomes to insure that learning outcomes are equivalent to traditionally delivered courses.

Regardless of the method of determining a unit of academic credit, the quality of student learning must be the primary concern of all Goshen College faculty members. Quality of learning requires continuous evaluation and assessment of student learning outcomes.

Quality of learning also requires regular student attendance and/or participation to justify awarding a unit of academic credit. Students are expected to attend all planned class sessions and/or participate fully in the various components of online courses. Faculty members are required to report students that cease to attend a face-to-face class and/or cease to participate in an online course via the campus Alerts system or directly to the Registrar's office, noting the date of last attendance/participation. This reporting is necessary for the appropriate administration of federal, state and institutitional financial aid.

The following standards for a unit of academic credit may only be modified by an academic department when necessary to fulfill requirements of an accreditation agency. These standards should be treated as a minimum requirement for a unit of academic credit:

- For traditional delivery methods (fall or spring semester of 14 weeks), one unit of academic credit equals one of the following:
  - 1 hour of lecture or seminar and two hours of study per week
  - 2 hours of laboratory, studio, or similar activities and one hour of study per week
  - 3 hours of laboratory, studio, or similar activities per week
  - 3 hours of supervised independent study per week
  - 40 or more total hours of supervised clinical or fieldwork expeirnces

- For traditional delivery methods other than fall or spring semesters, such as May term and 7-week sessions, total hours shall equal the above guidelines.
- For synchronous delivery methods in 5-week cohort-based adult degree-completion courses, one unit of academic credit equals 1.5 hours of lecture or student/faculty interaction and 3 hours of study per week.
- For asynchronous delivery methods, such as online courses, one unit of academic credit shall be determined by demonstration of competency, demonstration of proficiency, or fulfillment of learning outcomes as judged by the appropriate faculty to be equivalent to a traditionally defined unit of credit.
- 4. For internships, student teaching, clinical practice, community-based learning and similar educational activities which are not under the direct supervision by a Goshen College faculty member, one unit of academic credit is commensurate with the hours involved and quality of the learning experience. Academic credit is awarded when the student fulfills the objectives and/or obtains the required competencies as set by the academic department.
- For supervised research, communication and theater practice, private music lessons, and similar activities, the amount of effort required for one unit of academic credit is determined by the supervising faculty and/or department.
- For the study-service term and travel courses, instruction and student work for the purposes of credit hour computation includes some or all of the following:
  - Course meetings before, during and after the dates of travel
  - · Language instruction and testing
  - Viewing and reading assigned texts
  - Lectures and discussion led by the instructor and guest speakers
  - Museum, clinic, business, government, church, natural world and other site visits
  - Cultural excursions, performances, and lessons
  - Service-learning projects
  - · Home-stays with significant intercultural learning
  - Student journaling for recording observations, reflection, and synthesis
  - · Collaborative and independent projects
  - Oral presentations
  - Electronic portfolio postings of selected work

Consistent with on-campus class expectations in #1 above, a 3-credit travel course requires a total of 105 hours of learning activities and a 14-credit study-service term requires a total of 490 hours of learning activities.

7. Special credit may be awarded to degree-seeking Goshen College students who possess, by previous education or experience, a background in a discipline represented by a Goshen College program. The categories under which students are awarded credit are (1) credit by experience, (2) credit by examination, and (3) credit for prior learning.

## Standards for academic progress

Satisfactory progress depends on maintaining a minimum grade point average (GPA) and earning at least 12 hours of credit each full-time semester. Since graduation requires a 2.00 GPA, these intermediate goals must be met:

- After earning 30 or more credit hours:.................. 2.00 minimum GPA

Any student not meeting these standards for: a) GPA or, b) hours earned, is placed on academic warning for the next semester. While on academic warning, the student will be

expected to either: a) increase GPA to the required level or, b) complete sufficient credit hours to have at least 24 hours in the two consecutive semesters (including May term). If these conditions are not met by the end of the semester (or May term), the student is subject to academic disqualification. Full-time students who pass fewer than five semester hours in any given semester of enrollment are also subject to immediate academic disqualification.

A short appeal period is provided, during which the student can file a written appeal with the Appeals Committee, who takes final action. If the appeal is approved, the student is placed on academic probation with an academic plan. The plan will include specific criteria for the student to ensure that the student is able to meet satisfactory academic progress standards by a specific point in time. It is possible that the student would be asked to take a battery of tests from a qualified mental health professional. These tests would examine academic potential, any learning problems present and emotional or social problems that could affect the student's progress. In an effort to work with identified problems, the student may be asked to contract with support persons such as counselors or professors.

Disqualification lasts two semesters and the student may apply for readmission after that time. The first 12 hours of attendance after disqualification will be at student expense (no financial aid if taken at Goshen College). Further eligibility for financial aid is dependent on maintaining satisfactory academic progress.

An integrated, complementary process for financial aid warning, probation and suspension follows similar guidelines. Students may need to submit related appeal letters to the student financial aid office. See the financial aid section of this catalog for further details.

### Academic grievance policy

This policy seeks to provide a fair and expeditious process that allows for both informal and formal resolution of conflicts. Students of Goshen College who believe that policy has not been followed with respect to academic matters may initiate the academic grievance procedure. Academic matters are those concerned with instructional activities, grading procedures or other incidents related to academic affairs. Students should be aware that clear evidence is needed to contest a grade. Belief that a subject or test was too difficult is not grounds for a complaint. A student must have evidence that specific policy was violated or that he or she was treated in a prejudicial or capricious manner. This policy does not limit Goshen College's right to change rules, policies, or practices.

#### Informal resolution

- A Goshen College student must first contact the faculty member who allegedly violated his/her rights to determine if there can be an informal resolution. The contact should be made by the student within ten business days (Monday-Friday, excluding observed holidays) of when the alleged violation occurred. The student must provide written documentation to the faculty member which includes:
  - · A statement concerning the nature of the complaint
  - · Any evidence on which the complaint is based
  - · The outcome that the student seeks.
- The faculty member will respond in writing within ten business days to the student's written document. The student and faculty member will then meet to determine if an informal resolution can be reached.

#### Formal resolution

 If the student is not satisfied with the outcome of the meeting in #2 above, the student may contact, within five business days, the Department Chair in which the alleged violation of the student's right has occurred to appeal the

- outcome. If the faculty member is the Department Chair, the student may proceed to the designated Associate Academic Dean (Step 4).
- 2. The student must present a written appeal to the Department Chair. The Department Chair and student will meet within five business days after the student's written appeal has been received by the Department Chair. The Department Chair will respond in writing to the student's written appeal within five business days after the meeting. This response will go to both the student and the faculty member.
- 3. If the outcome of this meeting is not satisfactory to the student, he/she may appeal to the designated Associate Academic Dean within five business days after receiving the Department Chair's response in writing. All written documentation up to this point will be sent to the Associate Academic Dean.
- 4. Within five business days of receiving the documentation, the Associate Academic Dean will meet with the student and the faculty member to attempt to arrive at a mutually satisfactory settlement of the disagreement. If the dispute is not resolved to the student's satisfaction, the student may initiate an academic grievance hearing in writing to the Associate Academic Dean.
- 5. Within five business days of receiving a written request for an academic grievance hearing, the Associate Academic Dean will lead an Academic Response Team composed of three neutral faculty members and one student. The Associate Academic Dean will appoint one faculty member from the teaching faculty at large and one faculty member each from lists of three faculty submitted by the student and the faculty member who is involved in the grievance, none of whom shall be members of the academic department of the faculty member who is being disputed. The student will be appointed by the Student Senate.
- 6. The Academic Response Team will review written statements and information supplied by the student and faculty member. Both the student and the faculty member have the right to make a personal appearance before the Academic Response Team. The team may make such further investigation as is deemed appropriate and may seek assistance or information from other personnel. All discussions and submitted written documents will be treated as strictly confidential.
- 7. After this review, the Academic Response Team will make a decision regarding the complaint within five business days. This is considered to be the final step in the academic grievance procedure. The Academic Response Team will issue their decision to the grievant, the faculty member and the Department Chair in writing that will include the relevant findings of fact, conclusions and reasons for the decision.

### Academic integrity

Goshen College expects all students and faculty members to practice academic integrity. Honesty, trust, fairness, respect and responsibility are essential building blocks in creating a vital learning community. They are also the foundation for lifelong integrity.

Academic dishonesty at Goshen College is considered a serious breach of the "Goshen College Commitment to Community Standards." Academic dishonesty is any act that misrepresents academic work or interferes with the academic work of others. It includes:

- Plagiarism (giving the impression that another person's work is your own)
- · Cheating on assignments or exams
- · Falsification of data
- Submission of the same (or substantially the same) paper in more than one course without the prior consent of all instructors concerned

- Depriving others of necessary academic sources
- · Sabotaging another student's work

#### First offense

Faculty members will report incidents of academic dishonesty to the associate academic dean. The associate dean will maintain a record of all first offenses. The faculty member has the right to determine the outcome of a first offense. Responses range from requesting that a student re-do an assignment or exam to failure of the course, depending on the severity of the offense.

#### Second offense

If more than one incident of academic dishonesty occurs, the associate academic dean will convene an Academic Response Team. This group will include two teaching faculty members and two students. The Academic Response Team will determine the appropriate response for repeated violations of academic integrity. Responses could include suspension from the college for one or more semesters or dismissal from the college. The professor who reported the incident will continue to have the right to determine the academic outcome.

## Academic bankruptcy

Academic bankruptcy is designed to assist the once-disqualified student to return to school under reduced handicap. Only selected students may be considered for bankruptcy status; to qualify the student will: a) have earlier been academically disqualified from Goshen, b) not be enrolled in any college study for at least two years, c) submit a written appeal to the Appeals Committee. Academic bankruptcy can be granted only once for a student and results in the entire Goshen College record up to that time being re-evaluated as a transfer record. This means that: a) only courses with grades of C or better will be retained for credit at Goshen; b) the grade point average will be restarted with no computation for former work at Goshen; c) academic bankruptcy will be clearly marked on the academic record. Clear conditions of probation will be stated to fit the individual situation. Fully meeting these conditions and the maintenance of a minimum 2.00 GPA will be required to continue after academic bankruptcy.

## Privacy rights of students

In accordance with the Family Educational Rights and Privacy Act of 1974 (FERPA), post-secondary students enrolled at Goshen College are hereby notified of their rights with respect to their education records. They are:

- 1. The right to inspect and review the student's education records within 45 days of the day the college receives a request for access. Students should submit to the registrar, vice president for student life or other appropriate official, written requests that identify the record(s) they wish to inspect. The college official will make arrangements for access and notify the student of the time and place where the records may be inspected.
- 2. The right to request the amendment of the student's education records that the student believes is inaccurate or misleading. Students may ask the college to amend a record that they believe is inaccurate or misleading. They should write to the college official responsible for the record, clearly identify the part of the record they want changed and specify why it is inaccurate or misleading. If the college decides not to amend the record as requested by the student, the college will notify the student of the decision and advise the student of his or her right to a hearing regarding the request for amendment. Additional information regarding the hearing procedures will be provided to the student when notified of the right to a hearing.

- 3. The right to prohibit disclosure of personally identifiable information contained in the student's education records, except to the extent that FERPA authorizes disclosure without consent.
  One exception that permits disclosure without consent is disclosure to school officials with legitimate educational interests. A school official is a person employed by the college in an administrative, supervisory, academic, research or support staff position (including security personnel); a person or company with whom the college has contracted (such as an attorney, auditor or collection agent); a person serving on the board of directors; or a student serving on an official committee, such as a disciplinary or grievance committee, or assisting another school official in performing his/her tasks. A school official has legitimate educational interest if the official needs to review an education record in order to fulfill his or her professional responsibility.
- The right to file a complaint with the U.S. Department of Education concerning alleged failures by Goshen College to comply with the requirements of FERPA

The name and address of the office that administers FERPA is: Family Policy Compliance Office, U.S. Department of Education, 600 Independence Ave., SW, Washington, DC 20202-4605. FERPA further provides that certain information concerning the student, designated as "directory information," may be released by the College unless the student has informed the college that such information should not be released. "Directory information" includes:

- Name
- · Permanent address
- Local address\*
- · Telephone number\*
- · E-mail address\*
- · ID photo\*
- · Verification of birthdate supplied by inquirer
- · Dates of attendance
- Full- or part-time status
- · Date of graduation and degree received
- · Major field(s) of study
- Classification
- · Participation in officially recognized activities and sports
- · Height and weight of athlete

\*Local address, phone number, e-mail address and student ID photo are available on Goshen College's Web site, but only to people using a computer connected to Goshen College's on-campus network (physically connected to the network or remotely connected with a valid Goshen College username and password.) Goshen College does not provide student e-mail lists to public or private entities.

Any student who desires that any or all of the above listed information not be released may contact the registrar's office or complete the form found at http://www.goshen.edu/registrar/privacy. Questions about this policy may be directed to the registrar or the vice president for student life.

#### Privacy rights of deceased students

FERPA rights of an individual expire with that individual's death. However, it is Goshen College's policy not to release educational records of deceased individuals, unless required to do so by law or authorized to do so by either the executor of the deceased's estate or the deceased's spouse, parents or children. Goshen College may request proof of death.

## Withdrawal and refund policy for reservists called to active duty

Any student called to active duty may withdraw from courses up until the last day of the semester. If the withdrawal comes during the first nine weeks of the semester, normal withdrawal and refund policies take effect. If departure comes after the ninth week, the student has the option of withdrawal "W" or incomplete "I". Options should be discussed with and approved by the course instructor(s). If course withdrawal "W" is pursued, tuition and fees will be refunded on a prorated basis. The official date of withdrawal will be used to calculate the refund. Students receiving financial aid will be subject to refund policies as provided for by the agencies sponsoring the aid. Reservists called to active duty who wish to withdraw from courses must provide the registrar with a copy of their orders.

## Leave of absence policy

Students whose enrollment is interrupted by one or two consecutive semesters may apply for a leave of absence at the time of their withdrawal. Formal requests for leaves should be made by completing a Leave of Absence Form, available from the registrar's office or online. Justifiable reasons for a leave may include medical or financial difficulties or church-related service assignments. Students enrolled at the Chicago Center, Oregon Extension, Washington Community Scholars Center or in BCA study programs are considered to be currently enrolled students at Goshen College.

Students on official leave shall enjoy all the catalog privileges of continuous enrollment. The offices of registrar, student financial aid, SST and residence life will communicate with students on leave in a timely manner to ensure student services commensurate with continuing students.

Students who interrupt enrollment for more than one academic year must apply for readmission through the admission office. All students who take courses elsewhere during their leave also must apply for readmission.

## Special academic programs

## **Academic Resource and Writing Center**

The Academic Resource and Writing Center supports and monitors all students admitted with an academic plan or placed on academic probation. In addition, the ARWC assists students with documented disabilities by helping them advocate for themselves and by helping coordinate reasonable academic accommodations with teaching faculty. The ARWC trains peer writing mentors and tutors who are available to help all students grow as writers and scholars. ARWC offices are located in the first floor of Good Library.

#### Alerts system

The Student Life office coordinates an alerts system to identify and provide timely services to students who are experiencing problems that impact their academic performance.

## Adult and Non-traditional programs

Goshen College offers several programs for adult non-residential students. Two bachelor's degree completion programs are offered in organizational leadership and nursing (RN to BSN). In addition, two full bachelor's degree programs are offered in social work and business administration. See the Office of Graduate and Continuing Studies section for details.

## Center for Intercultural and International Education

The Center for Intercultural and International Education, known as CIIE, is home to offices for International Education, Diverse Student Support, the Institute for Intercultural Leadership, and a graduate program in Intercultural Leadership.

For information about International Education, see the separate section of this catalog or the website at www.goshen.edu/sst.

The office of Diverse Student Support plans special events such as the annual Martin Luther King, Jr. Study Day and the celebration of heritage months. Faculty advisors provide academic, social and personal support for multicultural students on campus. The Black Student Union, Latino Student Union, International Students Club and Intercultural Mentors encourage underrepresented students to negotiate the college experience, become involved in campus activities and develop leadership skills.

For information about the Institute for Intercultural Leadership and the graduate program in Intercultural Leadership, see the website at goshen.edu/ciie.

## **Honors opportunities**

The academic ethos at Goshen College is rigorous and engaging. Requirements for the Dean's List and the Latin Honors system for graduates are described in the Academic policies section of the catalog. Two special honors opportunities are described below.

#### Academic Symposium

An annual Academic Symposium features exemplary student research and writing. The symposium brings together students and faculty members involved in original research and scholarly activity from all disciplines. A selection of papers representing the quality of

student reserch at Goshen College is published on the Academic Symposium web site: goshen.edu/honors/academic-research-symposium.

#### **Maple Scholars**

Each summer the Maple Scholars program supports numerous student-faculty research partnerships. Maple Scholars is an eight-week program that gives students the opportunity to participate in independent research alongside Goshen College faculty of various disciplines. Each scholar is paired with a faculty member who works with and supervises individuals to help carry out their work. Students who are selected as Maple Scholars live in campus housing and receive a stipend See goshen.edu/maplescholars for more details

## Professional and pre-professional programs

#### Undergraduate professional programs at Goshen College

Three undergraduate professional programs are offered at Goshen College: education (elementary and secondary), nursing and social work. Accounting and American Sign Language interpreting majors offer a full-time semester-long internship. In addition, other majors such as broadcasting, journalism, public relations, and informatics offer extensive opportunities for internships and professional preparation. Details about these programs are in the academic programs section of the catalog.

#### Teacher certification programs

The teacher education programs below lead to certification in Indiana. Many states have reciprocal certification agreements.

•	Business education (5-12) Elementary education (K-6)
	Elementary education/Exceptional Needs: Mild Intervention (K-6)
•	Elementary education/English Learners(K-6)
•	English/Language Arts education(5-12)
•	English Learners (EL) education(P-12)
•	Journalism education(5-12)
•	Mathematics education(5-12)
•	Music education(5-12 or P-12)
	Vocal and/or Instrumental and General
•	Physical education(5-12 or P-12)
•	Physical education and Health(5-12 or P-12)
•	Science education(5-12):
	Chemistry, Life Sciences, Physics, Life Sciences & Chemistry, or
	Physical Sciences
•	Social Studies education(5-12)
•	Spanish education(5-12)
•	Theater Arts education(5-12)
•	Visual Arts education(5-12 or P-12)

#### Professional undergraduate program completed at another university

#### Engineering

Goshen College offers a two degree, or 3-2, engineering program resulting in a B.A. in physics, chemistry or computer science from Goshen and a B.S. in engineering from a major university with an accredited engineering program. Goshen College has articulation agreements with University of Notre Dame and Case Western Reserve University. The student spends the first three years at Goshen and the final two years at the university. For details and requirements, see the physics and pre-engineering department section of this catalog or the physics department web site at goshen.edu/physics.

#### Pre-professional programs that require a graduate degree

#### Pre-health sciences

Goshen College provides excellent pre-professional preparation for students interested in *medicine, veterinary science, physical therapy, occupational therapy, dentistry, optometry, pharmacy,* and *physician's assistant* programs. Since course sequencing is important, any student interested in these programs should consult the pre-medical advisor or other faculty advisors in the biology, chemistry or kinesiology departments about course selection and the graduate school application process. The major in molecular biology/biochemistry provides a strong foundation for careers in medicine and related fields. The major in exercise science is good preparation for careers in physical or occupational therapy.

#### Pre-law

Law schools want students who can think, read, write and speak well and who have some understanding of public policy and human experience. Minors in pre-law and political studies are described in this catalog. No specific major is required for law school. Good options include business, English, environmental science, history, PJCS, and social work. Materials for the Law School Admissions Test (LSAT) and information about law schools and pre-law internships are available from history department advisors.

#### Pre-seminary

Goshen College has a close historical relationship with Anabaptist Mennonite Biblical Seminary (AMBS), Elkhart, Ind.; however, Goshen graduates attend a variety of seminaries for theological study or preparation for ministry. Students anticipating seminary study are counseled to complete a B.A. degree with a major in Bible and religion, English, history, sociology or psychology. They are also encouraged to complete a minor in theological studies and Christian ministries, serve as a Ministry Leader on campus, attend the annual spring vocation banquet at AMBS, and participate in a summer Ministry Inquiry Program internship in a congregation.

## Merry Lea Environmental Learning Center

Owned and operated by Goshen College, the Merry Lea Environmental Learning Center is a nature sanctuary located near Wolf Lake, Indiana. Most of the habitats found in northeastern Indiana are present in the 1,189 acreas of Merry Lea. Unique geological features such as peat bogs, a marl pit, and glacial gravel formations are present. Management practices include wetland, prairie, and savanna restorations, as well as sustainable agriculture. Management of the center is guided by a Christian theology of earthkeeping. Opportunities are available for field research in natural sciences as well as teaching internships in outdoor education. More than 6,000 K-12 children each year are guests at Merry Lea. Facilities include an environmental-education building, a Farmstead, and Rieth Village, a set of "green" collegiate laboratory/residence buildings. Rieth Village received a Platinum award, the highest level possible, from the U.S. Green Building Council's LEED (Leadership in Energy and Environmental Design) rating system. Merry Lea offers undergraduate courses in environmental science and education and a master's degree program in environmental education. See merrylea.goshen.edu for more information.

## **Goshen College Music Center**

The Goshen College Music Center is a beautiful award-winning facility with excellent acoustics. The Music Center contains the 1,000-seat Sauder Concert Hall, 300-seat Rieth Recital Hall, rehearsal rooms, classrooms, practice rooms, and offices. The Hershberger Art Gallery features rotating exhibits by guest artists, faculty and students. The Music Center hosts a popular annual Performing Arts Series with world-class performers as well as dozens of other concerts. The Community School of the Arts.

based in the Music Center, offers piano lessons, Suzuki string lessons, children's choirs, and the Music Together program for parents and pre-school children to more than 300 families. The Acorn Project provides subsidized music lessons for low-income families. String orchestra opportunities are also offered for home-schooled students and older adults. More information is available at gcmusiccenter.org.

## Off-campus May-term courses

Each May-term, marine biology courses are offered at Goshen College's marine biology facility on Long Key in Florida. Most other courses in the list below are offered every two years; some are special one-time courses. The off-campus May term courses offered by Goshen College in the past several years were:

- · The Arts in London
- Biology of the Sea (Florida)
- Marine Biology (Florida)
- Entomology (Merry Lea)
- Ornithology (Merry Lea)
- Field Experience in Environmental Biology (Merry Lea)
- Business in China (or Spain)
- Ecology & Economics in Ecuador
- History of the Southwest (Colorado)
- Camping and Recreation (Boundary Waters, Minnesota)
- Journeys of Paul (Greece and Rome)
- · Public Relations in Kenya
- · Mennonites in Paraguay
- · Spain and Morocco
- Sustainability in India
- Nursing in Nepal
- · Study & Sports in Nicaragua

## Other off-campus programs

In addition to Goshen College SST and May-term courses, many other possibilities for off-campus study exist in cooperation with other colleges and universities. (See list below.) For information about registering for any of these programs, contact the associate dean and director of international education. Special off-campus program registration forms are available in the SST and registrar's offices.

#### Financial policies for off-campus programs

Special arrangements make it possible for students to register for Goshen College credit while participating in the programs below. However, since tuition and fees are collected and passed on to the other agencies or colleges, sources of student financial aid and scholarships while enrolled in these programs are nearly always limited to outside funding such as Pell grants, state grants, non-Goshen College scholarships and Stafford Loans.

Goshen College tuition discounts, scholarships and direct financial aid can be used only when a sponsored program is required for a student's major and those requirements cannot be fulfilled without the sponsored off-campus experience (Spanish major, e.g.). For Goshen College financial aid to apply to required off-campus study, an application must be submitted and the major must be declared by spring advising days prior to the year of off-campus study.

To obtain information on financial aid, contact the student financial aid office. Academic credits earned in these sponsored off-campus programs are considered residential credits. However, these are not Goshen College programs. Therefore, May-term fees are

#### Goshen College Catalog 2015-2016

charged for students who were off-campus in one of these affiliated programs during fall or spring semester.

### Off-campus programs affiliated with Goshen College

- Au Sable Institute of Environmental Studies offers summer programs in Mancelona, Mich., and other locations. Contact the environmental science director for more information or see ausable.org.
- BCA (Bridge/Connect/Act) offers academic-year and half-year programs in Europe, Asia and South America. Contact Spanish professors for more information or see bcanet.org.
- CEA offers semester and summer study abroad programs in twelve countries in Europe, Latin America, China and South Africa. See ceastudyabroad.com.
- Central American Study and Service (CASAS) in Guatemala offers semester or summer programs in Spanish and Central American studies. See semilla.org.gt/casas for more information.
- Chicago Center for Urban Life and Culture offers semester and summer programs in Soc 302, Urban Diversity, social work field placements, and many internship possibilities. Because of special financial arrangements with this program, students who spend the fall or spring semester at Chicago Center are not charged extra for May term tuition at Goshen. See chicagocenter.org for more information.
- Council for Christian Colleges and Universities (CCCU) offers
  various semester and summer programs. For further information,
  see bestsemester.com. Semester programs of CCCU include the
  Los Angeles Film Studies Center. Located near major production
  studios, the program combines seminar courses with Christian
  context and a liberal arts perspective. Participation in this program is
  required for film production majors and theater majors who elect a
  film studies concentration.
- Council on International Education Exchange offers many academic-year and half-year programs in Europe, Asia and Latin America. See ciee.org for more information.
- Lithuania Christian College has summer and semester study opportunities. See lcc.lt/home/study-abroad for more information.
- Oregon Extension, in an old logging camp, offers an interdisciplinary fall semester for students from Christian colleges. Contact oregonextension.org for more information.
- Washington Community Scholars Center, sponsored by Eastern Mennonite University, has semester, year-long or spring/summer programs available in Washington, D.C. Includes significant internship experience and course work at a nearby university. See emu edu/wcsc for more information.

## **The Goshen Core**

Director, B. Lapp

What we call "the Goshen Core" (sometimes called "general education" at other schools) is the set of courses and requirements that applies to all students no matter what major they choose. A Bachelor's Degree at Goshen consists of 120 credit hours. For most students, the Goshen Core curriculum is 38 credit hours. See goshen.edu/core/ for more detailed information about the Core for traditional programs. For the Goshen Core in non-traditional programs, see details in Office of Graduate and Contuining Studies section of this catalog or its website.

### Core Curriculum

We designed the Goshen Core with the college's vision statement in mind. In that statement we express our aim to focus on "international, intercultural, interdisciplinary, and integrative teaching and learning that offers every student a life-orienting story embedded in Christ centered core values: global citizenship, compassionate peacemaking, servant leadership and passionate learning." In order to express that through our curriculum, we developed a set of Student Learning Outcomes and then created a program with three main parts:

- 1. Three "threads" of course work:
  - The First Year Experience Thread, which develops students' fundamental academic skills
  - The Intercultural Thread, which prepares students for the increasingly global world of the 21st century
  - The Perspectives Courses Thread, an interdisciplinary set of options that helps students see how knowledge is created and revised in multiple areas of study
- The Electronic Portfolio. Allows students to collect their work and then produce a "showcase" at the end of their first year and at the culmination of the Intercultural Thread.
- 3. Other requirements: convocation and chapel, prerequisites. Students at GC are required to attend and participate in convocation and chapel events that foster intellectual exploration and faith formation. We also require that students demonstrate competency in Quantitative Literacy through a test, or by taking a course. In order to prepare for intercultural study, students must demonstrate proficiency in a foreign language equivalent to two semesters of college-level study.

## First Year Experience

### First-year courses

See course descriptions in the Undergraduate courses section of this catalog. Transfer equivalents are listed below

•	Core 100, Identity, Culture and Community	3
•	Core 104, Learning Community	1
•	Core 110, The Academic Voice	3
•	Core 115, Wellness for Life	1
•	Core 120, Engaging the Bible	3

The Goshen seminar also meets one of the five Perspectives requirements (see below)

Note: Transfer students and new students who begin in January take Core 106, Culture and Community instead of Core 100 and 104.

#### Communication Skills in the Goshen Core

The prerequisite for Core 110 is a Verbal SAT score of 480 or above, or ACT English score of 20 or above, or completion of Engl 105, Introduction to College Writing.

Students who enter with an AP English composition score of 4 or 5, an IB SL English score of 5, 6 or 7 or transfer credit in a college composition or oral communication class have met the Core 110 requirement and may enroll in a Goshen Seminar.

Students who enter with an IB HL score of 5, 6 or 7 or transfer credit in two college composition classes, or a composition class and a public speaking class may choose to take a Goshen Seminar or enroll in a fifth Perspectives class instead (see fuller explanation below).

#### Quantitative Literacy (QL)

Must be completed by fall of second year.

The QL requirement may be met in one of three ways:

- 1. For students entering with SAT Math scores below 480 or ACT Math scores below 20: complete the course Math 105, Quantitative Reasoning.
- For students entering with SAT Math scores 480-540 or ACT Math scores 20-23: Either pass the QL exam (given at summer registration and at the beginning of each semester) or complete Math 105, Math 115, Math 131, Math 141, or Math 170.
- 3. For students with any of the following, the QL requirement is met:
  - · SAT Math score of 550 or higher
  - ACT Math score of 24 or higher
  - · Minimum AP Calculus score of 4 (for AB level) or 3 (for BC level)
  - · Minimum IB score of 5 in Mathematics of Mathematical
  - College credit in 100-level or higher mathematics course

### Intercultural Thread

One of the five core values at the foundation of Goshen College is global citizenship, so intercultural study is an important component of the Goshen Core. There are three basic ways to meet the intercultural study requirement, listed below. All are described in more detail in the International Education section of the catalog and at goshen.edu/sst.

## Three intercultural study paths

#### 1. International Study-Service Term (SST)

Immerses groups of students in a significantly different culture for a semester, with a faculty leader. Includes study of language and culture, a service learning placement, and homestays with host families. Prerequisite is language competence equivalent to two semesters of college-level study.

### 

Three approved alternate courses (see International Education section of catalog), followed by Core 300, Global Issues. Language prerequisite of any world language at the 102-level, completed by placement test, course credit, or CLEP exam. For education majors, one diverse field experience course counts as one of the three alternate courses. For nursing majors, the community health clinical course counts as one of the three alternate courses.

#### Perspectives courses

Perspectives courses focus on the investigation of a complex problem or issue. The professor's discipline will serve as a platform for approaching the topic, but courses will also include examining various perspectives within an interdisciplinary framework. These courses can be taken at any time during the four years. Students take one Perspectives course in each of five categories. The Goshen Seminar meets one of the five requirements. Descriptions of individual Perspectives courses are in academic department pages. Perspectives courses are designated on the printed and .pdf course offering lists with RW, SW, NW, AW or PX. For a list of current Perspectives courses, see the Registrar's office homepage at goshen.edu/registrar. For Perspectives course descriptions, see the Goshen Core webpage at goshen.edu/core/.

### Social World (SW) - 3 credit hours

Values and histories underlying cultures, societies and religious traditions and the relationships between them. These courses include a significant quantitative literacy (QL) project. Prerequisite: QL requirement. *Options:* 

- Core 150. GC Seminar: Are We Still Human?
- · Core 151. GC Seminar: Hope for a New World
- · Core 152, GC Seminar: Free Information?
- · Core 153, GC Seminar: Digital Age
- Hist 101. Ancient Roots of Culture
- · Hist 205, Immigration and American Identity
- · Hist 211, Revolution!
- · Hist 217, Geography and Culture
- · Psyc 201, Heroic Acts and Heinous Crimes
- Psyc 210, Developmental Psychology
- Psyc 217, Multicultural Psychology
- · Soc 201, Good Eating
- · WGS 201, Gender in Global Context

#### Natural World (NW) - 3 credit hours

The natural created order, including the earth and its systems. These courses include a significant quantitative literacy (QL) project. Prerequisite: QL requirement. *Options:* 

- Core 160, GC Seminar: Energy and the Environment
- Biol 205. Pollinators in Peril
- · Biol 207. Roots of Environmental Crisis
- · Chem 103. Chemistry and Health
- Phys 154, Descriptive Astronomy
- · Phys 215, Climate Change
- Biol/Sust 313, Landscape Limnology (part of Sustainability semester at Merry Lea)

#### Religious World (RW) - 3 credit hours

Introduction to the study of religious traditions; studies of the Christian faith within the context of the broader religious world. *Options:* 

- · Bibl 213, Story of the Early Church
- Core 170, GC Seminar: Speaking of Death
- · Core 171, GC Seminar: World Christianity
- · Core 172, GC Seminar: Religion and Politics
- · Hist 204, What is the Good Life?
- · Phil 202, Philosophy, Wonder and Existence

#### Goshen College Catalog 2015-2016

- Phil 203. Living Ethically
- Phil 204. Environmental Ethics
- · Rel 203. Jesus at the Movies
- Rel 205, Religion in America
- Rel 206, Religion and Sports
- Rel 207, Religion and Politics
- Rel 309, Enduring Issues in Christian Perspective

#### Artistic World (AW) - 3 credit hours

Forms of human thought, movement, imagination and innovation. Options:

- · Core 180, GC Seminar: Identity in World Literature
- · Core 181, GC Seminar: Writing about Home
- Core 182. GC Seminar: Good Work
- · Art 201, Art and Holiness
- · Art 210, What is Beauty?
- Art 211, Making the Spiritual Physical
- Art 220, The Arts in Human Experience
- · Engl 205, Warriors and Peacemakers
- Engl 206, Why Does Travel Writing Matter?
- · Engl 209, Stories That Need to be Told
- · Engl 211, How Books Change the World
- · Engl 212, Word and Image
- · Engl 213, Shakespeare and Film
- Engl 214, Banned Books
- Mus 203, What is Music?
- Mus 205, Music and Cultural Identity in Eastern Europe
- · Mus 206, Music Theater: Opera to Musical
- · Thea 201. Theater for Social Change

#### Peacemaking (PX) - 3 credit hours

The factors that create and sustain frameworks for the essential relationships between and among humans, God and the natural world. *Options:* 

- Biol 212, Empathic Animals
- · Core 190, GC Seminar: Crossing Borders
- · Core 191, GC Seminar: War, Peace and Nonresistance
- Math 201, Fair Allocation
- · Nurs 309, Healthcare Ethics
- PJCS 201, Violence and Nonviolence
- PJCS 202, Spirituality of Peacemaking
- · PJCS 203, Authentic Mission
- PJCS 204, Vengeance and Forgiveness
- · PJCS 210, Transforming Conflict and Violence

### e-Portfolio

Students will form an electronic portfolio to document their learning and growth in college. Each course taken in the Goshen Core will include assignments to be included in the e-portfolio. Courses in major, minor and professional programs may also offer additional materials for the e-portfolio.

## Convocation and chapel

Convocation and chapel programs gather the Goshen College campus community together for shared learning experiences and for worship, usually in the church-chapel sanctuary. Students are asked to attend a set number of events each semester.

The purpose of chapel is to tend to the Christian spiritual formation of our gathered community. Chapel calls us to come before God together in worship and seek to be

continually formed into the image of Christ. Convocation provides integrative learning opportunities for personal, intellectual, and social growth. In convocation, we explore complex problems and big questions. We also support and celebrate each others' learning. Speakers for both Chapel and Convocation may be faculty, students or campus quests.

## **Transfer equivalents for Core requirements**

•	Core 106, Culture and Community	3
	(cultural anthropology or similar first-year identity & culture class)	
•	Core 110, The Academic Voice: Speaking & Writing	3
	(speech or college composition course)	
•	Core 115, Wellness for Life	1
	(holistic health and fitness course)	
•	Goshen Seminar	3
	(second college composition course or both composition and	
	speech)	
•	Core 120, Engaging the Bible	3
	(New Testament, Old Testament or Bible survey)	
•	Religious World perspectives course	3
	(religion, philosophy or ethics)	
•	Peacemaking perspectives course	3
	(peace, justice, or conflict studies)	
•	Artistic World perspectives course	3
	(literature, art, music or theater appreciation; history of art, music of	or
	theater)	
•	Natural World perspectives course	3
	(biology, chemistry, physics, geology or astronomy)	
•	Social World perspectives course	3
	(history, psychology, political science, economics, geography,	
	sociology or anthropology)	
•	International education, on-campus option courses	
	(international or U.S. minority culture, literature, history, art, music	,
	politics, or religion)	

## Modified Core requirements for students with an associate degree

In recognition that associate degree programs have general education requirements which differ from Goshen's distinctive Core, students transferring to Goshen College with an associate degree in arts or science have a modified Core requirement. The Goshen Core requirements for these students are listed below. In addition, Quantitative Literacy and convocation requirements must also be met. After matriculation at Goshen College, remaining Core requirements must be met at Goshen.

- - equivalent (0-8) International Study Service Term semester (14)

## Student learning outcomes

The Goshen Core uses Student Learning Outcomes as both a target for student achievement and a foundation for planning and development. The following learning outcomes form the basis of our curricular and co-curricular goals and address the essential knowledge, skills, and responsibilities that shape the environment we construct to support student learning. This integrative approach to learning will assist students in defining their identities and preparing them to engage twenty-first century challenges. As we continue to create a community of faith and learning, we believe that the learning outcomes must serve students in living out the five core values.

#### Overall primary outcome: Integrative Learning

The Goshen Core's explicit focus is on Integrative Learning as the primary learning outcome. As such the program has three curricular (3) "threads": a) fundamental academic skills, b) intercultural skills and experiences, and c) interdisciplinary frameworks for learning and developing dispositions appropriate for integration of knowledge, skills and responsibilities. Students will begin with a first year designed to cement their fundamental academic skills and to launch them into the intercultural and interdisciplinary realms. Either an intensive or extended encounter learning about an intercultural environment will follow. Courses designed to highlight the perspectives of the following areas of study will round out the Core experience: The Religious World, The Social World, The Natural World, The Artistic World and Peacemaking.

# Outcomes by area of learning: KNOWLEDGE

In our academic and campus life programs, students will develop knowledge of:

- The Christian Story: The biblical basis and theological exploration of Christian faith
- Identity: Self, personal growth, and one's relationship to multiple communities
- The Social World (see above)
- · The Natural World
- · The Artistic World
- Peacemaking

#### SKILLS

In our academic and campus life programs, students will grow in their mastery of the following intellectual and practical skills:

- Communication: Listening, reading, writing, speaking and interacting effectively
- Quantitative literacy: Using basic mathematical concepts and operations required for problem-solving and decision-making
- Inquiry: Using visual and information literacy to gather appropriate evidence from multiple data sources
- Critical and reflective thinking: Analyzing, interpreting, evaluating and using evidence to make good judgments
- Problem solving: Working individually and collaboratively for creative solutions
- Intercultural competence: Acquiring language and cross-cultural communication skills to interact effectively with people from diverse communities

### **RESPONSIBILITIES**

In our academic and campus life programs, students will develop a sense of personal and social responsibility for:

- Faith in Action: Reflecting on the relationship between personal faith and life choices that support God's justice, reconciliation, and peace
- Ethical reasoning: Living and serving with integrity in a variety of communities
- Intercultural openness: Creating partnerships with people across difference to learn from one another and work towards equity
- Local and global community engagement: Understanding human systems and knowing how to bring about change peacefully
- Lifelong learning: Remaining curious and occupying an inquiry stance in the face of challenges to current understandings of oneself and of the world
- Living Sustainably: Working to create restorative relationships with the natural world

#### INTEGRATIVE LEARNING

Integrative learning is an understanding and disposition that a student builds across the curriculum and co-curriculum, from making connections among ideas and experiences to synthesizing and transferring learning to new, complex situations within and beyond the campus. We promote integration of learning across disciplines because we believe the acquisition and application of knowledge is most successful when shaped by various perspectives. An integrative approach highlights these realities and supports students in understanding how to select and apply appropriate techniques and methodologies for solving complex and significant problems.

### International education

#### Introduction

Goshen College offers several types of international education. Students can participate in our international Study-Service Term (SST) or they can take courses in the on-campus alternative program. In addition, a minor in international studies and a variety of other overseas educational opportunities are available through Goshen College or other organizations with whom we cooperate. For contacts and related information, visit the Study-Service Term website at goshen.edu/sst.

## I. The Study-Service Term (SST)

#### Program description

SST is a program designed to immerse students in a culture significantly different from dominant United States culture. Its goals for each student are to grow in one's own identity in relationship to multiple communities, to develop intercultural openness, to acquire language and cross-cultural communication skills, and to create partnerships with people across cultural boundaries to learn from one another and work toward equity.

International SST units are one-semester immersion experiences. Spanish units are offered in Central and South America. Currently, other international SST units operate in Cambodia, China, Senegal and Tanzania.

Students choose a language area and location for SST in consultation with their academic advisor. See planning and advising notes for individual majors to determine the best timing for SST. Students are urged to plan and sign up early for international SST. They may pre-register for first and second choice SST units. About half of all students participate in SST during their sophomore year. Others participate in their junior or senior year.

At each location, Goshen faculty leaders arrange the academic program and give personal counsel to a group of up to 23 students. The first six weeks of the term are

#### Goshen College Catalog 2015-2016

spent studying the language and culture of the host country or community. The faculty leader uses local resources to support a largely experience-based learning program: host family relationships, lectures, discussion, field trips, journal writing, readings, special projects and examinations. Library resources, although somewhat limited, are available at each unit. During the last six weeks of the term, students work in a field/service-learning assignment, usually in a rural area, and complete a major project to present during the last week of the term. On SST, students live in homes of the host country throughout the term and eat at least two meals daily with their "families."

Participation in international SST is an educational privilege for those whose recent performance suggests that they are ready for the special challenge of living and studying abroad. A screening process reviews the health and the academic and behavioral performance of all SST applicants throughout the preparation process until departure. Minimum GPA requirement is 2.0 to participate in international SST. Students must also receive a minimum of a C- in the language that is required for a particular unit. For Spanish, French and American Sign Language-speaking units, at the outset of the term prior to departure all students must either be enrolled in a 102 class, have completed a 102 level course, or have documented competency at the 102 level by exam. On location, all SSTers are expected to follow both the standards of the college and the guidelines more specific to the norms of the host culture and host family.

A student who decides not to go on SST less than six weeks prior to departure will be expected to pay all preparation costs, including the cost of an airline ticket.

A student who leaves an SST location and returns to the United States must pay all expenses associated with the return trip.

Student fees vary by unit location and from year to year. Please contact the international education office for more information.

### Prerequisites for SST

Students are responsible for completing these essential prerequisites prior to SST. The director of international education must approve any exceptions

- Students participating in French, American Sign Language or Spanish units need to establish 102-level competency in the language of the country. At the outset of the term prior to departure, students must either be enrolled in the 102-level language course, have already completed the 102-level, or have established competency at the 102-level via exam.
- 2. Students participating in any other foreign language unit will complete one elementary course in that language, offered on campus especially for that SST group prior to departure, and either 101-level competency in a third language or one course from the following list. Whenever possible, students should elect a course from the specific region of their SST unit.

#### Language prerequisite course options

- · Bus 350. International Business
- Comm 206. Communication Across Cultures
- · Econ 306, International Economics
- Econ 308, Introduction to Economic Development
- · Engl 201, World Literature
- · Engl 310, Introduction to Linguistics
- Hist/WGS 330. Gender in World History
- Hist 335, History of Ethnic Conflict
- Hist 340, Religious History of Africa
- · Hist 350, African History
- · Phil 307. Asian Thought
- PoSc 308. International Politics
- Rel 220, World Religions

- Rel 317, Islam
- · Soc 230, Ethnography and Culture
- Soc 334. Race. Class and Ethnic Relations
- Soc 340. African Societies and Cultures

	The Natural World of [country]	
	Core 305, SST Integration Capstone	

## II. On-Campus Alternative Program

While immersion in another culture through SST comes nearest to our ideal for an integrative experience in international education for most students, we provide other options to promote the same learning outcomes as SST. The on-campus program includes a serious study in cultuure, encourages an interdisciplinary service component, and invites an integrative activity to bring the various components into a meaningful whole. Students must complete three of the courses listed below and also Core 300, Global Issues Seminar. NOTE: courses designated for alternate SST may not be used to meet any other graduation requirements.

#### Language requirement for on-campus alternative program

Students in the on-campus alternative program complete one of four options for language acquisition other than English:

- 1. Demonstrate competence at the 102 level of any world language
- 2. Demonstrate competence at the 101 level of two different languages
- Demonstrate competence in one language at the 101 level and complete either Comm 206, Communication across Cultures or Engl 310, Linguistics (These courses may not double-count for both language acquisition and a SST alternative course.)
- 4. Demonstrate that the student's native language is not English, either via F-1 status, or via approval by the director of international education.

Competence in a language may be demonstrated by course credit, placement test, or CLEP test. See the international education director for questions about individual situations.

### On-campus alternative courses

- · ASL 104, North American Deaf Culture
- · Comm 206, Communication across Cultures
- Econ 308, Introduction to Economic Development
- · Engl 201, World Literature
- · Hist 314, Modern China
- · Hist 327, U.S. Immigration and Ethnic History
- · Hist 328, African-American History

#### Goshen College Catalog 2015-2016

- · Hist 340, Religious History of Africa
- Hist 344, Latin-American History
- Hist 350, African History
- · Intl 253, History and Culture of Latinos in the U.S.
- Intl 257, Arts and Literature of Latinos in the U.S.
- Phil 307, Asian Thought
- · Rel 315, Religion in Culture and Society
- · Rel 316, Liberation Theologies
- Rel 317, Islam
- · Soc 230, Ethnography and Culture
- · Soc 334, Race, Class and Ethnic Relations
- Soc 340, African Societies and Cultures
- International off-campus May term courses (except Arts in London)

### Exceptions for nursing and education majors

Students with a major in nursing, elementary education or secondary education have a modified on-campus program available.

- Language prerequisite: any world language by placement test, course credit, CLEP exam, or native language other than English. Nursing students: one semester (101 level). Education students: two semesters (102 level).
- Two courses from the on-campus alternative list above.
- · Core 300, Global Issues Seminar

### III. Other study abroad options with Goshen College

During the May term or summer, Goshen College may offer special courses abroad. Locations vary, but recent courses have operated in China, Ecuador, England, Greece, India, Morocco, Nepal, Nicaragua, Paraguay and Spain. Credits may be earned in several areas, among them business, economics, art, music, theater, communication, religion, sustainability, nursing, and international education.

## IV. Study abroad with other international programs

Study abroad is available at colleges or universities in many different countries. Special application must be made on forms available from the international education office. Goshen College students have access to approved study-abroad programs through affiliation with the following organizations:

- · Schools that are members of the Council of Mennonite Colleges
- Bridge, Connect, Act (BCA)
- Cultural Experiences Abroad (CEA)
- Council on International Educational Exchange (CIEE)
- Council of Christian Colleges and Universities (CCCU)
- Lithuania Christian College (LCCU)
- · Central American Study and Service (CASAS) in Guatemala

Goshen College students in these affiliated programs will be registered as students at Goshen College in absentia. Credit may count for international education requirements only with the approval of the director of international education. Approval for credit equivalency does not mean that Goshen College financial aid will apply, but sources of financial aid outside of Goshen College are available.

#### Financial aid policies

For the list of affiliated international study programs in the previous paragraph, sources of student financial aid and scholarships are limited to funding outside of Goshen College such as Pell Grants, state grants, outside scholarships, church aid and Guaranteed Student Loans.

#### The Goshen Core: International education

Only when the international program is required by the student's major and there is no alternative available on campus may Goshen College scholarships and financial aid be used. An application must be submitted and the major must be declared by spring advising days prior to the year of off-campus study. Contact the director of student financial aid for more information.

Programs which are not on the approved list above may be eligible for credit transfer, but students who choose to enroll in programs that have no affiliation with Goshen College cannot apply for any sort of financial aid through Goshen College.

## Academic programs and requirements

Goshen College offers 39 undergraduate majors and 47 minors in a traditional format. See the Table of Contents for an alphabetical listing of these program areas. In addition, four majors offered in adult studies formats are described in the Office of Graduate and Continuing Studies section of this catalog.

## **Accounting**

A major and a minor in accounting are available.

## Major in accounting

#### 49-64 credit hours

•	Acc 201, Principles of Financial Accounting	3
•	Acc 202, Principles of Managerial Accounting	3
•	Acc 210, Accounting Information Systems	
•	Acc 301, Cost Accounting	3
•	Acc 302-303, Intermediate Accounting	
•	Acc 304, Federal Income Tax: Individual	3
•	Acc 405, Auditing	3
•	Acc 434, Federal Income Tax: Corporate	3
•	Bus 220, Office Software Productivity	3
•	Bus 307, Career Planning	1
•	Bus 310, Business Law	3
•	One of the following internships:	12
	Acc 408, Accounting Internship (12)	
	Acc 409, Accounting Internship (3)	
	Bus 409, Business Internship (3)	
•	Bus 410, Business Capstone	
•	Econ 203, Principles of Microeconomics	3
•	Econ 204, Principles of Macroeconomics	3
•	Econ 380, Statistics in Research	3
•	Mathematics requirement 0-	-6
	For students entering Goshen College with SAT Math scores below	,
	480 or ACT Math scores below 20:	

· Math 105, then either Math 115 or Math 141

For students entering Goshen College with SAT Math scores of 480-540 or ACT Math scores of 20-23:

Math 115 or Math 141

For students entering Goshen College with SAT Math scores above 540 or ACT Math scores above 23, requirement is met in one of the following ways:

- Minimum AP Calculus score of 4 (AB level) or 3 (BC level)
- Minimum IB score of 5 in Mathematics or Mathematical Studies
- College credit in 100-level or higher mathematics course

#### Student learning outcomes

Graduates in accounting will:

- Identify and articulate how personal values and ethical considerations inform and impact business decisions.
- 2. Demonstrate an understanding of the roles, goals, key concepts, methods, and tools utilized in specific business functions as well as the relationships between the various functions in a business.
- 3. Intentionally prepare for an accounting career.
- 4. Acquire skills needed to influence, inspire, and motivate individuals and groups to achieve results.
- 5. Identify opportunities, analyze information, and apply frameworks for effective problem-solving and decision-making.
- 6. Demonstrate effectiveness in writing and speaking in a variety of business
- Demonstrate ability to work productively with individuals in a diversity of roles and with varying interests in the outcome.

### Planning guide

#### Third year Goshen Core

Intermediate Accounting Federal Income Tax: Individual

Business Law Career Planning

Fourth year Balance of Goshen Core

Balance of accounting major

Internship

**Business Capstone** 

#### Planning and advising notes

Students may not earn a double major in accounting, business, and/or marketing, but major/minor combinations are allowed.

SST should be completed in the first two years or summer of the third year. Additional math courses are encouraged for students anticipating graduate school.

In most states, 150 credit hours of undergraduate or graduate education is required before individuals can take the Uniform CPA Examination and/or be licensed as CPAs. Each state has unique licensing requirements, and students should work with their academic advisor to plan a course of study to meet the licensing requirements of a particular state.

A Masters in Business Administration program is offered online. More information about the program can be found at www.thecollaborativemba.org and also in the Goshen College academic catalog for graduate programs.

#### Goshen College Catalog 2015-2016

#### Minimum academic requirement for majors and minors

All accounting majors and minors must ear a grade of C- or higher in all courses required for their major or minor. Failure to attain this level of achievement requires the student to either repeat the course (for specific requirements) or tak an additional course (an option for elective courses) and achieve a grade of C- or higher.

## Minor in accounting

#### 18 credit hours

•	Acc 201, Principles of Financial Accounting	3
•	Acc 202, Principles of Managerial Accounting	3
•	Acc 302, Intermediate Accounting	3
•	Econ 203, Principles of Microeconomics	3
•	Additional accounting courses	6

**Note to business majors:** Students must take 12 credit hours in accounting beyond what is required in the major, including Acc 302.

**Note to marketing majors:** Students must take 15 credit hours in accounting beyond what is required in their major, including Acc 302.

## **Agroecology**

Agroecology is also available as a concentration within the environmental science major.

## Minor in agroecology

#### 19-20 credit hours

•	Agroecology Summer Intensive	. 12
	Biol 220, Properties & Management of Soils	
	Biol 230, Small Farm Management & Produce Marketing	
	Biol 316, Vegetable Crops	
	Biol 318, Agroecology	
•	Two of the following courses:	7-8
	Biol 201, Botany (4)	
	Biol 308, General Entomology (4)	
	Bus 316, Principles of Marketing (3)	

#### Student learning outcomes

Graduates with a minor in agroecology will:

- 1. Gain understanding in the structure and function of natural ecosystems.
- Understand how ecological agriculture can contribute to sustainable food systems.
- 3. Interact with professionals engaged in sustainable agriculture and related professions.
- 4. Develop networking skills; discover service opportunities; investigate and evaluate career options.
- Gain skills in working with crops and livestock on a small-scale diversified farm.
- 6. Experience faith-based community life and interdisciplinary learning.

#### Advising notes

For more information about the Agroecology Summer Intensive (ASI), see www.merrylea.goshen.edu/undergraduate-program/agroecology A certificate of completion is available for ASI participants who do not wish to earn academic credit.

## **American Sign Language**

In addition to the ASL interpreting major, a minor in ASL is described below.

## Major in American Sign Language interpreting

#### 61 credit hours

•	ASL 101-102, Elementary ASL I & II	8
•	ASL 104, North American Deaf Culture	3
•	ASL 201-202, Intermediate ASL I & II	8
•	ASL 205, Advanced Fingerspelling and Numbers	2
•	ASL 210, Introduction to Interpreting	3
•	ASL 301-302, Interpreting I & II	8
•	ASL 305, Linguistics of ASL	3
•	ASL 306, ASL Literature	3
•	ASL 401, Interpreting III	4
•	ASL 405, Transliterating	3
•	ASL 407, Topics in Interpreting	3
•	ASL 409, Interpreting Internship	12
•	ASL 410. Senior Seminar	1

### Student learning outcomes

Graduates in ASL interpreting will:

- Demonstrate an understanding of multicultural approaches to the work of interpreting and demonstrate effective bilingual and bicultural practice within their work.
- 2. Apply professional standards, practices, and ethics to their work.
- Demonstrate the ability to evaluate an interpreting situation, choose the appropriate language or communication method, manage the environment, and work with clients and team interpreters.
- 4. Demonstrate an advanced level of receptive and expressive proficiency in both English and American Sign Language.
- Effectively interpret and transliterate in dialogic one-on-one and small group settings with a variety of participants.
- Demonstrate skills necessary for interpreting or transliterating in entry level employment settings: a portfolio that includes a resume, video example, and documentation of 100 hours of supervised work experience.
- Document attendance at a minimum of six workshops in a portfolio for ongoing professional development.

Transliteraing
Topics in interpreting
Balance of major courses
Interpreting Internship
Senior Integrating Seminar

#### Planning and advising notes

Students majoring in American Sign Language are required to earn a grade of C or above in each course. Courses may be repeated only once to attempt a higher grade.

Recommended elective courses for ASL interpreting majors include: Bus 217, Personal Finance; Comm 206, Communication Across Cultures; Engl 310, Introduction to Linguistics; Engl 315, The English Language; Soc 200, Principles of Sociology; Soc 230, Ethnography and Culture; Soc 334, Race, Class and Ethnic Relations; and Thea 215, The Power of Story.

### Minor in American Sign Language

#### 21 credit hours

•	ASL 101-102, Elementary ASL I & II	8
•	ASL 104, North American Deaf Culture	3
•	ASL 201-202, Intermediate ASL I & II	8
•	ASL 205, Advanced Fingerspelling and Numbers	2

### **Anabaptist-Mennonite Studies**

### Minor in Anabaptist-Mennonite studies

#### 18 credit hours

•	Core courses selected from the following list:
	Bibl 321, Biblical Themes of Peace (3)
	Engl 207/307, Mennonite Literature (3)
	Hist 318, Anabaptist/Mennonite History (3)
	Hist 321, History of Mennonites in America (3)
	Related topics course or independent study: Hist 375 or Soc 351 (3)
•	Elective courses selected from core courses above or the following
	list:
	Hist 304, Renaissance and Reformation (3)
	Mus 311, Topics in Music Literature: church music (2)
	Rel 320, Christian Theologies (3)
	Soc 334, Race, Class and Ethnic Relations (3)
	Related course taken at Anabaptist Mennonite Biblical Seminary
	Internship with a Mennonite organization or congregation

#### Student learning outcomes

Graduates in Anabaptist-Mennonite studies will:

- 1. Demonstrate knowledge of Anabaptist history and theology.
- Explore Anabaptist practice in a variety of creative fields: art, music, or literature.
- 3. Apply Anabaptist theology to current issues and problems.
- 4. Interpret personal and social moral responsibilities using the Anabaptist lens.

#### Planning and advising notes

It is assumed that students who apply the elective courses above to the minor will do a focused study (paper or project, e.g.) that makes an explicit connection with an Anabaptist-Mennonite topic.

Special resources at Goshen College include the Institute for the Study of Global Anabaptism (see goshen.edu/institutes/anabaptism/), the Mennonite Historical Library, the Archives of Mennonite Church USA, and *The Mennonite Quarterly Review*, a respected scholarly journal published by Goshen College.

### Art

A major and a minor in art are available. Visual arts education is available for P-12 or 5-12. See also graphic design, marketing, and multimedia communication.

### Major in art

35-45 credit hours	(core and	l one concentrat	ion area)
--------------------	-----------	------------------	-----------

**Pre-Architecture concentration (26 credit hours)**Pre-graduate school program. Graduate programs leading to a Masters of Architecture as a first professional degree assess an applicant's portfolio for visual composition and communication skills.

•	One of the following:	3
	Art 202, Painting	
	Art 203, Watercolor	
	Art 207, Printmaking	
•	Art 206, Sculpture	3
•	Art 241, Art History I	3
•	Art 242, Art History II	3
•	300 level studio elective	3
•	400 level studio elective	3
•	Math 211, Calculus I	4
•	Phys 203, General Physics	4

#### Art administration (27 credit hours)

Pre-graduate school program.

•	One of the following:	3
	Art 202, Painting	
	Art 203, Watercolor	
	Art 207, Printmaking	
•	One of the following:	3
	Art 204, Ceramics	
	Art 206, Sculpture	
	Art 217, Jewelry	
•	Art 241, Art History I	3
•	Art 242, Art History II	
•	Art 343, Contemporary Art History	3
•	300 level studio elective	3
•	400 level studio elective	3
•	Two of the following:	6
	Acc 201, Principles of Financial Accounting	
	Art 355, Arts in London	
	Bus 121, Introduction to Entrepreneurship	
	Bus 316, Principles of Marketing	
	Bus 319, Leading Non-profit organizations	
	Bus 338, Sales	
	Engl 204, Expository Writing	
	Engl 300, Critical Theory and Practice	
	Thea 245. Aesthetics	

#### Art education concentration (31 credit hours)

In addition to this concentration, completion of teacher education requirements detailed in the Education section is needed for 5-12 or P-12 certification (32 credit hours).

•	One of the following:	3
	Art 202, Painting	
	Art 203, Watercolor	
•	Art 204, Ceramics	3
•	Art 255, Photo communication	3
•	Art 241, Art History I	3
•	Art 242, Art History II	3
•	Art 312, Teaching Visual Arts	4
	Thea 245, Aesthetics	
•	Studio elective	3
•	300 level studio elective	3
	400 level studio elective	3

#### Student learning outcomes

Graduates in art will:

- 1. Demonstrate technical proficiency in at least one medium.
- 2. Use principles of design, art history and aesthetics to critically analyze and interpret the content of artwork.
- 3. Create artwork that communicates coherent expressive content.
- 4. Demonstrate preparedness to incorporate art in their lives after graduation in a variety of ways, within or in addition to a career.

	Rel 411, Senior Thesis	. 3
•	Electives	. 9
	Other Bible, religion or philosophy courses, related courses (limit of 3 credits in PJCS) or a course at AMBS, in consultation with advisor	

#### Student learning outcomes

Graduates in Bible and religion will:

- Provide a coherent account of the biblical narrative and development of the biblical canon, identifying distinctive content of parts of the canon.
- 2. Demonstrate knowledge of core Christian convictions and the development and social function of core Christian institutions.
- 3. Approach text using various and appropriate methodologies.
- Articulate their own convictions and analyze religious experienc, including their own, using the conceptual language of contemporary theology, within the broader context of Christian history.
- Identify moral presuppositions and arguments guiding their own values and behaviors within the context of presuppositions about reality and the sacred.
- Demonstrate the ability to identify presuppositions about reality and the sacred that inform various religious traditions.

Planning and advising notes

Students are encouraged to focus their plan of study by selecting electives in the following areas: ministry inquiry, religious studies, theology, biblical studies, or philosophy. Suggestions are available from Bible, religion and philosophy department faculty advisors.

Bible and Religion majors are encouraged to take one course at Anabaptist Mennonite Biblical Seminary (AMBS) in Elkhart, IN. One course may be taken there as part of a full-time Goshen College registration. For AMBS course listings, see <a href="http://www.ambs.edu/academics/courses">http://www.ambs.edu/academics/courses</a>

### Minor in Bible and Religion

#### 18 credit hours

•	Core 120, Engaging the Bible	3
•	One 300-level Bible course	3
•	Rel 316, Liberation Theology or	
	Rel 320, Christian Theologies	3
•	Three additional Bible, religion or philosophy courses	9

## **Biology**

See also the molecular biology/biochemistry and environmental science majors. Teacher certification is available in life sciences for grades 5-12.

### Major in biology

#### 42-46 credit hours

•	Biol 115, Ecology and Evolution	4
•	Biol 120, Cell Biology and Genetics	
•	Biol 130, Organismal Biology	
•	Biol 331, Junior Research Seminar	2
•	Biol 409, Internship (or alternate)	0-3
•	Biol 410, Biology Senior Seminar	1
•	Elective laboratory course	4
	Biol 203, Human Anatomy & Physiology	
	Biol 300, Microbial Biology	
	Biol 302, Developmental Biology	
	Biol 303, Vertebrate Physiology	
	Biol 311, Advanced Molecular Genetics	
	Biol 341, Advanced Cell Biology	
•	Elective field biology course	4
	Biol 200, General Zoology	
	Biol 201, Botany	
	Biol 304, Marine Biology	
	Biol 308, General Entomology	
	Biol 324, Advanced Field Ecology	
	Biol 345, Forest Resources	
	Biol 350, Ornithology	
•	Additional biology elective course from lists above	
•	Chem 111-112, General Chemistry	
•	Chem 303, Intro to Organic Chemistry	
•	Quantitative course (one of the following)	3-4
	Math 360, Biomathematics (3)	
	Psyc 380, Statistics in Research (3)	

### Student learning outcomes

Graduates in biology will:

- Demonstrate knowledge of core biological principles spanning all levels of hierarchy (cells to ecosystems).
- 2. Provide examples of the fundamental role that evolutionary principles have in structuring biological systems from the cell to ecosystems.
- Design and implement experiments through developing research questions, designing research methods, and interpreting and analyzing data using statistical techniques.
- 4. Use strong oral and writing skills to communicate scientific concepts.
- Articulate how faith and/or worldview informs personal bioethical attitudes and behaviors
- 6. Reflect on the systems-level connections between core biological principles.
- Demonstrate safety and competence in implementing basic biology laboratory and field skills: taxonomic identification, quantitative measurement, sterile technique, microscopy and slide use, and good experimental design.

#### Planning and advising notes

Students expecting to major in biology may take General Chemistry, Chem 111-112, in the second year, but students majoring in molecular biology/biochemistry must take it in the first year.

**Teacher education in life sciences** is available for grades 5-12. Courses needed within or in addition to biology major requirements are: Biol 201, Biol 207, Biol 208, Biol 300, Biol 303, Biol 311, and Phys 203. Also 32 credits of education courses, including a semester of student teaching. The first education class, Educ 201, should be taken in May term of the first year, if possible.

The **informatics major** has a cognate area available in biology, applying computer software and programming skills to the field of biology.

#### Planning guide

First year Goshen Core

Ecology & Evolution (fall)
Cell Biology & Genetics (spring)
Organismal Biology (spring)

#### Student learning outcomes

Graduates in broadcasting will:

- 1. Comprehend a core of knowledge in the field.
- 2. Create a diverse portfolio that reflects multimedia storytelling.
- Demonstrate a set of professional skills and competencies in their practice of broadcasting.

At least four semesters participation in WGCS and/or GCTV ...... NC

- Serve the college and broader public through co-curricular media involvement.
- Demonstrate competence in securing and completing two or more internships.
- 6. Report that courses and other collegiate training prepared them for a position in broadcasting or a related career.
- 7. Integrate Christian values, professional conduct and a global perspective.

### Planning and advising notes for broadcasting majors

Comm 200, Communication Practice should be with a co-curricular closely related to the area of concentration. The Comm 409, Internship should be in the student's area of concentration. The broadcasting, journalism and public relations majors require two internships: one for three credit hours and a second for one credit hour. A portfolio or its equivalent is required for graduation.

All Communication department majors and minors must earn a grade of C- or higher in all courses required for their major and/or minor. Failure to attain this level of achievement requires the student to either repeat the course (for specific requirements) or take an additional course (an option for elective courses) and achieve a grade of C- or higher.

A maximum of 45 credit hours in communication courses may be applied to a degree. Also, no more than 12 credit hours in experiential learning (Comm 200, 209, 409 or 412) may be applied.

### Minor in broadcasting

#### 18 credit hours

•	Comm 212, Digital Media Production	. 3
•	Comm 260, Broadcast Writing	. 3

•	Mathematics requirement	)-6
	For students entering Goshen College with SAT Math scores below	V
	480 or ACT Math scores below 20:	

Math 105, then either Math 115 or Math 141

For students entering Goshen College with SAT Math scores of 480-540 or ACT Math scores of 20-23:

Math 115 or Math 141

For students entering Goshen College with SAT Math scores above 540 or ACT Math scores above 23, requirement is met in one of the following ways:

- Minimum AP Calculus score of 4 (AB level) or 3 (BC level)
- Minimum IB score of 5 in Mathematics or Mathematical Studies
- College credit in 100-level or higher mathematics course

#### Student learning outcomes

Graduates in business will:

- Identify and articulate how personal values and ethical considerations inform and impact business decisions.
- Demonstrate an understanding of the roles, goals, key concepts, methods, and tools utilized in specific business functions as well as the relationships between the various functions in a business.
- 3. Intentionally prepare for a business career.

- Acquire skills needed to influence, inspire, and motivate individuals and groups to achieve results.
- Identify opportunities, analyze information, and apply frameworks for effective problem-solving and decision-making.
- Demonstrate effectiveness in writing and speaking in a variety of business contexts.
- Demonstrate ability to work productively with individuals in a diversity of roles and with varying interests in the outcome.

### Planning guide

First year Goshen Core

Essential Business Skills Mathematics requirement

Principles of Financial Accounting Principles of Microeconomics Principles of Macroeconomics Office Software Productivity

Second year Goshen Core

Principles of Managerial Accounting

Statistics in Research

SST (spring or summer, or summer after third year)

Third year Goshen Core

Management, Marketing, Financial Management, Business Law

Production/Operations Management

Upper-level courses in major

Career Planning

A summer internship between third and fourth year is strongly

encouraged

Fourth year Balance of Goshen Core

Balance of major Management Strategy Business Capstone

#### Planning and advising notes

Students may not earn a double major in accounting, business and/or marketing, but major/minor combinations are allowed.

SST should be completed in the first two years or the summer after the third year. Additional math courses are encouraged for students anticipating graduate school.

**Minimum academic requirement for majors and minors:** All business majors and minors must earn a grade of C- or higher in all courses required for their major or minor. Failure to attain this level of achievement requires the student to either repeat the course (for specific requirements) or take an additional course (an option for elective courses) and achieve a grade of C- or higher.

In the **informatics major** a cognate area in business is available, applying computer software and programming skills to the field of business.

**Teacher education certification** is available for grades 5-12. Courses needed in addition to business major requirements are Bus 322 and either Econ 306 or Bus 350. Also required are 32 credits of education courses, including a semester of student teaching. The first education class, Educ 201, should be taken in May term of the first year or fall of the sophomore year. See Education department information for more details.

#### Academic programs and requirements: Business

A **Masters in Business Administration** program is offered online. More information about the program can be found at www.collaborativemba.org and also in the Goshen College academic catalog for graduate programs.

### Minor in business

#### 18 credit hours

•	Acc 201, Principles of Financial Accounting	. 3
•	Econ 203, Principles of Microeconomics	. 3
•	Additional accounting, business or economics courses, at least 9	
	credit hours upper level (300 and above)	12

**Note to accounting majors:** Students must take 9 credit hours in business and economics beyond what is required in the major.

**Note to marketing majors:** Students must take 12 credit hours in accounting, business and economics beyond what is required in the major.

### Chemistry

### Major in chemistry

#### 51 credit hours

•	Chem 111-112, General Chemistry	8
•	Chem 200, Analytical Chemistry	4
•	Chem 303-304, Organic Chemistry	8
	Chem 310, Thermodynamics	
•	Chem 312, Quantum Mechanics	4
•	Chem 409, Chemistry Internship	0-3
•	Chem 410, Senior Seminar	3
•	Chem 415, Inorganic Chemistry	4
•	Math 211, Calculus I	4
•	Math 213, Multivariate Calculus	4
•	Phys 203-204, General Physics I & II	8

#### Student learning outcomes

Graduates in chemistry will:

- Possess broad knowledge of fundamental principles from organic, inorganic, analytical and physical chemistry and use this knowledge for solving problems.
- 2. Demonstrate key laboratory skills for designing, executing, analyzing, recording and reporting laboratory experiments.
- 3. Use effectively a broad range of modern scientific instruments.
- 4. Demonstrate effective written and oral communication.
- 5. Practice safe handling of chemicals.
- 6. Use modern library tools to access chemical information.
- Successfully achieve career objectives for either employment or advanced education in graduate/professional programs.

#### Academic programs and requirements: Chemistry

#### Planning and advising notes

Fundamental computer competency is expected. Chem 409, Chemistry Internship or an equivalent noncredit experience is required. Two planning guides are given because some courses are offered only in alternate years. Additional recommended courses for chemistry majors: Chem 350, Chem 430, Biochemistry; Chem 450, Introductory Research Problems.

**Teacher education** is available for grades 5-12 in two related areas: chemistry and life sciences and chemistry. See the secondary education advisor for additional courses required for certification in life sciences and chemistry.

In addition to the chemistry major, 32 credit hours of education courses are required, including a semester of student teaching.

The first education class, Educ 201, should be taken in May term of the first year or fall of the second year. For more details, see secondary education information.

### Communication

A major and a minor in comunication is available. See also majors and minors in broadcasting, journalism, marketing, and public relations and the majors in film production and informatics and minor in multimedia communication.

### Major in communication

### Education

The Goshen College Teacher Education Department is accredited by the National Council for Accreditation of Teacher Education (NCATE www.ncate.org).

An important part of Goshen's Teacher Education program is learning first-hand in the schools. Students will work in a variety of settings with diverse populations. If a Study Service Term (SST) is part of the international education experience, students will also have the opportunity to work with children or youth in another culture during SST.

School systems in the area cooperate with Goshen College to provide strong and varied student teaching experiences. Pre-service teachers experience a broad spectrum of classroom situations. During the student teaching experience, students will work 12 or more weeks full time in a local school system and will be supervised by classroom teachers and college professors. After satisfactorily completing an approved teaching program and the Indiana CORE assessments exam, students will apply and be recommended for licensure. Visit the education department website at www.goshen.edu/education.

### Education programs available

#### Elementary education (K-6)

Upon completion of a major in elementary education, pre-service teachers are eligible to be certified to teach kindergarten through sixth grade. Fieldwork takes place in a variety of classroom settings where pre-service teachers learn to teach language arts, math, social studies, science, art, physical education and music. Approaches to classroom management, discipline and evaluation are also explored.

#### Elementary education/Special education (K-6)

Certification in Exceptional Needs: Mild Intervention for K-6 is offered in conjunction with an elementary education certificate. It is a certification that must be completed simultaneously, since Exceptional Needs does not stand alone as a separate program. To complete this program, 12 additional hours (Student Teaching: Exceptional Needs, Special Education Issues, Mild Disabilities I, and Mild Disabilities II) are added to the elementary education program.

#### Elementary education/English learners(K-6)

Certification in English Learners for K-6 is offered in conjunction with an elementary education certificate. To complete this program, 14 additional hours (Introduction to Linguistics, The English Language, English Grammar, Methods of Teaching English to Speakers of Other Languages and TESOL practicum) are added to the elementary education program.

# All-grade education in English learners, music, physical education or visual arts (P-12)

All-grade education focuses on a major in the content area while including requirements for general and professional education at all developmental levels, pre-school through high school.

#### Secondary education (5-12)

Pre-service teachers can be certified to teach 5th through 12th graders upon completion of teacher education requirements for teachers of early adolescence, adolescence and young adults and content requirements in the chosen field of instruction. Goshen offers secondary education teaching majors in:

- Business
- · Chemistry

- · Physical Education
- · Physical Education/Health

- English/Language Arts
- English Learners (EL)
- Journalism
- · Life Sciences
- Life Science & Chemistry
- Mathematics
- Music: Vocal and/or Instrumental
- Physical Sciences
- Physics
- Social Studes (with a history major)
- Spanish
- · Theater Arts
- Visual Arts

#### **Transition to Teaching programs**

Information about the Transition to Teaching program for adults who have already completed a bachelor's degree is in the Office of Graduate and Continuing Studies section of this catalog.

### Special attributes of Goshen's teacher education program

See the Education department webpages for more information.

- 1. Elementary and exceptional needs dual certification program
- 2. English learners certification for K-6 or P-12
- 3. Conflict transformation certificate for teachers (see below)
- Environmental education experience at Merry Lea Environmental Learning Center
- 5. Laboratory kindergarten on campus
- 6. Curriculum Library, Peace Curriculum Collection and Royer Reading Room

### Admission to the Teacher Education program

Students apply for admission to the Goshen College Teacher Education program at the end of the Foundations of Education class, taken either at the end of the first year or the begining of the second year. Admission to the program requires:

- · One of the following:
  - Successful completion of the reading, writing and mathematics sections of the Core Academic Skills Assessment (CASA)
  - · ACT scores of 24 or higher
  - · Math/Reading SAT scores of 1100 or higher
  - · A master's degree
- · A review of the high school record
- · Successful performance in early fieldwork experiences
- · Supportive references
- · Demonstrated experience with children or youth
- A written essay
- Membership in a professional organization

Teacher Education students must maintain a 2.8 grade point average (GPA) overall, and within their content area. All content related courses for the license content area must be passed with a C or higher. Because the field of education is continually changing, education courses taken more than 15 years prior to admission to the program will not be accepted for transfer credit.

# **Student learning outcomes** Graduates in education will:

- Comprehend the content disciplines to be taught in order to make connections, drawing relationships (a) within disciplines, (b) between disciplines, and (c) to students' lives.
- 2. Communicate effectively in a variety of sign systems (e.g. oral, written, nonverbal, and media communication).
- 3. Build a learning community based on the diversity of students' background and the ways in which they learn by (a) starting from each individual's strengths and cultural resources, (b) sharing responsibility for teaching and learning with all students, and (c) advocating for all students.
- 4. Flexibly employ a wide variety of teaching and evaluation strategies that enable students to make meaning of content disciplines.
- 5. Manage a classroom effectively, incorporating principles of peacemaking and positive behavior supports in a wide variety of settings.
- Sense a strong call to serve and to nurture students from a social justice perspective.
- 7. Develop a sense of self as an educational facilitar and leader, continually reflecting on his/her own teaching in reference to Goshen College's guiding principles and his/her own emerging philosophy of education.
- 8. Establish working and collegial relationships with schools, families, and community agencies to strengthen the learning environment.

•	PJCS 325, Mediation: Process, Skills and Theory 3-4
•	PJCS 426. Conflict-healthy Groups

## **English**

A major and minor in English are available, as well as teacher certification in English/ language arts for grades 5-12. See also majors and minors in Writing and TESOL (Teaching English to Speakers of Other Languages).

### Major in English

#### 39 credit hours

Engl 201, World Literature	3
Engl 204, Expository Writing	3
Engl 300, Critical Theory and Practice	3
One British Literature course	3
Engl 301, British Literature I or	
Engl 302, British Literature II	
One American Literature course	3
Engl 303, American Literature I or	
Engl 309, American Literature II	
Engl 315, The English Language	3
Engl 405, English Junior Seminar	1
Engl 409, Senior Practicum 1	-2
Engl 410, English Senior Seminar	1
Elective courses in the English department	18
	Engl 302, British Literature II One American Literature course Engl 303, American Literature I or Engl 309, American Literature II Engl 315, The English Language Engl 405, English Junior Seminar Engl 409, Senior Practicum  1 Engl 410, English Senior Seminar

#### Student learning outcomes

Graduates in English will:

- Demonstrate knowledge of American, English, and world literature in an aesthetic. cultural and historical context.
- 2. Demonstrate knowledge of the history and use of the English language.
- 3. Demonstrate knowledge of the history and practice of literary criticism.
- Demonstrate mastery of the above knowledge base at a level suitable for graduate school preparation.
- 5. Analyze literature using appropriate formal and critical tools.
- Conduct traditional and digital literary research and present it through oral, written, and/or electronic formats.
- Develop proficiency in expository, professional, analytical, and/or creative writing, culminating in the design and development of a professional quality senior portfolio.
- 8. Use reading, writing and critical thinking to integrate faith and ethics with personal identity.
- 9. Contribute to the world on a local or global level as a culturally competent reader, writer, and thinker.

#### Planning guide

#### First year

Goshen Core Academic Voice Goshen Seminar World Literature

Introduction to Creative Writing Literature and Popular Culture

#### Second year Goshen Core

**Expository Writing** 

Critical Theory and Practice

British or American Literature course

Literature of Ethnicity, Gender and Race

SST

Third year Goshen Core

American or British Literature course

The English Language

Junior Seminar English electives

Fourth year Balance of Goshen Core

Balance of major and related courses

Senior Practicum Senior Seminar

#### Planning and advising notes

Students earning Advanced Placement (AP), International Baccalaureate (IB), or CLEP credit in English are strongly encouraged to take Engl 204 during the first year.

Nine credit hours of the English elective courses in the major must be upper level (300-499). Most AP and IB literature and language courses will count as credits toward graduation, but not toward the English major.

Students doing student teaching for English/Language Arts Secondary Education do not need to take Engl 409, English Practicum, but they do need both Engl 405 and Engl 410, English Junior and Senior Seminars.

English majors are encouraged to get involved with communication or English co-curricular activities such as *The Record*, Pinchpenny Press, *Broadside*, or *Red Cents*. Comm 200, Communication Practice or Engl 290, English Publication are recommended in the third year.

Engl 405, English Junior Seminar, is a prerequisite for Engl 408 and Engl 409, Writing and English Practicum.

**Teacher education certification** is available for grades 5-12 in English/Language Arts education. In addition to, or as part of, the English major, students complete a third American or British literature survey course; Engl 235; Engl 290; Engl 319; Comm 200; Comm 202; Educ 303, Educ 307; and 32 credit hours of education courses, including a semester of student teaching.

The first education class, Educ 201, should be taken in May term of the first year or fall of the sophomore year. See the Education department for more details about secondary education requirements.

### Minor in English

#### 18 credit hours

•	Engl 204, Expository Writing	. 3	3
•	Any courses in the English department	15	5

Note: At least 8 credits must be 300 level or above. AP, IB or CLEP credit may not count toward this minor.

### Entrepreneurship

### Minor in entrepreneurship

#### 18 credit hours

•	Acc 201, Principles of Financial Accounting	3
	Bus 121, Introduction to Entrepreneurship	
	Bus 328, Venture Planning	
•	Bus 338, Sales	. 3
•	Two of the following:	6
	Acc 202, Principles of Managerial Accounting	
	Bus 209, Field Experience	
	Bus 316, Principles of Marketing	
	Bus 360, Java Junction Management	

#### Student learning outcomes

Graduates in entrepreneurship will:

Bus 402, Applied Entrepreneurship

- Identify and articulate how personal values and ethical considerations inform and impact entrepreneurship (the creation of new business or non-profit organizations).
- 2. Demonstrate an understanding of the roles, goals, key concepts, methods, and tools utilized in entrepreneurial ventures.
- Acquire skills needed to influence, inspire, and motivate individuals and groups to achieve results.
- 4. Identify opportunities, analyze information, and apply frameworks for effective problem-solving and decision-making.

#### Planning and advising notes

**Note to accounting, business and marketing majors:** Students must complete 12 credit hours of entrepreneurship minor courses beyond what is required in their major.

#### Minimum academic requirement

All entrepreneurship minors must earn a grade of C- or higher in all courses required for the minor. Failure to attain this level of achievement requires the student to either repeat the course (for specific requirements) or take an additional course (an option for elective courses) and achieve a grade of C- or higher.

### **Environmental Science**

A major in environmental science and a minor in environmental studies are available. See also minors in agroecology and sustainability.

### Major in environmental science

53-57 credit hours (Core courses and one track)

Core cour	rses (32-35 credit hours):	
•	Biol 115, Ecology and Evolution	4
•	Biol 120, Cell Biology and Genetics	
•	Biol 130, Organismal Biology	4
•	Biol 207, Roots of Environmental Crisis	3
•	Biol 324, Advanced Field Ecology	
•	Biol 335, Natural Resources Policy Seminar	1
•	Biol 409, Internship	0-3
•	Biol 410, Biology Senior Seminar	1
•	Chem 111-112, General Chemistry	8
•	Psyc 380, Statistics in Research	3
Agroecol	ogy track (22 credit hours)	
•	Biol 201, Botany	
•	Biol 308, General Entomology	
•	Biol 331, Junior Research Seminar	
•	Summer program at Merry Lea, four courses simultaneously:	12
	Biol 220, Soil Properties and Management	
	Biol 230, Small Farm Management and Produce Marketing	
	Biol 316, Vegetable Crops	
	Biol 318, Agroecology	
Ecology t	rack (22 credit hours)	
•	Biol 331, Junior Research Seminar	2
•	Plant course (one of the following)	4
	Biol 201, Botany	
	Biol 345, Forest Resources	
•	Animal course (one of the following)	4
	Biol 200, General Zoology	
	Biol 304, Marine Biology	
	Biol 308, General Entomology	
	Biol 350, Ornithology	
•	one or	
•	Math 211, Calculus I	4
•	Phys 203, General Physics I	4
Sustainab	pility track I (on campus) (22 credit hours)	
•	Biol 331, Junior Research Seminar	
•	Two field courses from the following	8
	Biol 200, General Zoology	
	Biol 201, Botany	
	Biol 304, Marine Biology	
	Biol 308, General Entomology	
	Biol 345, Forest Resources	
	Biol 350, Ornithology	
•	Four courses selected from the following	12
	Biol 340 Field Experience in Environmental Education	

#### Academic programs and requirements: Environmental Science

Econ 309, Environmental Economics
Hist 345, Environmental History
PoSc 210, Public Policy
Soc 351, Sociology of the Environment
or other courses approved by the director of the environmental
science program

#### Sustainability track II (with semester at Merry Lea) (21 credit hours)

•	Econ 309, Environmental Economics	3
•	Hist 345, Environmental History	3
	Fall Sustainability Semester at Merry Lea	
	Sust 300, Sustainability and Regeneration (3)	
	Sust 309, Faith, Ethics and Eco-justice (3)	
	Sust 313/Biol 313, Landscape Limnology (4)	
	Sust 320, Environmental Policy & Politics (3)	
	Sust 330, Environmental Problem-Solving (2)	

#### Student learning outcomes

Graduates in environmental science will:

- Demonstrate knowledge of core biological principles spanning all levels of hierarchy (cells to ecosystems).
- 2. Provide examples of the fundamental role that evolutionary principles have in structuring biological systems from the cell to ecosystems.
- 3. Design and implement experiments through developing research questions, designing research methods, and interpreting and analyzing data using statistical techniques.
- 4. Use strong oral and writing skills to communicate scientific concepts.
- 5. Articulate how faith and/or worldview informs personal bioethical attitudes and
- 6. Discuss core ecological principles spanning levels of inquiry, including global ecology, ecosystem science, population ecology, community ecology, and physiological ecology.
- 7. Identify the biosphere's most pressing environmental challenges and analyze the root causes of specific case studies using systems thinking.
- 8. Demonstrate safe field and laboratory skills: taxonomy and identification of species, plant and animal monitoring techniques, habitat and soil surveys, GPS and GIS mapping.

#### Planning and advising notes

See the agroecology minor and sustainability minor pages for more information about the Agroecology and Sustainability II tracks above.

Students choosing the ecology track may elect to take General Chemistry, Chem 111-112, in the first year.

#### Planning guide

### Minor in environmental studies

#### 18 credit hours

•	Biol 115, Ecology & Evolution	4
•	Biol 207, Roots of Environmental Crisis	3
•	Biol 335, Natural Resource Policy Seminar	1
•	One of the following field electives:	
	Biol 200, General Zoology	
	Biol 201, Botany	
	Biol 304, Marine Biology	
	Biol 308, General Entomology	
	Biol 345, Forest Resources	
	Biol 350, Ornithology	
•	Two courses selected from the following:	6
	Biol 340, Field Experience in Environmental Education	
	Econ 309, Environmental Economics	
	Hist 345, Environmental History	
	PoSc 210, Introduction to Public Policy	
	Soc 351, Sociology of the Environment	
	or other courses approved by the director of the environmental	
	science program	

### Exercise science

A major and minor in exercise science is available. See also the major and minor in physical education and minors in health and sport management.

### Major in exercise science

#### 44 or 56 credit hours

•	Biol 203/204, Human Anatomy & Physiology I & II
•	Chemistry class
	Chem 101, Introductory Chemistry or
	Chem 103, Chemistry and Health or
	Chem 111, General Chemistry (recommended for pre-physical
	therapy)
•	Chem 220, Human Nutrition
•	Kin 102, First Aid and CPR
•	Kin 103, Basic Athletic Training
•	Kin 200, Aerobic Conditioning
•	Kin 242, Weight Training
•	Kin 250, Introduction to Kinesiology
•	Kin 315, Applied Biomechanics
•	Kin 317, Exercise Physiology
•	Kin 375, Exercise Testing
•	Kin 400, Exercise Prescription
•	Kin 409, Internship
•	Kin 410, Senior Seminar
•	Courses selected from the following
	Biol 319, Human Pathophysiology (3)
	Phys 203, General Physics (4)
	Kin 269, Sport Medicine practicum (1)
	Kin 310, Sport Management (3)
	Kin 345, Theories & Techniques of Coaching (3)
•	Optional concentration in Fitness Leadership 12
	Kin 320, Adaptive Physical Activity & Sport (3)
	Kin 352, Personal Training Practicum (1)
	Kin 353, Group Fitness Instruction Practicum (1)
	Kin 354, Facility Management Practicum (1)
	One psychology class (3):
	Psyc 100, General Psychology
	- Dayob 200 Casial Dayobalany

- Psych 200, Social Psychology
- Psych 210, Developmental Psychology
- · Psyc 217, Multicultural Psychology

#### One health class (3):

- · Kin 360, Teaching Health Concepts
- · Kin 415, School & Community Health

### Student learning outcomes

Graduates in exercise science will:

- 1. Describe and apply basic principles of fitness and health.
- 2. Describe and analyze historical, sociological, psychological and cultural aspects of kinesiology.
- 3. Analyze physical activities, sport skills, and exercises from anatomical, biomechanical, and physiological perspectives.

- 4. Demonstrate competency in a variety of sport skills, strategies and physical activities.
- 5. Participate in regular physical activity and maintain a healthy level of physical fitness.
- 6. Demonstrate honesty, fair play and willingness to serve others.
- 7. Demonstrate critical thinking strategies, creativity and reflection when processing a problem.
- 8. Demonstrate professional ethical leadership behavior and skills: attire. communication, relationships, responsibility, initiative, and the ability to empower others.
- 9. Demonstrate knowledge of research methods, statistics and inquiry skills.
- 10. Describe and apply anatomy and physiology, chemistry and physics principles in exercise science.
- Describe American College of Sports Medicine (ACSM) exercise principles, fitness testing procedures, and personal training professional protocols.
- 12. Develop appropriate and safe personal exercise programs for and with a variety of clients.
- 13. Demonstrate professional personal training protocols.

#### Advising notes

This major is a good option for students interested in going on to graduate school in exercise science, athletic training or physical therapy. Pre-physical therapy students should take additional courses recommended for admission into physical therapy graduate programs.

Intercollegiate sports credit is only available to varsity team members. The head coach of each respective team verifies participation each semester. While students may receive credit more than one semester, only one credit may be counted toward the major.

#### Student learning outcomes

Graduates in film production will:

- 1. Comprehend a core of knowledge in the field.
- 2. Create a diverse portfolio that reflects multimedia storytelling.
- Demonstrate a set of professional skills and competencies in their practice of film production.
- Serve the college and broader public through co-curricular media involvement.
- Demonstrate competence in securing and completing two or more internships.
- 6. Report that courses and other collegiate training prepared them for a position in film production or a related career.
- 7. Integrate Christian values, professional conduct and a global perspective.

### Planning guide for film production majors

First year Goshen Core

Digital Media Production

Other 200-level courses in major

### Academic programs and requirements: Film production

Second year Goshen Core

Advanced Digital Media Production Other 200 and 300-level courses in major

SST

Third year Goshen Core

LA Film Studies Semester

Courses in major

Fourth year Balance of Goshen Core

Balance of major Senior Seminar

### Planning and advising notes

This major cannot be completed solely in residence at Goshen College. It requires one full semester of study at the Council of Christian Colleges and Universities' Los Angeles Film Studies Center, or an approved alternative off-campus program, including Comm 409. The LAFSC requires each student to apply and be accepted into the program directly. Attendance at Goshen College does not guarantee acceptance into the LAFSC program; however, preference is given to students attending CCCU member schools. The LAFSC program has specific criteria each student must meet, which may include GPA requirements, community living standards, a Christian commitment, references, and/or samples of past work. See bestsemester.com for current admission requirements.

In addition to courses listed above, other recommended electives include Comm 255, Engl 230, Thea 245, and Thea 332.

Students may not earn a major in film production and also a major in theater with a film studies concentration. It is, however, possible to earn a second major in theater with a different concentration area.

All film production majors must earn a grade of C- or higher in all courses required for their major and/or minor. Failure to attain this level of achievement requires the student to either repeat the course (for specific requirements) or take an additional course (an option for elective courses) and achieve a grade of C- or higher.

A maximum of 45 credit hours in communication courses may be applied to a degree. Also, no more than 12 credit hours in experiential learning (Comm 209, 294, 296, 298, 409 or 412) may be applied.

### Global economics

### Minor in global economics

#### 18 credit hours

•	Econ 203, Principles of Microeconomics	. 3
•	Econ 204, Principles of Macroeconomics	. 3
•	Econ 380, Statistics in Research	. 3
•	Additional courses chosen from economics, Bus 350, or Bus 375	
	(international May term course)	. 9

### Student learning outcomes

Graduates in global economics will:

- Identify and articulate how personal values and ethical considerations inform and impact economics.
- Demonstrate an understanding of the roles, goals, key concepts, methods, and tools utilized in economics.
- Acquire skills needed to influence, inspire, and motivate individuals and groups to achieve results.
- 4. Identify opportunities, analyze information, and apply frameworks for effective problem-solving and decision-making.

### Planning and advising notes

Students should complete Econ 203, 204 and 380 in the first and second year. Additional mathematics courses are encouraged if graduate work in economics is anticipated.

**Note to accounting and business majors:** Students must take 12 credit hours selected from upper level economics courses, Bus 350, or business department May term international courses.

**Note to marketing majors:** Students must complete Econ 203, Econ 204, and 12 credit hours selected from upper level economics courses, Bus 350, or business department May term international courses.

### Minimum academic requirement

All global economics minors must earn a grade of C- or higher in all courses required for the minor. Failure to attain this level of achievement requires the student to either repeat the course (for specific requirements) or take an additional course (an option for elective courses) and achieve a grade of C- or higher.

# **Graphic design**

Graphic design is also available as a concentration within the art major. See also the major and minor in marketing, the minor in multimedia communication and the communication cognate within the informatics major, all of which include some graphic design courses.

# Minor in graphic design

### 22 credit hours

•	Art 107, Design	3
•	Art 108, Digital Design	3
	Art 208, Typography	
•	Art 308, Graphic Design	3
•	Art 408, Advanced Graphic Design	3
•	Art 409, Internship	1
•	Two of the following:	6
	Bus 121, Introduction to Entrepreneurship	
	Bus 316, Principles of Marketing	
	Bus 336, Advertising	
	Comm 212, Digital Media Production	
	Comm 326, Creating for the Web	
	Comm 375, Animation	
	Info 354, Web Applications	

### Health

### Minor in health

### 21 credit hours

•	Choose one physiology class:	. 4
	Biol 130, Organismal Biology	
	Biol 203, Human Anatomy & Physiology	
•	Chem 220, Human Nutrition (Chem prerequisite)	3
•	Kin 102, First Aid and CPR	1
•	Kin 103, Basic Athletic Training	2
•	Kin 360, Teaching Health Concepts	3
•	Kin 415, School and Community Health	3
•	Kin 420, Health Practicum	2
•	Soc 260 Human Sexuality	3

### Student learning outcomes

Graduates in health will:

- 1. Describe and apply basic principles of fitness, health, human anatomy and physiology.
- 2. Demonstrate knowledge and competencies in first aid, CPR, and athletic training.
- 3. Demonstrate a basic understanding of public health, including community health organizations, health literacy, risk behaviors, disease, drug use, mental health issues, and nutrition.
- 4. Demonstrate the ability to promote and teach health concepts.
- Demonstrate professional ethical leadership behavior and skills: attire, communication, relationships, responsibity, initiative, and the ability to empower others.

### Advising notes

Recommended elective courses: Kin 400, Exercise Prescription and Psyc 200, Social Psychology.

# **History**

A major and a minor in history are available, as well as social studies teacher education for grades 5-12. See also the major in history and social research and minors in political studies, pre-law studies, social policy, and Anabaptist-Mennonite studies.

### Major in history

### 41 credit hours (core and one concentration area)

### Core requirements (32 credit hours)

•	Comm/Engl 204, Expository Writing	3
•	U.S. and world history courses, at least 12 credit hours upper level	
	(300 and above)	21
•	Hist 409, Internship (or student teaching for education majors)	2
•	Hist 410, History Seminar: Analysis	3
•	Hist 411, History Seminar: Synthesis	3

### Social science concentration (9 credit hours)

· Courses selected from three of the fields below:

**Economics** 

Political science

Sociology

Peace, justice and conflict studies

### **Humanities concentration (9 credit hours)**

· Courses selected from three of the fields below:

Literature

Philosophy

Bible or religion

Art, Music or Theater history

### Student learning outcomes

Graduates in history will:

- 1. Demonstrate knowledge of basic historical patterns, principles and theories.
- 2. Skillfully communicate historical arguments in both written and oral form.
- Identify and interpret both primary and secondary sources effectively as evidence.
- Analyze, construct and support historical arguments from a variety of perspectives.
- 5. Interpret the moral responsibilities of the historian's work for his/her own future

### Planning guide

First year Goshen Core

100 or 200-level history courses

Second year Goshen Core

Additional history courses Courses in concentration SST (fall or spring)

Third year Goshen Core

History Seminar: Analysis Upper-level history

Balance of concentration

Fourth year Balance of Goshen Core

Balance of major

History Seminar: Synthesis Internship

### Planning and advising notes

**Teacher certification in Social Studies Education** is available for grades 5-12. Required within or in addition to the history major are the following courses: Biol 207 *or* Phys 215, Econ 203, Hist 101, Hist 105, Hist 211, Hist 217, Hist 315, Hist 326, Hist 327, Hist 345, Hist 400 (Indiana history), PoSc 200, Psyc 100 and Soc 200. For licensure in government and citizenship, PoSc 210 and PoSc 305 are also required. In addition, 32 credits of education courses are required, including a fall semester of student teaching. The first education class, Educ 201, should be taken in May term of the first year or fall of the sophomore year. See the education major pages and web site for more details about requirements.

All history majors are encouraged to acquire proficiency in a foreign language equal to the intermediate (202) level.

### Minor in history

18 credit hours	
	٠

•	Hist 101, 102, or 105	3
•	Additional history courses, at least 9 credit hours upper level (300	
	and above)	15

# History and social research

# Major in history and social research

#### 41 credit hours

Core requirements	(32 credit hours)
-------------------	-------------------

•	Comm/Engl 204, Expository Writing	3
•	U.S. and world history courses, at least 10 credit hours upper level	
	(300 and above)	21
•	Hist 409, Internship	2
•	Hist 410, History Seminar: Analysis	3
•	Hist 411, History Seminar: Synthesis	3
9 hours c	hosen from:	
•	PoSc 210, Introduction to Public Policy	3
•	Psyc 380, Statistics in Research	3
•	Soc 200, Principles of Sociology	3
•	Soc 230, Ethnography and Culture	3
•	Soc 391, Methods of Social Research	3

### Student learning outcomes

Graduates in history and social research will:

1. Demonstrate knowledge of historical patterns, principles and theories.

- 2. Skillfully communicate historical arguments in both written and oral form.
- 3. Identify and interpret both primary and secondary sources effectively as evidence, including mastery of quantitative research methods.
- Analyze, construct and support historical arguments from a variety of perspectives.
- Interpret the moral responsibilities of the historian/social scientist within a professional setting.

### Planning and advising notes

Internship and senior seminar work should utilize various research skills. The student's faculty advisor will encourage taking additional elective courses in economics, sociology and political science. This major is designed to provide the student with library, statistical and field-research skills useful in business, public administration, law and other practical pursuits. A variety of history courses provides a broad perspective rather than merely a technical orientation.

### **Informatics**

In addition to a computer-based core, informatics majors complete additional courses in a cognate area to obtain some expertise in an area of application. A minor in informatics may be combined with any major or minor except computer science or information technology. See also majors and minors in computer science and information technology.

### **Major in informatics**

### 59-65 credit hours (core courses and one cognate area)

Core cou	rses (38 credit hours)	
•	Info 200, Problem Solving with Computers	3
•	Info 230, Programming I	4
•	Info 330, Programming II	4
•	Info 340, Database Design	3
•	Info 350, Computer Networking & Security	3
•	Info 355, Systems Analysis	3
•	Info 405, Project Management	3
•	Info 409, Internship	
•	One statistics/research methods course below	3
	Comm 240, Communication Research	
	Econ/Psyc 380, Statistics in Research	
	Math 323, Probability and Statistics	
	Soc 391, Methods of Social Research	
•	Electives (may not duplicate cognate courses)	9
	Cognate (27 credit hours) ontact person: Andrew Ammons	
	Biol 115, Ecology and Evolution	4
•	Biol 120, Cell Biology and Genetics	
•	Biol 130, Organismal Biology	4
•	One of the following	
	Biol 311, Advanced Molecular Genetics	
	Biol 341, Advanced Cell Biology	
•	Biol 331, Junior Research Seminar	
•	Biol 410, Senior Seminar	1
•	Chem 111-112, General Chemistry	8
	Cognate (21 credit hours) ontact person: Phil Mason	
•	Acc 201, Principles of Financial Accounting	3
•	Acc 202, Principles of Managerial Accounting	
•	Bus 316, Principles of Marketing	
•	Bus 318, Production/Operations Management	
•	Bus 403, Management Strategy	3

### Academic programs and requirements: Informatics

Bus 409, Business Internship     Bus 410, Business Capstone Seminar  Communication and Media Cognate (21 credit hours)  Faculty contact person: Patricia Lehman			
<ul> <li>Art 107, Design</li></ul>	3 3 3 3		
Mathematics Cognate (23 credit hours) Faculty contact person: David Housman			
Math 205, Discrete Mathematics  Math 211, Calculus I  Math 212, Calculus II  Math 301, Linear Algebra  Math 321, Differential Equations  Math 351, Mathematical Modeling  Math 411, Seminar: History  Math 412, Seminar: Connections  Math 413, Seminar: Discoveries	4 4 3 3 1 1		
Peace, Justice & Conflict Studies (PJCS) Cognate (22 credit hours) Faculty contact person: Joe Liechty			
Bibl 321, Biblical Themes of Peace  PJCS 325, Mediation	3 3 1		

Graduates in informatics will:

- Demonstrate knowledge of programming, database design, networking, statistics, and systems analysis.
- Demonstrate expertise in a discipline to which informatics principles can be applied.
- 3. Effectively communicate complex computing concepts orally, visually and in writing
- 4. Function effectively in teams to accomplish common goals.
- Design, implement, and evaluate systems and software to meet the needs of organizations.
- Analyze the local and global impact of computing technology on individuals, organizations, and society.
- Demonstrate the ability to learn new technologies from published literature and engage in lifelong learning in informatics.

### Planning guide

First year

Goshen Core

Problem Solving with Computers

Programming I

Introductory cognate courses

Second and Goshen Core

**Third years** Upper level Informatics courses

Cognate area courses

### Minor in informatics

### 19 credit hours

•	into 200, Problem Solving with Computers	J
•	Info 230, Programming I	4
	Info 409, Internship	
	Any upper level computer science or informatics courses	

# Information technology

A major and a minor in information technology is available. The minor may be combined with any major or minor except computer science or informatics. See also majors and minors in computer science and informatics.

### Major in information technology

#### 49 credit hours

•	Info 200, Problem Solving with Computers	3
•	Info 230, Programming I	. 4
•	Info 330, Programming II	. 4
•	Info 340, Database Design	. 3
•	Info 346, Human Computer Interaction	. 3
•	Info 350, Computer Networking & Security	3
•	Info 355, Systems Analysis	. 3
•	Info 405, Project Management	. 3
•	Info 409, Internship	. 3
•	CoSc 360, Operating Systems	. 3
•	CoSc 410, Senior Seminar	
•	Math 205, Discrete Mathematics	. 3
•	Math 211, Calculus I	
•	Related courses selected from the following:	9
	Acc 201, Principles of Financial Accounting(3)	
	Acc 210, Accounting Information Systems(3)	
	Bus 220, Office Software Productivity(3)	
	Bus 318, Operations Management(3)	
	Comm 108, Digital Design(3)	
	Comm 270, Media, Law & Ethics(3)	
	Comm 326, Creating for the Web(3)	
	Comm 375, Animation(3)	
	CoSc 365, Analysis of Algorithms(3)	
	CoSc 375. Topics in Computer Science(3)	

### Student learning outcomes

Graduates in information technology will:

- Demonstrate knowledge of programming, database design, networking, human computer interaction, operating systems, and systems analysis.
- 2. Demonstrate an understanding of some applications of information technology.
- 3. Effectively communicate complex computing concepts orally, visually and in writing
- 4. Function effectively in teams to accomplish common goals.
- Design, implement, and evaluate systems and software to meet the needs of organizations.
- Analyze the local and global impact of computing technology on individuals, organizations, and society.
- Demonstrate the ability to learn new technologies from published literature and be prepared to engage in lifelong learning in information technology.

### Planning guide

First year Goshen Core

Problem Solving with Computers

Programming I

Calculus I and/or Discrete Math

Second and Goshen Core

Third years 300-level computing courses

related courses

	Info 346, Human Computer Interaction	
•	Any upper level computer science or informatics courses	4

# Interdisciplinary studies

An interdisciplinary major is for students who wish to engage in substantial study in several academic fields. It also gives students the opportunity to design a major that fits their unique interests and needs.

### Interdisciplinary major

#### 47-52 credit hours

Core requiremen
-----------------

#### **Elective courses**

### Senior seminar and internship

- Senior seminar from one of the major areas selected above ...... 1-4

### Advising notes

Courses are selected from three academic program areas. At least one 3-credit required course in each department must be completed in residence at Goshen College. Not including the senior seminar and internship, a minimum of at least 18 credit hours in the major must be upper-level courses (300-499).

Students interested in investigating an interdisciplinary major should contact the associate dean/director of international education to discuss interests and options. The student's academic advisor will usually be a professor from the department in which the student elects to complete the senior seminar and internship.

## International studies

### Minor in international studies

### 29 credit hours

•	A semester of SST abroad	14
•	5 courses selected from the list of SST alternate courses in the	
	International education section of the catalog	15

### Planning and advising notes

This minor is available only to students who have completed SST or an equivalent semester of study abroad. In consultation with an advisor, a student chooses courses from the on-campus SST alternative list. Courses in this minor may duplicate courses in a major only at the discretion of the major advisor. Courses in this minor may not duplicate courses in another minor.

### **Journalism**

A major and minor in journalism are available, as well as teacher certification in journalism for grades 5-12.

### Major in journalism

#### 45 credit hours

•	Comm 200, Communication Practice	. 2
•	Comm 202, Oral Communication	. 3
•	Comm 204, Expository Writing	. 3
•	Comm 212, Digital Media Production	. 3
•	Comm 240, Communication Research	. 3
•	Comm 250, Writing for Media	. 3
•	Comm 270, Media Law and Ethics	. 3
•	Comm 326, Creating for the Web	
•	Comm 350, Reporting for the Public Good	. 3
•	Comm 383, Communication and Society	. 3
•	Comm 409, Internship	. 4
•	Comm 410, Senior Seminar	
•	Selected from the following courses:	. 9
	Comm 108, Digital Design	
	Comm 190, Introduction to Radio	
	Comm 255, Photo Communication	
	Comm 260, Broadcast Writing	
	Comm 290, Radio Operations	
	Comm 308, Feature Writing	
	Comm 312, Advanced Digital Media Production	
	Comm 324, Principles of Public Relations	
	Comm 385, Studies in Communication: Religious Journalism	
	Comm 386, Film	
	Comm 412, Special Project	
	Engl 334, Writing Creative Nonfiction	
	Thea 235, The Power of Story	
	WGS 375, Gender in Popular Culture	
•	At least four semesters participation in GCTV, Record, and/or	
	WGCS	١C

### Student learning outcomes

Graduates in journalism will:

- 1. Comprehend a core of knowledge in the field.
- 2. Create a diverse portfolio that reflects multimedia storytelling.
- Demonstrate a set of professional skills and competencies in their practice of iournalism.
- Serve the college and broader public through co-curricular media involvement.
- Demonstrate competence in securing and completing two or more internships.
- 6. Report that courses and other collegiate training prepared them for a position in journalism or a related career.
- 7. Integrate Christian values, professional conduct and a global perspective.

### Planning guide

First year Goshen Core

Second year Goshen Core

Media Law and Ethics Expository Writing Other courses in major

SST

Third year Goshen Core

Communication and Society

Courses in major

Fourth year Balance of Goshen Core

Balance of major Internships Senior Seminar

### Planning and advising notes

Comm 200, Communication Practice should be with a co-curricular closely related to the major. The journalism major requires two internships: one for three credit hours and a second for one credit hour. A portfolio or its equivalent is required for graduation.

**Teacher certification for journalism education** is available for grades 5-12. Courses needed in addition to the journalism major are Comm 190, Comm 260, and 32 credits of education courses, including a semester of student teaching. The first education class, Educ 201, should be taken in May term of the first year or fall of the sophomore year. See the Education department catalog and web pages for more details about requirements.

All journalism majors and minors must earn a grade of C- or higher in all courses required for their major or minor. Failure to attain this level of achievement requires the student to either repeat the course (for specific requirements) or take an additional course (an option for elective courses) and achieve a grade of C- or higher.

A maximum of 45 credit hours in communication courses may be applied to a degree. Also, no more than 12 credit hours in experiential learning (Comm 200, 209, 409 or 412) may be applied.

# Minor in journalism

### 18 credit hours

It	nours	
•	Comm 212, Digital Media Production	. 3
•	Comm 250, Writing for Media	. 3

•	Comm 270, Media, Law and Ethics	
•	Comm 324, Principles of Public Relations	
•	Choose one of the following	. 3
	Comm 240, Communication Research	
	Econ 380, Statistics in Research	
•	Choose two of the following	. 6
	Acc 202, Principles of Managerial Accounting	
	Art 308, Graphic Design	
	Art 408, Advanced Graphic Design	
	Comm 212, Digital Media Production	
	Comm 326, Creating for the Web	
	Engl 203, Introduction to Creative Writing	
	Engl 204, Expository Writing	

### Student learning outcomes

Graduates in marketing will:

- Identify and articulate how personal values and ethical considerations inform and impact business decisions.
- Demonstrate an understanding of the roles, goals, key concepts, methods, and tools utilized in specific business functions as well as the relationships between the various functions in a business.
- 3. Intentionally prepare for a marketing career.
- Acquire skills needed to influence, inspire, and motivate individuals and groups to achieve results.
- 5. Identify opportunities, analyze information, and apply frameworks for effective problem-solving and decision-making.
- 6. Demonstrate effective writing and speaking in a variety of business contexts.
- Demonstrate ability to work productively with individuals in a diversity of roles and with varying interests in the outcome.

Career Planning

Upper level courses in major

Summer internship between 3rd and 4th year encouraged

Fourth year Balance of Goshen Core

Balance of major Business Capstone

### Planning and advising notes

Students may not earn a double major in accounting, business and/or marketing, but major/minor combinations are allowed.

Principles of Marketing is a foundational course in this major and should be taken in the second year. This major allows students to choose from a list of course options, some of which require prerequisites, so appropriate course planning is required.

### Minimum academic requirement for majors and minors

All marketing majors and minors must earn a grade of C- or higher in all courses required for their major or minor. Failure to attain this level of achievement requires the student to either repeat the course (for specific requirements) or take an additional course (an option for elective courses) and achieve a grade of C- or higher.

A Masters in Business Administration program is offered online. More information about the program can be found at www.thecollaborativemba.org and also in the Goshen College academic catalog for graduate programs.

# Minor in marketing

### **Mathematics**

A major and a minor in mathematics are available, as well as teacher certification in mathematics education for grades 5-12.

### Major in mathematics

#### 40-47 credit hours

•	One course in computer programming	3-4
	Info 200, Problem-solving with Computers (3)	
	Info 230, Programming I (4)	
•	Math 205, Discrete Mathematics	3
•	Math 211-212, Calculus I & II	8
•	Math 213, Multivariate Calculus	4
•	Math 390, Problem Solving Seminar	1
•	Math 409, Project/Internship	0-3
•	Math 411, Seminar: History	1
•	Math 412, Seminar: Connections	1
•	Math 413, Seminar: Discoveries	1

### Electives in Mathematics (18-21 credit hours) See advising note below.

Math 301, Linear Algebra

Math 302, Abstract Algebra

Math 305, Modern Geometry

Math 311, Real Analysis

Math 321, Differential Equations

Math 323. Probability and Statistics

Math 350. Advanced Game Theory

Math 351, Mathematical Modeling

Math 355, Graph Theory

Math 360, Biomathematics

Math 375, Special Topics

Up to 3 credit hours of upper level computer science or informatics courses

### Student learning outcomes

Graduates in mathematics will:

- Demonstrate knowledge of calculus, discrete structures, deductive reasoning, programming, and a selection of more advanced concepts and techniques.
- Solve pure and applied problems and explore ideas by adeptly using mathematical concepts and techniques, problem solving heuristics, pattern recognition, deduction, simulation, modeling, data analysis, and software tools
- 3. Learn mathematics by reading, listening, exploring, and conversing in an effecive manner.
- 4. Explain and critique mathematical reasoning through speaking and writing in a precise and articulate manner in both informal and formal settings.
- 5. Exhibit curiosity, playfulness, creativity, confidence, perserverance, interst in multiple perspectives, and a collaborative spirit.
- 6. Describe and value interconnections among different areas and levels of mathematics, other disciplines, history, ethics, careers, and society.

### Planning and advising notes

**Academic requirements:** Mathematics majors must achieve a grade of C or better in every course counted for the major. All students taking mathematics courses must earn a grade of C or better in prerequisite courses.

21 credit hours of Math electives are required for most majors; only 18 credit hours are required for those who complete student teaching in math education. Math secondary education majors do a teaching internship with Math 131 or 132.

**Teacher certification in mathematics** is available for grades 5-12. Courses needed in addition to the Mathematics major core requirements are Math 301; Math 302; Math 305; Math 323; one of Math 350, 351, or 360, and a teaching internship with Math 131 or 132. Also required are 32 credits of education courses, including a semester of student teaching. The first education class, Educ 201, should be taken in May term of the first year or fall of the sophomore year. See the education catalog and web pages for more details about requirements.

### Planning guide

Connections & Discoveries

### Minor in mathematics

### 19 credit hours

•	Any mathematics courses numbered 200 and above	1	1
•	Any mathematics courses numbered 300 or above	8	2

# Molecular biology/biochemistry

# Major in molecular biology/biochemistry

### 55-58 credit hours

•	Biol 115, Ecology and Evolution	. 4
•	Biol 120, Cell Biology and Genetics	. 4
•	Biol 130, Organismal Biology	. 4
•	One of the following	. 4
	Biol 311, Advanced Molecular Genetics	
	Biol 341, Advanced Cell Biology	
•	One of the following	. 4
	Biol 302, Developmental Biology	
	Biol 303, Vertebrate Physiology	
•	Biol 331, Junior Research Seminar	
•	Biol 409, Internship0	-3
•	Biol 410, Biology Senior Seminar	. 1
•	Chem 111-112, General Chemistry	
•	Chem 303-304, Organic Chemistry	. 8
•	Chem 430, Biochemistry	. 4
•	Math 211, Calculus I	
	Phys 203-204. General Physics	. 8

### Student learning outcomes

Graduates in molecular biology/biochemistry will:

- Demonstrate knowledge of core biological principles spanning all levels of hierarchy (cells to ecosystems).
- 2. Provide examples of the fundamental role that evolutionary principles have in structuring biological systems from the cell to ecosystems.
- Design and implement experiments through developing research questions, designing research methods, and interpreting and analyzing data using statistical techniques.
- 4. Use strong oral and writing skills to communicate scientific concepts.
- Articulate how faith and/or worldview informs personal bioethical attitudes and behaviors.
- Demonstrate knowledge of the dynamic nature of interactions between the cell and its environment.
- Demonstrate knowledge of the cell as an integrated system that can cooperate and organize to form more complex integrated structures.
- Demonstrate safety and competence in laboratory skills: cell culture techniques, DNA/RNA isolation and analysis, gel electrophoresis, and microscopy.

### Planning and advising notes

Recommended elective courses: Additional biology courses; Chem 200, Analytical Chemistry; Chem 310, Thermodynamics; and Chem 312, Quantum Mechanics I.

Graduates with a molecular biology major are well-prepared for further study in medical or graduate school, or direct entry into the job market. Molecular biology provides a foundation for careers in biochemistry, molecular biology, behavior genetics, molecular genetics, biotechnology, genetics, molecular medicine, genomics, proteomics, molecular diagnostics, drug discovery and many related areas.

Planning guide

# **Multimedia communication**

The minor in multimedia communication may be combined with any major, or it may be expanded into a major in one of three ways: as a concentration within the communication major, as a cognate in the informatics major, and as a component of the interdisciplinary major.

### Minor in multimedia communication

### 18 credit hours

•	Art 108, Digital Design	3
•	Bus 220, Office Software Productivity	3
•	Comm 326, Creating for the Web	3
	Art/Comm 375, Animation	
•	Two courses selected from the following, at least 2 credit hours	
	upper level (300 and above)	6
	Art 107, Design	
	Art 208, Typography	
	Art 308, Graphic Design	
	Bus 336, Advertising	
	Comm 212, Digital Media Production	
	Comm 250, Writing for Media	
	Comm 312, Advanced Digital Media Production	

### Student learning outcomes

Graduates in multimedia communication will:

- 1. Comprehend a core of knowledge in the field.
- 2. Create a diverse portfolio that reflects multimedia aesthetic proficiencies.
- Demonstrate a set of professional skills and competencies in their practice of multimedia communication.

# Music

A major, with several possible concentrations, and a minor in music are available. Teachaer certification in vocal and/or instrumental music education is also available for grades 5-12 or P-12. Minors in music and worship or piano pedagogy may be combined with any major except music.

# Major in music

43-84 credit hours (Core and one concentration area)

Core cour	ses (23 credit hours):	
•	Mus 201/202, Music Theory I & II	6
•	Mus 201/202-01, Keyboard Theory Labs	. 1
•	Mus 201/202-02, Aural Skills Labs	1
•	Mus 204, Survey of Music Literature	. 3
•	Mus 301/302, History of Music I & II	. 6
•	Mus 303, Advanced Music Theory I	. 3
•	Mus 311, Topics in Music Literature	
•	Mus 410, Senior Seminar	. 1
•	Sophomore qualifying recital	NC
•	Keyboard proficiency	NC
•	Senior recital, project, or lecture recital	NC
Generalist	t concentration (20-21 credit hours)	
•	Mus 212, Song Leading	
•	Mus 304, Advanced Music Theory II	
•	Applied music	
•	One music elective from the following list:	2-3
	Mus 208, Introduction to Piano Pedagogy (3)	
	Mus 210, Elementary Music Methods (3)	
	Mus 308, Vocal Methods and Pedagogy (2)	
	Mus 312, Conducting I (2)	
•	Ensemble participation at least seven semesters	NC
•	Pianists only: accompany sophomore recitals or equivalent, as directed by the applied teacher	NC
	, , , ,	
Music eau	ication concentration for P-12 certification (61 credit hours)	2
•	Mus 210, Elementary Music Methods	
•	Mus 304, Advanced Music Theory II	
•	Mus 305, String Methods and Materials	
•	Mus 306, Woodwind Methods and Materials	
•	Mus 307, Brass Methods and Materials	
•	Mus 308, Vocal Methods and Pedagogy	. 2
•	Mus 309, Percussion Methods and Pedagogy	
•	Mus 312, Conducting I	
•	Mus 318, Conducting II	2
•	Mus 330, Secondary Music Methods	
•	Applied Music	
•	Professional education courses (see Education department pages for details)	
•	Ensemble participation at least seven semesters	
•	Pianists only: accompany sophomore recitals or equivalent as	
	directed by the applied teacher	NC

Music and	d worship concentration (24-25 credit hours) One of the following courses:	3
	Mus 208, Introduction to Piano Pedagogy	
	Mus 210, Elementary Music Methods	
•	Mus 212, Song Leading	1
•	Mus 312, Conducting I	2
•	Mus 409, Internship	
•	Applied music	8
•	Three related courses chosen from the following:	9
	Engl 203, Introduction to Creative Writing	
	Psyc 210 SW, Developmental Psychology	
	Rel 205 RW, Religion in America	
	Rel 320, Christian Theologies	
	Rel 322, Worshiping Communities	
	Rel 374, Congregational Ministries	
	Thea 235, The Power of Story	
	Thea 245, Aesthetics	
•	Ensemble participation at least six semesters	NC
•	Public demonstration of leading chamber ensemble or	
	congregational singing	NC
•	Pianists only: accompany sophomore recitals or equivalent, as directed by the applied teacher	NC
Piano ped	dagogy concentration (24 credit hours)	
•	Mus 208, Introduction to Piano Pedagogy	3
•	Mus 211, Group Piano Instruction	2
•	Mus 304, Advanced Music Theory II	3
•	Mus 310, Intermediate Piano Pedagogy	2
•	Mus 412, Piano Literature	2
•	Applied music	12
•	At least six semesters of ensemble/accompanying	NC
•	Accompany sophomore recitals or equivalent, as directed by the	
	applied teacher	NC
04	,	

### Student learning outcomes

Graduates in music will:

- Demonstrate growth in musicianship and artistry for excellence in music performance.
- 2. Demonstrate increased skills and knowledge for quality scholarship in music.
- 3. Develop expertise toward effective pedagogies and leadership in music.
- Integrate performance skills, aesthetic understandings and academic work toward music's service as an instrument of peacemaking and the deepening of Christian faith.
- 5. Demonstrate preparedness for a vibrant career that includes using the musical arts for a positive contribution to society.

### Planning guide

First year Goshe

Third year Goshen Core

Advanced Theory (if not in second year)

Applied music

Courses in concentration

Fourth year Balance of Goshen Core

Balance of major History of Music Topics in Music Senior Seminar Recital or paper

Fifth year Student teaching in fall for music education majors

### Planning and advising notes

Music education students may take any of the following courses whenever offered: Mus 210, Mus 330, Mus 312, Mus 318. Music education students should see the Education department catalog and web pages for professional education courses required for certification to teach.

Additional requirements for the major and options for research and performance certificates are described below.

#### Additional requirements

Keyboard proficiency. Keyboard proficiency will require facility in sight-reading, keyboard technique, harmonization, transposition, improvisation and playing by ear. Prior to entering the first semester of music theory (Mus 201), an examination will be given to determine the student's keyboard proficiency level and placement in the keyboard theory labs. Keyboard proficiency exams will be given during final exam days of each semester. In order to pass the keyboard proficiency exam, most students require a sequence of study that begins with the 200-level music theory keyboard skills labs and continues with at least one semester of private applied piano study. Students earning a grade of B or higher in Mus 250 Class Piano automatically meet the requirement. Fulfilling the keyboard proficiency requirement early on in the degree program (by the end of the junior year at the very latest) is strongly recommended.

**Departmental recitals.** All music majors and minors are expected to perform in the music department weekly recitals as directed by their applied faculty instructor.

**Sophomore qualifying recital.** All music majors, minors and interdisciplinary majors with a focus in music are required to present 15-20 minutes of music in a public recital by the end of their fourth semester of applied music study. Successful completion of this requirement, as well as acceptable work in other music studies, is a prerequisite for continuing as a major in the department.

**Junior recital/project.** Junior recitals/projects are required only for students pursuing the research or performance endorsements. See specific requirements under those headings and on the music department Web site.

Senior recital/lecture-recital/project. For those required to perform or present a senior recital or project, a permission performance is required one month prior to the public senior recital/presentation date. All program notes, translations and written documents must be submitted at the time of the permission for review and approval. Senior recitals are not required for music minors, but may be included (NC) if agreed upon by the student and music department adviser.

**Ensemble participation.** All music majors and minors are required to participate in a core ensemble (chamber choir, orchestra, or chamber orchestra). Participation in non-core ensembles is also encouraged (jazz band, men's chorus, women's world music choir, percussion ensemble, small chamber groups).

### Minor in music

#### 20-21 credit hours

•	Mus 201/202, Music Theory I & II
	Mus 204, Survey of Music Literature 3
•	Mus 212, Song Leading
•	Applied music
•	Music elective from the following options:2-3
	Mus 208, Introduction to Piano Pedagogy (3)
	Mus 210, Elementary Music Methods (3)
	Mus 301, Music History I (3)
	Mus 302, Music History II (3)
	Mus 303, Advanced Music Theory (3)
	Mus 308, Vocal Methods & Pedagogy (2)
	Mus 311, Topics in Music Literature (2)
	Mus 312, Conducting I (2)
	Mus 355, Arts in London (4)
•	Ensemble participation at least six semesters NC
•	Sophomore recital or project (may be given in junior or senior year)

### Planning and advising note

NC

Students pursuing a minor in music, especially those receiving music scholarships, are strongly encouraged to complete all requirements by the end of their junior year, particularly the 201-202-204 sequence of courses.

## Research and performance endorsement options

#### Research endorsement requirements:

- Sophomore qualifying recital (15 min.) or lecture-recital (20 min.) involving live performance and sample of written scholarly work (3,000 words) on a music topic submitted to faculty.
- Junior project: a lecture or lecture-recital (30 min.) or a presentation at the student research symposium. Paper must be submitted to faculty for approval one month in advance.
- Senior presentation of a scholarly paper (60 min.), which may or may not include performance. A 9-10,000 word paper must be submitted to faculty one month prior to the public presentation.

#### Performance endorsement requirements:

- 1. Sophomore qualifying recital (20-25 min.)
- 2. Junior recital (30 min.)
- 3. Senior recital (50-60 min.) A permission performance is required one month prior to the public senior recital date.
- 4. Specific instrument requirements:

*Pianists* - learn at least one full concerto (may serve as junior recital) and accompany at least three sophomore recitals or comparable collaborative performances.

Violinists - learn at least one full concerto (may serve as junior recital)

Other instrumentalists - significant sonata repertoire and full concerto or other collaborative chamber project.

# Music in worship

## Minor in music in worship

### 20-21 credit hours

•	Mus 201/202, Music Theory I & II
	Mus 204, Survey of Music Literature
•	Mus 212, Song Leading 1
•	Mus 311, Topics in Music Literature: Church Music
•	Applied music
	One of the following courses: 2-3
	Mus 208, Introduction to Piano Pedagogy
	Mus 210, Elementary Music Methods
•	Ensemble participation at least four semesters NC
•	Sophomore recital or project (may be given in junior or senior year)
	NC , , , , ,

### Student learning outcomes

Graduates in music will:

- Demonstrate growth in musicianship and artistry for excellence in music performance.
- 2. Demonstrate increased skills and knowledge for quality scholarship in music.
- 3. Develop expertise toward effective pedagogies and leadership in music.
- Integrate performance skills, aesthetic understandings and academic work toward music's service as an instrument of peacemaking and the deepening of Christian faith.
- 5. Demonstrate preparedness for a vibrant career that includes using the musical arts for a positive contribution to society.

### Advising note

Music in worship is also available as a concentration within the music major.

# Nursing

### Two tracks, one degree.

The Nursing program has both a basic track described below and a R.N.-to-B.S.N. completion track, which is described in the Adult and Contuining Studies section of this catalog.

### **Basic track**

#### Admission process

Applicants should be in the upper half of their high school graduating class. The high school program should include foreign language, algebra, chemistry and biology. Physics is also recommended. Applications to the professional nursing program are submitted during the second semester of the freshman year. Applications are due by March 1 and are processed by April 30. The first nursing course begins in the fall of the sophomore year. All three 200-level courses are also offered during the summer session. The applicant's readiness for admission to the nursing major is determined by academic performance, references, health record and a security check.

### Transfer students from other nursing programs

Students who wish to transfer to the nursing program at Goshen College from another pre-nursing or nursing program will be reviewed on an individual basis. Admission to the nursing program will be based on the academic and clinical performance of the student. The department of Nursing may request a reference letter from the previous nursing programs regarding academic and clinical performance.

### Academic and professional requirements

**General.** Admission to Goshen College as outlined in the Admission website. **Professional.** Essential abilities necessary to learn the professional nurse role include critical thinking, conceptual and judgmental skills, neurological function so that the senses can be used to make correct clinical judgments and perform psychomotor skills safely; the ability to communicate clearly; effective emotional coping skills; accountability; and the ability to engage in activities consistent with safe nursing practice.

**Academic.** Grade of C or above in supporting and nursing courses and a cumulative college grade point average (GPA) of 2.7 or higher. The Goshen Core requirement in Quantitative Literacy must be met prior to or concurrently with the first science class required for the major.

**Other**. The nursing department reserves the right to adjust the current admission criteria when outcome assessment data demonstrate the need for such changes.

### Continuation criteria

A grade of C or above in all supporting and nursing courses and a college GPA of 2.7 or higher is required for continuation in the nursing major. A grade of C- or below in a supporting or nursing course interrupts the student's plan of study. The course must be repeated with a grade of C or higher prior to advancement to the next level. Nursing and supporting courses may be repeated only once. The number of repeated courses is limited to two supporting courses and one nursing course. The nursing department reserves the right to place a student on probation or require a student to withdraw from the nursing major when the GPA falls below 2.7 or when that student displays behaviors deemed inappropriate to the practice of professional nursing.

### **Graduation requirements**

Completion of 120 credit hours accepted by Goshen College, successful completion of all nursing courses, cumulative GPA of 2.7 or higher in all college course work.

#### Licensure exam

Upon completion of the degree, the student is eligible to take the National Council Licensure Examination - RN (NCLEX-RN) for licensure as a registered professional nurse. The program is accredited by the Commission on Collegiate Nursing Education and is approved by the Indiana State Board of Nursing.

### Major in nursing (basic track)

#### 86 credit hours

### Modified Goshen Core program for nursing students

The same Goshen Core requirements apply as for students in other majors, with two exceptions.

- Perspectives courses: Natural World, Social World and Peacemaking requirements are met by courses in the nursing major.
- 2. **Intercultural education:** Nursing students may select an on-campus alternative program with three elements:
  - Language prerequisite: 101 level of any world language by placement test, course credit, or CLEP (or native language other than English)
  - 6 credit hours from the on campus alternate list (see International Education pages).
  - · Core 300, Global Issues Seminar

### Supporting courses (35 credit hours)

Complete prior to enrolling in nursing courses:	
Chem 101, Introductory Chemistry	3
Chem 103 NW, Chemistry and Health	4
Biol 203, Human Anatomy and Physiology I	. 4
Biol 204, Human Anatomy and Physiology II	
Complete prior to or concurrent with 200-level nursing courses:	
Biol 206, Microbiology	. 3
Chem 220, Human Nutrition	
Psyc 100, General Psychology	
<ul> <li>Psyc 210 SW, Developmental Psychology</li> </ul>	
or Psyc 221, Human Behavior	3
Soc 200, Principles of Sociology	. 3
Complete prior to or concurrent with 300-level nursing courses:	
Biol 319, Human Pathophysiology	3
Psyc 380, Statistics in Research	
	. •
Nursing courses (51 credit hours)	_
Nurs 210, Introduction to Professional Nursing	
Nurs 211, Concepts and Strategies in Nursing	
Nurs 212, Holistic Client Assessment*	
Nurs 305, Pharmacology	. 3
Nurs 306, Nursing Care of the Adult I*	
Nurs 307, Nursing Care of the Adult II*	
Nurs 308, Gerontological Nursing	
Nurs 309 PX, Health Care Ethics	
Nurs 311, Nursing Care of the Expanding Family*	
Nurs 312, Nursing Care of the Child*	
Nurs 403, Nursing Research	
Nurs 405, Psychiatric/Mental Health Nursing*	
Nurs 406, Acute Care Nursing*	
Nurs 408, Community Health Nursing*	. 3

### Academic programs and requirements: Nursing

	Nurs 409, Leadership in Nursing*	
•	Nurs 410, Senior Seminar in Nursing	1
	Nurs 415. Capstone	

### Planning and advising notes

Students who had two semesters of high school chemistry with a grade of B- or higher are exempt from Chem 101 but are required to take Chem 103.

Nursing faculty advisors work with each student to develop a four-year plan.

### Student learning outcomes

Graduates in nursing will:

- Utilize knowledge from the arts and humanities, theology, natural and social sciences, nursing theories, and intercultural experiences in providing nursing care.
- 2. Deomonstrate leadership for promoting quality care and patient safety.
- 3. Utilize the ability to think actively and strategically in applying selected research findings for evidence-based practice.
- 4. Demonstrate skills in using patient care technology and information systems that support safe nursing practice.
- Integrate healthcare policy for the promotion of quality and safety in practice environments.
- Communicate and collaborate with clients and the interdisciplinary team in providing comprehensive health services and the promotion of therapeutic nurse-patient relationships.
- 7. Practice health promotion and disease prevention to improve health for individuals, families, communities, and populations.
- 8. Provide patient-centered care by employing critical thinking, decision-making, psychomotor, and interpersonal skills.
- Demonstrate professional values that foster the ability to resolve conflicts, examine ethical issues, promote accountability, and pursue practice excellence.
- Demonstrate a faith that is active and reflective, and responsive to the spiritual needs of self and others.

<sup>\*</sup>Denotes courses with a clinical component or practice-based project.

# Peace, Justice, and Conflict Studies (PJCS)

### Major in peace, justice, and conflict studies

44		4:1	L	
41	cre	UIT	HOL	urs

•	Bibl 321, Biblical Themes of Peace
•	PJCS 311, Junior Seminar
•	PJCS 325, Mediation: Process, Skills and Theory4
•	PJCS 409, Internship 1-4
•	PJCS 411, Senior Seminar
•	Choose six courses from the list below:
	PJCS 201 PX, Violence & Nonviolence
	PJCS 210 PX, Transforming Conflict & Violence
	PJCS 310, Issues in PJCS
	PJCS 332, Religion, Conflict & Peace
	PJCS 347, Restorative Justice
	PJCS 350, Dynamics/Theology of Reconciliation
	PJCS 360, Personal Violence & Healing
	PJCS 370, Designing for Social Change
	PJCS 425, War & Peace in the Modern World
	PJCS 426, Conflict-Healthy Groups
•	One of the following:
	Econ 203, Principles of Microeconomics
	Econ 310, Economics of War & Peace
•	One of the following:
	PoSc 200, Introduction to Political Science
	PoSc 210, Introduction to Public Policy
	PoSc 308, International Politics
•	One related course:
	Hist 330, Gender in World History
	Hist 335, History of Ethnic Conflict
	Rel 316, Liberation Theologies
	SoWk 355, Contemporary Women's Issues
	Soc 334, Race, Class & Ethnic Relations

### Student learning outcomes

Graduates in peace, justice and conflict studies will:

- Identify, analyze and address various forms of violence, from interpersonal through structural.
- Analyze the relationship of violence to conflict and develop and argue for nonviolent ways of responding to conflict.
- 3. Analyze the process of reconciliation at both interpersonal and structural levels, with particular attention to the complex interplay, and sometimes tensions, between justice, truth, and forgiveness.
- 4. Demonstrate and apply knowledge of conflict and communication theory, process and skills in their own lives and relationships.
- 5. Argue for a personal role in peace building and social change processes.
- Analyze the role of religion in causing and nurturing violence and in promoting peace
- Be given every opportunity to embrace peacemaking as integral to faith, and faith as integral to peacemaking.

# Academic programs and requirements : Peace, Justice, and Conflict Studies (PJCS)

### Planning guide

**SST** Recommended: sophomore year, any summer, spring term junior

year, or fall term senior year

First year Goshen Core

Goshen Seminar: War, Peace & Nonresistance (preferred)

SST language

Transforming Conflict and Violence Economics or political science course

Second year Goshen Core

Expository Writing (strongly recommended)

Violence and Nonviolence

Mediation

Political science or economics course

**Third year** Goshen Core Junior Seminar

Additional courses required for PJCS major

Fourth year Balance of Goshen Core

Remaining courses required for PJCS major

Senior Seminar

### Planning and advising notes

Students should work with their academic advisor to select some classes designed to help them apply their PJCS major after graduation. Courses that have served PJCS majors well in the past, for example, include Soc 322, Social Policy & Programs and SoWk 391, Methods of Social Research.

# Peace and justice studies

# Minor in peace and justice studies

See also the major in peace, justice and conflict studies (PJCS) and the minor in conflict studies.

### 19 credit hours

•	PJCS 325, Mediation: Process, Skills and Theory	3-4
•	PJCS 410, Senior Advanced Work	
•	Choose five courses:	15
	Bibl 321, Biblical Themes of Peace	
	PJCS 201 PX, Violence & Nonviolence	
	PJCS 210 PX, Transforming Conflict & Violence	
	PJCS 310, Issues in PJCS	
	PJCS 332, Religion, Conflict & Peace	
	PJCS 347, Restorative Justice	
	PJCS 350, Reconciliation	
	PJCS 360, Personal Violence & Healing	
	PJCS 370, Designing for Social Change	
	PJCS 425, War & Peace in the Modern World	

### Advising note

May be combined with any major except PJCS.

PJCS 426, Conflict-Healthy Groups

# **Philosophy**

# Minor in philosophy

### 18 credit hours

•	Introductory philosophy class (choose one)	3
	Phil 200, Introduction to Philosophy	
	Phil 202, Philosophy, Wonder & Existence	
•	Phil 302, Ethics and Morality	3
•	Phil 307, Asian Thought	3
•	Three courses selected from the following:	9
	Engl 300, Critical Theory & Practice	
	PJCS 332, Religion, Conflict & Peace or PJCS 350, Dynamics/	
	Theology of Reconciliation	
	Phil 400, Individual Readings	
	Rel 315, Religion in Culture & Society	
	Rel 320, Christian Theologies	
	Rel 402, Christianity & Modern Thought	
	Thea 245, Aesthetics	

### Student learning outcomes

Graduates with a minor in philosophy will:

- Develop a knowledge base of philosophy, including classical and contemporary perspectives on major philosophical problems and methods of dealing with them.
- Develop analytical skills and recognize connections between philosophical themes.
- 3. Construct and articulate coherent philosophical arguments, identifying and avoiding logical fallacies.
- 4. Interact with intellectual philosophical texts in a way that is personal, reflective and integrative.

# **Physical education**

A major and minor in physical education are available, as well as a coaching endorsement for students in any major. Teacher certification is available for grades P-12 or 5-12 (See PETE requirements below). See also minors in health, recreation and sport, and sport management.

# Major in physical education

### 51 credit hours

•	Choose one physiology class:	. 4
	Biol 130, Organismal Biology	
	Biol 203, Human Anatomy & Physiology	
•	Kin 102, First Aid and CPR	. 1
•	Kin 103, Basic Athletic Training	. 2
•	Kin 250, Introduction to Kinesiology	
•	Kin 308, Teaching Sport Skills and Strategies	
•	Kin 309, Physical Education for Children	
•	Kin 310, Sport Management	. 3
•	Kin 315, Applied Biomechanics	. 3
•	Kin 317, Exercise Physiology	
•	Kin 320, Adaptive Physical Activity and Sport	. 3
•	Kin 330, Motor Learning	
•	Kin 345, Theories and Techniques of Coaching	3
•	Kin 409, Internship	. 3
•	Kin 410, Senior Seminar	. 3
•	Six sports skills courses (intercollegiate athletics may count for only	У
	1 credit hour)	6
•	One health-related course	. 3
	Chem 220, Human Nutrition (prerequisite Chem 101)	
	Kin 360, Teaching Health Concepts	
	Kin 415, School and Community Health	
	Soc 210, Sociology of the Family	
	Soc 260, Human Sexuality	
•	Additional practica (in addition to internship)	. 2
	Kin 269, Sports medicine practicum	
	Kin 351, Event management practicum	
	Kin 352, Personal training practicum	
	Kin 353, Group instruction practicum	
	Kin 354, Facility management practicum	
	Kin 420, Health practicum (prerequisite or concurrent course	
	required)	

### Student learning outcomes

All physical education graduates will:

- 1. Describe and apply basic principles of fitness and health.
- Describe and analyze historical, sociological, psychological and cultural aspects of kinesiology.
- 3. Analyze physical activities, sport skills, and exercises from anatomical, biomechanical, and physiological perspectives.
- 4. Demonstrate competency in a variety of sport skills, strategies and physical activities
- Participate in regular physical activity and maintain a healthy level of physical fitness

### Academic programs and requirements: Physical education

- 6. Demonstrate honesty, fair play and willingness to serve others.
- Demonstrate critical thinking strategies, creativity and reflection when processing a problem.
- 8. Demonstrate professional ethical leadership behavior and skills: attire, communication, relationships, responsibilty, initiative, and the ability to empower others.
- 9. Demonstrate knowledge of research methods, statistics and inquiry skills.

# Major in physical education with teacher education (PETE)

### 46 credit hours in biology and kinesiology; 31 in education; 14 in health (optional)

•	Choose one physiology class: 4
	Biol 130, Organismal Biology
	Biol 203, Human Anatomy & Physiology
•	Kin 102, First Aid and CPR 1
•	Kin 103, Basic Athletic Training
•	Kin 250, Introduction to Kinesiology
•	Kin 308, Teaching Sport Skills and Strategies
•	Kin 309, Physical Education for Children 3
•	Kin 310, Sport Management 3
•	Kin 311, Physical Education Teaching Practicum
•	Kin 315, Applied Biomechanics
•	Kin 317, Exercise Physiology
•	Kin 320, Adaptive Physical Activity and Sport
•	Kin 330, Motor Learning
•	Kin 345, Theories and Techniques of Coaching
•	Six sports skills courses (intercollegiate athletics may count for only
	1 credit hour) 6
•	Kin 410, Senior Seminar 3
•	Professional education requirements (see Education pages) 30
•	Health module (optional)
	Chem 220, Human Nutrition (See Chemistry department for
	prerequisite) (3)
	Kin 360, Teaching Health Concepts (3)
	Kin 415, School and Community Health (3)
	Kin 420, Health Practicum (2)
	Soc 260, Human Sexuality (3)

### Student learning outcomes

In addition to the list above, PETE graduates will:

- 1. Describe and apply important elements of motor skill acquisition.
- 2. Plan, implement, and manage developmentally appropriate learning experiences, using best practices in physical education.
- 3. Utilize assessment and reflection to foster child/adolescent learning and inform instructional decisions in physical education.

#### Advising notes

Intercollegiate sports credit is only available to varsity team members. The head coach of each respective team verifies participation each semester. While students may receive credit more than one semester, only one credit may be counted toward the major.

Physical education teacher education students who select the health option have a very full curriculum and may need longer than four years to complete their program. SST must be carefully planned, especially for multi-sport athletes.

Physical educ	ation major four year plan

# **Advising notes**

The coaching endorsement is not a full academic minor. See the kinesiology department for more information.

# Physics and pre-engineering

In addition to a physics major, a 3-2 engineering program is available, described below. Teacher certification for grades 5-12 is also available in physical science or physics.

# Major in physics

#### 50 credit hours

•	Chem 111-112, General Chemistry	8
•	Math 211-212, Calculus I & II	8
•	Math 213, Multivariate Calculus	4
•	Math 321, Differential Equations	3
•	Phys 101, Research Seminar	1
•	Phys 203-204, General Physics	8
•	Phys 302, Analytical Mechanics	3
•	Phys 303, Classical Field Theory	3
	Phys 310, Thermodynamics	
•	Phys 313, Quantum Theory	3
•	Phys 410, Senior Seminar	3
	Physics electives	2

### Student learning outcomes

Graduates in physics will:

- Apply principles from primary physical theories: mechanics, electricity and magnetism, thermodynamics, and quantum mechanics.
- Demonstrate facility with mathematical and computational tools of a physicist: calculus, differential equations, programming languages, computational environments, and spreadsheets.
- Demonstrate facility with laboratory equipment and ability to analyze and visualize data using tools such as graphing, curve fitting, and statistical analysis.
- Carry out independent projects and research, both individually and collaboratively.
- Demonstrate oral and communication skills to present technical matters to a variety of audiences.
- 6. Exhibit thoughtful awareness of basic issues and questions in the relations between science, religion, and ethics.

# **Engineering 3-2 program**

The 3-2 engineering program combines a liberal arts background from Goshen College with an engineering degree from one of the leading engineering schools in the nation. The student spends three years at Goshen College and two or two and a half years at the engineering school, receiving a bachelor of arts degree in physics (or chemistry or computer science) from Goshen and a bachelor of science degree from the engineering school.

Goshen College has formal program agreements with University of Notre Dame (South Bend, Ind.) and Case School of Engineering of the Case Western Reserve University (Cleveland, Ohio). Admission to the engineering school is granted to a student with a 3.3 overall grade point average, upon recommendation of the physics department.

Transfer to other schools is possible and common, but is done on an individual basis. Goshen College will grant the B.A. degree when the student completes the engineering curriculum and the Goshen College requirements.

Planning guide for engineering 3-2 track

First year Goshen Core

Calculus I & II General Physics Research Seminar Info 230, Programming I\*

Second year Goshen Core

General Chemistry Multivariate Calculus Differential Equations Thermodynamics Quantum Theory SST (summer)

Third year Goshen Core

Engineering Statics\*

Electronics\*

Analytical Mechanics Optics and Holography\* Classical Field Theory

### Planning and advising notes

Note that the three-year engineering plan above includes some courses\* required for engineering, but not required for the physics major.

Physics department advisors will assist each student in creating a suitable four-year plan. Students in a four-year program should choose SST units freely, anticipating that course schedule adjustments can be made to accommodate the choice.

**Teacher certification in physics or physical science** is available for grades 5-12 in two related areas. Courses needed in addition to the physics major are:

Physics - Phys 208, Phys 210

Physical Science - Chem 200, Chem 303, Phys 210

Also required are 32 credits of education courses, including a semester of student teaching. The first education class, Educ 201, should be taken in May term of the first year or spring of the sophomore year. See the education catalog and web pages for more details about requirements.

# Piano pedagogy

Piano pedagogy is also available as a concentration within the music major.

# Minor in piano pedagogy

#### 22 credit hours

•	Mus 201/202, Music Theory I & II	. 8
	Mus 204, Survey of Music Literature	
•	Mus 208, Introduction to Piano Pedagogy	. 3
•	Mus 310, Intermediate Piano Pedagogy	2
•	Applied music: Piano	6
	Ensemble participation at least four semesters	
	Sophomore recital or project (may be given in junior or senior year)	
	NC ,	

### Student learning outcomes

Graduates in music will:

- Demonstrate growth in musicianship and artistry for excellence in music performance.
- 2. Demonstrate increased skills and knowledge for quality scholarship in music.
- 3. Develop expertise toward effective pedagogies and leadership in music.
- Integrate performance skills, aesthetic understandings and academic work toward music's service as an instrument of peacemaking and the deepening of Christian faith.
- Demonstrate preparedness for a vibrant career that includes using the musical arts for a positive contribution to society.

# Political studies

A Goshen College approach to political studies highlights issues of social justice, global encounters, advocacy for those marginalized by power structures, and working toward positive change.

# Minor in political studies

#### 18 credit hours

PoSc 200, Introduction to Political Science (3) PoSc 210, Introduction to Public Policy (3) PoSc 305, US Constitutional Law (3) PoSc 306, International Politics (3) PoSc 320, Issues in Politics and Society (3) PJCS 425, War and Peace in the Modern World (3) Additional courses from the core list above, or any of the following: Hist 315, War and Peace in 20th Century Europe (3) Hist 326. Recent American History (3) Hist 335, History of Ethnic Conflict (3) PJCS 201, Violence and Nonviolence (3) PJCS 332, Religion, Conflict and Peace or PJCS 350, Dynamics/Theology of Reconciliation (3) PJCS 360. Designing for Social Change (3) Soc 322, Social Policy and Programs (3) Soc 334, Race, Class & Ethnic Relations (3) Sust 320, Environmental Policy & Politics (3 - part of Sustainability Leadership Semester)

### Student learning outcomes

Graduates in political studies will:

- Demonstrate knowledge and application of political science principles and theories
- 2. Skillfully communicate political arguments in both written and oral form.
- 3. Identify and interpret sources effectively as evidence for political analysis.
- Critically analyze, construct and support political arguments from a variety of perspectives.
- Interpret the moral responsibilities of the political scientist within a professional setting.

#### Planning and advising notes

The political studies minor takes an interdisciplinary approach, introducing students to the guiding paradigms and questions of political science, while noting how multiple discplines are engaged with the fundamental questions of government and power relations. Students take a set of core courses on political science and policy, supplemented by politically oriented courses in history; peace, justice and conflict studies; and sociology. Students are encouraged to design a combination of courses in the minor that best suits their career path.

# **Pre-law studies**

A pre-law minor can be combined with any major or expanded into a pre-law major via the interdisciplinary studies program. The minor will prepare the student for success in taking the LSAT exam and in law school studies.

### Minor in pre-law studies

Soc 200, Principles of Sociology(3)

Soc 322, Social Policy & Programs(3)

SoWk 350, Human Services: Special studies(3)

### Planning and advising note

The list of courses in this minor is designed to develop skills in logic, text analysis, written and oral communication and a knowledge base in public policy and human experience. At least nine credit hours in the minor must be 300-level or above. LSAT materials and advising are available through history department faculty advisors.

### Student learning outcomes

- Demonstrate knowledge and historical application of the principles and theories of law, politics and public policy.
- 2. Skillfully communicate logical arguments in both written and oral form.
- 3. Identify and interpret sources effectively as evidence.
- Critically analyze, construct and support arguments from a variety of perspectives.
- 5. Interpret moral responsibilities within a professional setting.

# **Psychology**

A major and a minor are available in psychology.

# Major in psychology

### Student learning outcomes

Graduates in public relations will:

- 1. Comprehend a core of knowledge in the field.
- 2. Create a diverse portfolio that reflects their work in public relations.
- 3. Demonstrate a set of professional skills and competencies in their practice of public relations.
- Serve the college and broader public through co-curricular media involvement
- Demonstrate competence in securing and completing two or more internships.

### Academic programs and requirements: Public relations

- 6. Report that courses and other collegiate training prepared them for a position in public relations or a related career.
- 7. Integrate Christian values, professional conduct and a global perspective.
- 8. Gain experience in practicing public relations as members of a team.

Balance of Goshen Core Fourth year

> Balance of major Internships Senior Seminar

### Planning and advising notes

Comm 200. Communication Practice should be with a co-curricular closely related to the major. The public relations major requires two internships: one for three credit hours and a second for one credit hour. A portfolio or its equivalent is required for graduation.

Academic requirements: public relations majors and minors must earn a grade of C- or higher in all courses required for their major or minor. Failure to attain this level of achievement requires the student to either repeat the course (for specific requirements) or take an additional course (an option for elective courses) and achieve a grade of C- or higher.

A maximum of 45 credit hours in communication courses may be applied to a degree. Also, no more than 12 credit hours in experiential learning (Comm 200, 209, 409 or 412) may be applied.

•	Kin 308, Teaching Sport Skills & Strategies	3
•	Kin 310, Sport Management	3
•	Kin 320, Adaptive Physical Activity & Sport	3

### Student learning outcomes

In addition to general student learning outcomes described in the physical education catalog section, graduates in recreation and sport will:

- Describe historical, sociological, psychological and cultural aspects of sport in kinesiology.
- Demonstrate competency in a variety of sport skills, strategies, and recreational physical activities.
- 3. Demonstrate honesty, fair play, and a willingness to serve others.
- Demonstrate sound but basic teaching/coaching skills in the context of sport and recreation.
- Demonstrate professional ethical leadership behavior nd skills: attire, communication, relationships, responsibility, initiative, and the ability to empower others.

### Advising note

The sport and recreation minor is not available to students with a major in physical education or exercise science.

### Social Work

The Goshen College social work program is accredited by the Council on Social Work Education and has, as its primary objective, the preparation of students for professional social work practice. Students are also prepared for graduate social work education and receive advanced standing in many Master of Social Work programs.

### Social Work: two tracks, B.A. or B.S.

The social work program has both a four-year bachelor of arts track and a 16-month accelerated bachelor of science track described in the Graduate & Continuing Studies section of the catalog. Students who start college immediately after graduating from high school follow the four-year track and earn a B.A. in social work. Students who have graduated with an associate degree in human services and have related work experience follow the accelerated track, earning a B.S. in social work. The accelerated track is designed to provide a more accessible option for working and/or parenting adults.

Both tracks follow the same social work curriculum, which builds on the liberal arts perspective in the Goshen Core curriculum with its emphasis on international, intercultural, interdisciplinary and integrative teaching and learning. The program outcomes for graduates are the same for students enrolled in either track.

### Admission to the BASW social work professional program

Social work is a professional program that requires an admission process separate from admission to the college. Students apply for admission to the social work education program following successful completion of Introduction to Social Work, SoWk 224, taken in the sophomore year. Written applications are accepted in December of each school year. Admission criteria include academic and personal qualifications with a value orientation necessary for the professional practice of social work. The admission process is directed toward furthering students' personal growth as they explore vocational interests and abilities. Specific information about criteria and process is found in the Social Work Student Handbook. This may be obtained from the director of social work education.

	SoWk 350, Human Services: Services to Families	

### Student learning outcomes

Graduates in social work will demonstrate in measurable ways achievement of the ten core competencies articulated by the Council on Social Work Education. Graduates will:

- 1. Identify as a professional social workers and conduct oneself accordingly.
- 2. Apply social work ethical principles to guide professional practice.
- 3. Apply critical thinking to inform and communicate professional judgments.
- 4. Engage diversity and difference in practice.
- 5. Advance human rights and social and economic justice.
- 6. Engage in research-informed practice and practice-informed research.
- 7. Apply knowledge of human behavior and the social environment.
- 8. Engage in policy practice to advance social and economic well-being and to deliver effective social work services.
- 9. Respond to contexts that shape practice.
- Engage, assess, intervene, and evaluate with individuals, families, groups, organizations, and communities.

Fourth year Balance of Goshen Core

Social Work Practice Theory II

Field Instruction Senior Seminar

#### Planning and advising notes

Students declaring a social work major are assigned a social work faculty advisor. Students exploring their interest in social work are invited to talk with the program director. Academic advising, which takes place in the fall and spring semesters each year, aids students in selecting courses in the sequence required for successful completion of the program. All social work courses must be taken in numbered sequence. If possible, Methods of Social Research should precede Social Work Practice Theory I. Additional advising appointments are scheduled as part of admission to the program and to field instruction. Students are encouraged to initiate contact with faculty advisors as issues arise, at any time throughout the academic year.

Psyc 100, General Psychology is a prerequisite for Psyc 306, Abnormal Psychology. Social work majors should discuss with their advisor the option of SoWk 221 Human Behavior functioning as the prerequisite for Psych 306. Courses in human biology, statistics and expository writing are required for admission into some Master of Social Work (MSW) programs.

### Academic requirements

The professional practice of social work requires acquisition of knowledge, specific skills, a firm identification with specified values and ethics and a high degree of social and personal responsibility. Students whose academic work falls below a 2.5 grade point average (GPA) in required social work and related courses, or whose personal or professional behavior is inconsistent with the above requirements, may be asked to leave the program. Students who are denied admission or dismissed from the program, and believe relevant policies were unfairly administered, have the right to initiate the Goshen College grievance procedure.

PJCS 325, Mediation: Process, Skills and Theory

PJCS 426, Conflict-Healthy Groups

Soc 391. Methods of Social Research

### Planning and advising notes

The social policy minor is designed to assit students with a liberal arts major in obtaining knowledge and skills applicable to employment in the non-profit sector.

To obtain a minor in social policy, students must consult with their major advisor and submit a proposal of their goals and rationale for their course choices in the minor to the Social Policy Review Committee (Jan Bender Shetler, Joe Liechty, Kendra Yoder) for approval. At least nine credit hours in this minor must be upper level (300 level and above) courses. After the plan of study is approved and submitted to the registrar, students will continue to be advised for the minor by their major advisors. Double counting will be limited to two courses, i.e., at least 12 hours of the minor must be met through discrete courses that do not count toward a student's major requirements.

In the social policy internship, students will gain practical experience in their specific areas of interest. Most will complete an internship through the existing course, SoWk 321, which combines 40 hours in an agency and policy setting with weekly class sessions. Students may also meet this requirement through existing departmental internship courses, provided they meet the three credit hour requirement. With approval by the social policy review committee, the internship requirement may also be met through an off-campus program such as the Chicago Center.

**Third year** Junior Year Abroad (advanced language and related courses)

Fourth year Balance of Goshen Core

Balance of major and related courses Hispanic Literature

Senior Integrating Seminar

### Planning and advising notes

While most Spanish majors begin to study Spanish in high school, it is possible to complete the major successfully if the student begins Spanish study at Goshen College and plans carefully. The requirement of two semesters living and studying abroad, usually completed during the student's junior year, can be met by one of the following:

- 1) Spend one semester in a Goshen College SST location (Peru or Nicaragua) and the other semester in an approved study abroad program. These two semesters do not necessarily need to be taken consecutively.
- 2) Spend two consecutive semesters in the same country with an approved study abroad program.

While SST is not required to complete the major, it is highly recommended. The 12 hour requirement of upper level related coursework for the Spanish major is normally completed during the study semester in one of the following approved study abroad programs:

- BCA Bridge/Connect/Act
- · CIEE Center for Intercultural Education and Exchange
- · CEA Cultural Experiences Abroad

The study-abroad requirement may be reduced or waived for native Spanish speakers.

# Teacher education certification requirements

Teacher certification is available in Spanish for grades 5-12. Courses needed in addition to the Spanish major core requirements are as follows:

Engl 310, Engl 320 (3 credits), at least 33 credit hours of Spanish language (up to 12 credit hours for level 101-201 may be earned by exam).

In addition, 32 credits of education courses, including a semester of student teaching. The first education course, Educ 201, should be taken in May term of the first year or fall of the sophomore year. See the Education department pages for more details about requirements.

# **Minor in Spanish**

	Kin 351, Event Management Practicum	
	Kin 354, Facility Management Practicum	
•	Sports skills classes	3

### Student learning outcomes

In addition to general student outcomes described in the physical education section of the catalog, graduates in sport management will:

- Describe historical, sociological, psychological and cultural aspects of sport in kinesiology.
- 2. Understand basic principles in accounting, management and marketing.
- 3. Understand basic strategies in sport event and facility management.
- 4. Demonstrate competency in several sports skills.
- Demonstrate critical thinking strategies, creativity and reflection when processing a problem.
- Demonstrate professional ethical leadership behavior and skills: attire, communication, relationships, responsibility, initiative and the ability to empower others.

### Planning and advising notes

The sport management minor is available to students in any major. Courses required for the minor may duplicate courses required in the student's major only with permission from the major advisor.

This minor may be expanded into a major via the interdisciplinary studies program.

# Sustainability

A minor in sustainability is offered to students with any major. This minor includes participation in the Sustainability Leadership Semester at Merry Lea Environmental Learning Center, which is described below. See also the major in environmental science, with an on-campus concentration in sustainability, and the minors in agroecology and environmental studies.

# Minor in sustainability

#### 18 credit hours

•	Sustainability Leadership Semester	15
•	One of the following courses:	. 3

	Biol 324, Advanced Field Ecology	
	Biol 340, Field Experience in Environmental Education	
	Econ 309, Environmental Economics	
	Hist 345, Environmental History	

### Student learning outcomes

Graduates with a minor in sustainability will:

- Describe the ecological and social elements of a landscape and their interconnections.
- Articulate a model of community-based problem solving that draws on expertise from multiple perspectives.
- 3. Clarify and make explicit their own convictions and values to build off of those for more organic and effective leadership.
- Describe direct and indirect ways that they as individuals, and as members of communities, affect other elements in their places.
- 5. Develop a catalogue of positive outcomes to sustainability challenges that form the basis for hope in the potential restoration of places.
- Practice skills of critical questioning and interpretation to facilitate problem-solving in environmental issues.

	Sust 320, Environmental Policy and Politics	
•	Sust 330, Environmental Problem Solving	. 2

### Program description

The fall Sustainability Leadership Semester (SLS) is a residential, problem-based undergraduate program. SLS focuses on understanding sustainable and regenerative communities by examining the local watershed. A cohort of students spends the semester in full-time residence at Merry Lea's Rieth Village, where they closely evaluate day-to-day decisions and make sustainable living choices concerning both personal lifestyle and community life. They study the structures and functions of both societal systems and ecosystems at Merry Lea and in the surrounding region.

Learning occurs through talking with a wide range of actors and institutions, as students engage in critical issues of local concern. The learning community provides an opportunity for students and faculty from diverse backgrounds and expertise to contribute to the process of understanding these problems and looking for points of involvement

together. Students interact with people from the local community who are faced with real environmental issues and grapple with the complexity of and interdisciplinary nature of possible solutions.

### Planning and advising notes

The SLS program is designed to be part of a student's third year of college, but there is some flexibility to fit with student schedules. There are no specific prerequiste courses for this program. Participants are selected through a competitive application process. Applications may be obtained through the Merry Lea website. Permission of the Sustainability Leadership Semester director is required to enroll.

# **TESOL** - Teaching English to speakers of other languages

Comm 206 Communicating Across Cultures

A major and a minor in TESOL are available, in addition to English Learners teacher certification for grades P-12 or 5-12. See the Education pages for information about certification in Elementary education/English learners for grades K-6.

	Any intercultural source in the CCT alternate list in the International	

Any intercultural course in the SST alternate list in the International Education section of the catalog. This course may not double count for the International Studies minor.

### Student learning outcomes

Graduates in TESOL will:

- Demonstrate knowledge of the historical development, sociological contexts and systematic organization of languages in general and English in particular.
- 2. Demonstrate knowledge of language learning theories and language teaching methods and issues.
- 3. Demonstrate knowledge of culture's impact on world view, language, texts, and communication styles.
- 4. Communicate effectively in a variety of sign systems, including oral, written and media.
- 5. Apply language learning theories and evaluation methods in the use of a wide variety of effective stategies in the teaching of second languages.
- 6. Contribute to society as a culturally competent teacher and communicator.
- 7. Integrate faith and ethical awareness into the teaching of languages and interactions with language students.

Education courses\*

Intercultural studies courses

Methods of TESOL TESOL Practicum

Fourth year Balance of Goshen Core

Balance of major and related courses

English Senior Seminar

### Planning and advising notes

Students must demonstrate basic competence in some foreign language through the 102 level by testing or by courses. The "additional foreign language" requirement beyond the basic competence may be in the same language or a third language. Also, ASL may count as the basic foreign language or as the additional foreign language, but not as both.

### Teacher education certification in TESOL

The Education and English departments collaborate to offer three different teacher education state certification programs that equip students to teach English Learners (EL) in public schools and elsewhere:

- Grades K-6 certification in Elementary education/English learners (EL): students complete the normal Elementary Education major and Engl 204, 310, 315, 319, 320 and 325 (unless student teaching is done in EL).
- Grades 5-12 certification in EL: students complete the TESOL major and the Secondary Education track in the Education department.
- Grades P-12 certification in EL: students complete the TESOL major and the Secondary Education track and also take Engl 325 for 2 credits.

The first education class, Educ 201, should be taken in May term of the first year or fall of the sohpomore year. See the Education department catalog and web pages for more details about requirements.

For the K-6 and 5-12 EL certifications, students should either do student teaching in EL (instead of Engl 325) or else do a non-EL student teaching placement and then Engl 325 for 2 credits. For P-12 EL certification, students should do EL student teaching with one age group (e.g., elementary students) and then Engl 325 for 2 credits with another age group (e.g. high school students). Non-Teacher Education students should do Engl 325 for 3 credits

# Minor in teaching English to speakers of other languages (TESOL)

### Student learning outcomes

Graduates in theater will:

- 1. Develop an understanding of theater as collaborative and interdisciplinary.
- 2. Demonstrate basic skills in effective oral, written and visual communication.
- 3. Comprehend foundational concepts and practices in the theater discipline and develop fluency in one or more concentration areas.
- 4. Develop a style of leadership that shows respect for others and models the college's core values.
- 5. Gain a clear understanding of how their work is perceived by others.
- 6. Develop a clear sense of Christian ethics and standards in the theater field.
- Have a working understanding of available theater and related careers and avocations.
- 8. Be prepared for graduate school.
- Serve the campus community and broader public through co-curricular involvement.

### Planning guide

First year Goshen Core

Introduction to Theater Theater Practice

The Power of Story

Second year Goshen Core

Expository Writing History of Theater Theater Practice Comm Research Courses in major

SST

Third year Goshen Core

Theater Practice

Upper-level courses in major

Fourth year Balance of Goshen Core

Balance of major Senior Seminar Internship

### Planning and advising notes

Transfer students must have a minimum of nine hours of theater courses at Goshen College. The Thea 409/Internship should be in the student's area of concentration. A senior recital and a portfolio or its equivalent are required for graduation.

A secondary teacher education program in theater arts for grades 5-12 is available. Students should elect the theater education concentration described above. The program requires 30 credits of education courses, including a semester of student teaching. The first education class, Educ 201, should be taken in May term of the first year or spring of the sophomore year. See the education catalog and web pages for more details about requirements.

### Minor in theater

#### 18 credit hours

•	Thea 225, Introduction to Theater	3
	One of the following:	
	Thea 387, History of Theater	
	Thea 388, Themes in Drama	
•	One of the following:	3
	Thea 235, The Power of Story	
	Thea 334, Acting	
•	Concentration in theater and related courses	9
•	At least four semesters participation in theater productions	1C

### Planning and advising notes

Concentration courses are selected in consultation with theater minor advisor. At least eight credit hours in the minor should be upper-level credit (300 and above). At least six credit hours must be taken at Goshen College. A faculty-approved and supervised theater recital (or its equivalent) is encouraged, but not required for theater minors.

# Theological studies and Christian ministry

# Minor in theological studies and Christian ministries

#### 18 credit hours

•	Bidi 300, Jesus and the Gospeis	٠.
•	Rel 374, Congregational Ministries	. 3
•	Rel 320, Christian Theologies	. 3
•	Rel 409, Internship	. 3
•	Courses selected from the following:	
	Bibl 213 RW, The Story of the Early Church (3)	
	Mus 212, Song Leading (1)	
	Mus 311, Topics in Music Literature: Church Music (2)	
	Phil 302, Ethics and Morality (3)	
	PJCS 370, Personal Violence and Healing (3)	
	Rel 209, Field Experience (1-3)	
	Rel 225, Spiritual Formation (1)	
	Rel 322, Worshiping Communities (3)	
	Rel 330, Religion and Sexuality (3)	
	AMBS course, with approval from academic advisor	

### Student learning outcomes

Graduates with a minor in Theological Studies and Christian Ministries will:

- 1. Articulate a biblical, historical and theological foundation for ministry.
- Exercise competent leadership through designing, implementing and assessing ministry experiences.
- 3. Assess growth toward spiritual and personal maturity.
- 4. Clarify and develop a ministerial identity.

### Planning and advising notes

A campus Ministry Leader program and a summer Ministry Inquiry internship program, both coordinated by the campus ministry office, provide excellent opportunities for students to test ministry as a vocation.

# Women's and Gender Studies

This interdisciplinary program draws on courses from a variety of disciplines and resources in the campus community in addition to a core of courses offered by the Women's and Gender Studies program. Courses listed or cross-listed in this program meet the following criteria:

- Critically examine cultural assumptions about gender as well as race and class.
- Explore the production of knowledge in disciplines that reflect on women's and men's lived experiences.
- Identify and analyze the many systems that shape women's and men's lives and choices.
- Examine feminist genres, research methods, structures, analytical tools, aesthetics, criticism, contemporary issues and pedagogy.

# Minor in women's and gender studies

### 18 credit hours

### Planning and advising notes

WGS 200, Introduction to Gender Studies is strongly recommended for all students selecting this minor.

# Writing

A major and a minor in writing are available, offered by the English department. See also the major and minor in journalism, offered by the Communication department.

# Major in writing

### 40 credit hours

•	Engl 201, World Literature
•	Engl 203, Introduction to Creative Writing
•	Engl 204, Expository Writing
•	Engl 280, Sophomore Portfolio 1
•	Engl 312, Writing Workshop (repeatable to 3 credit hours)
•	Engl 315, The English Language
•	Engl 319, English Grammar 1
•	Three Writing Courses
	Comm 250, Writing for Media
	Comm 308, Feature Writing
	Engl 330, Writing Fiction
	Engl 332, Writing Poetry
	Engl 334, Writing Creative Nonfiction
	Engl 336, Special Topics in Writing
	Thea 350, Playwriting
•	Three Literature/Language electives (at least one upper level 300 or
	above)
	Engl 210, Introduction to Literature
	Engl 205, 206, 209, 211, 212, 213, or 214 (Artistic World Core
	course)
	Engl 207/307, Literature of Ethnicity, Gender, and Race
	Engl 230, Literature and Popular Culture
	Engl 235, Graphic Novel
	Engl 300, Critical Theory and Practice
	Engl 301, 302, 303, 309, British or American Literature survey
	Engl 305, Genre Studies
	Engl 306, Major Author
	Engl 310, Introduction to Linguistics
•	One course in media context or production experience
	Art 107, Design
	Comm 108, Digital Design
	Comm 255, Photocommunication
	Comm 236, Greating for the Web
	Comm 326, Creating for the Web Comm 350, Reporting for the Public Good
_	• •
•	Engl 405, English Junior Seminar
•	Engl 408, Senior Writing Practicum
•	Engl 4 to, English Senior Seminal

### Student learning outcomes

Graduates in writing will:

- Develop the vocabulary and conceptual tools to analyze, discuss, and create poetry, fiction, and nonfiction prose.
- Gain familiarity with classic and recent creative works, particularly with an eye to their craft, as well as to their place and purpose in twenty-first century culture.

- 3. Develop knowledge of the intellectual and cultural frameworks of American, English, and Anglophone literature and language.
- Demonstrate mastery of a range of writing tools, including revision and editing strategies that foster the successful practice of creative and expository writing.
- Develop and design a series of portfolios that encourage self-assessment and focus in the student's work, leading to a professional writing sample in a chosen genre.
- Analyze the role of cultural context, audience, and individual voice in writing through creative collaboration.
- Use reading, critical thinking, editing, and writing to integrate faith and ethics with personal identity.
- Take ownership of an articulate written voice that can create change in the world

Fourth year Balance of Goshen Core

Balance of major

Senior Writing Practicum

Senior Seminar

### Planning and advising notes

Students earning AP, IB, or CLEP credit in English are strongly encouraged to take Engl 204 during the first year. Most AP and IB literature and language courses will count as elective credits toward graduation, but not toward the Writing major.

Students completing the sophomore portfolio should meet with the Writing program advisor in the fall of their sophomore year or as soon as they declare a writing major to determine the best semester for enrolling in that course.

Writing majors are encouraged to get involved with Communication or English co-curricular activities such as *The Record*, Pinchpenny Press, *Broadside*, or *Red Cents*. Comm 200, Communication Practice or Engl 290, English Publishing are recommended in the third year.

Students with a second major, in addition to writing, may choose to take a senior seminar in just one major field, substituting an elective course in the other major.

## Minor in writing

18	credit	hours
----	--------	-------

•	Comm/Engl 204, Expository Writing  One of the following individualized courses:  Comm 412, Special Project	
	Engl 280, Sophomore Portfolio <i>and</i> Engl 408, Senior Writing Practicum	
•	Courses in journalistic and/or creative writing selected from the following	12
	Comm 250, Writing for Media	
	Comm 260, Broadcast Writing	
	Comm 308, Feature Writing	
	Comm 326, Creating for the Web	
	Comm 350, Reporting for the Public Good

	Engl 330, Writing Fiction	
	Engl 332, Writing Poetry	
	Engl 334, Writing Creative Nonfiction	
	Engl 336, Special Topics in Writing	
	Thea 350, Playwriting	

#### Planning and advising notes

Students should choose an advisor from the Communication or English department faculty, depending on their particular field of interest.

Writing minors are encouraged to get involved with communication or English co-curricular activities, including *The Record, The Correspondent,* Pinchpenny Press, *Broadside*, and *Red Cents*.

Students registering for Comm 412, Special Projects or Engl 408, Senior Writing Practicum must meet with an advisor and have a proposal approved in the semester prior to registering.

## Office of Graduate and Continuing Studies

Phil Mason, Executive Director

#### Introduction

The Office of Graduate and Continuing Studies administers several degree programs designed for non-traditional students. Our adult programs reflect the distinctive Goshen College standards of excellence, in a friendly environment of professional support. Four graduate degree programs are described in a separate graduate programs catalog.

Two full degree programs are offered:

- · B.S. in business administration
- · B.S. in social work

Two degree-completion programs are offered:

- B.S. in organizational leadership
- R.N. to B.S.N. degree completion for persons who have completed an R.N. program

In addition, a Transition to Teaching program is available as an alternative certification path for students who have already earned a bachelor's degree in a licensing content area.

## Admission information and program structure

## **BSBA** and **BSW** accelerated programs

To enroll in accelerated BSBA or BSW programs, a student must have completed at least 24 credit hours of college coursework. Other admission requirements for these programs are the same as for traditional programs. See the Admission website or the Admission section of this catalog.

Classes in the accelerated programs meet once per week for 7 or 14 weeks in a year-round calendar. Graduates must earn a total of 120 credit hours with a 2.0 grade point average, and at least 30 credit hours must be completed at Goshen College. Admission and registration processes are completed through the Office of Graduate and Continuing Studies.

#### Degree completion programs

Degree completion programs are designed for adult learners who are working full time. Classes meet once a week in evening hours; each class is normally 5 weeks long. Graduates must earn a total of 120 semester hours with a 2.0 grade point average for courses completed at Goshen College. Admission and registration processes are completed through the Office of Graduate and Continuing Studies.

Organizational leadership prerequisites

- · Three to five years significant life or work experience
- Approximately 60 semester hours of college coursework already completed
- · Demonstrated mastery of basic computer and writing skills
- · Satisfactory references
- At least a C (2.0) average in all prior college course work

In addition to the 40 credit hours earned in Goshen College courses, students may earn up to 20 additional credit hours through Credit for Prior Learning. Students may also transfer up to 20 credits from their military service for courses which are comparable in content to courses offered at a liberal arts college. A maximum of 12 hours of credit may be accepted for technical or skills-oriented courses from vocational training programs in

technical schools, community colleges, or Bible institutes. Credits can also be obtained using DANTES and CLEP tests. Goshen College is a test center for both exam programs.

### R.N. to B.S.N. prerequisites

- An associate degree or diploma in nursing from an accredited program
- A cumulative grade point average of 2.7 or higher in prior academic work
- Completion of three supporting courses: English composition, anatomy and physiology, and either sociology or psychology
- Current licensure as an R.N. in Indiana or a neighboring state where the clinical component can be completed

## Transition to Teaching program

Transition to Teaching (TtT) candidates must have completed an undergraduate degree in their field with at least a 3.0 grade point average (GPA) to be eligible for this program, based on Indiana state law. An assessment of content knowledge and skills will be completed for each candidate by the Goshen College licensure advisor before entering the program. Additional coursework may be a prerequisite for admission. Education courses listed for two credit hours are taught jointly with three credit hour courses. TtT students pay for only two credit hours. Field experience is required for most classes. Elementary licensure requires 24 credit hours of education courses. Secondary licensure for grades 5-12 requires 18 credit hours. All-grade licensure for P-12 in music, physical education or visual arts has additional requirements.

#### **Attendance**

Due to the concentrated scheduling and the emphasis upon participatory learning, having two absences in classes that meet once per week is considered missing too much class to continue. After two absences, explained or unexplained, a student may be un-enrolled from a course. OGCS will work with the student to make a plan to continue in the program that student is pursuing, but the student will be required to make up the course. A student may contact the instructor in advance to work out an alternate plan for missed work, but missing class should be a rare occurrence. Both absence and tardiness constitute breaches of the attendance policy.

Faculty members are given the flexibility to establish stricter attendance policies in their classes with written quidelines distributed to students the first night of a class.

Students who exhibit a pattern of absenteeism in the program are subject to dismissal, pending review by the program director.

#### **Dean's List**

Undergraduate students in OGCS programs who are carrying a course load of 12 hours or more, who earn a 3.6 or higher grade point average, will be included in the Goshen College Dean's List for the term in which they received this grade point average. The list is reported in May and December.

## Incomplete grades

A grade of I (incomplete) may be given at the instructor's discretion for medical emergencies or circumstances beyond the student's control. Students must be earning a passing grade at the time of the request for an I grade. It is to be given rarely and not to accommodate the student who, through carelessness or poor planning, does not complete course work in the given time. The student will work with the instructor to establish a plan for completion of the course.

For degree completion students, the student must initiate arrangements with the faculty member by the end of the last class session to obtain a grade of "Incomplete," and it must be approved by the program director. Work not submitted by the deadline will be

counted as zero, unless arrangements have been made with the faculty member. Students may carry only one course with a grade of Incomplete. Incompletes must be completed within six weeks of the final exam due date or a date agreed upon with the instructor because of extraordinary circumstances. Incompletes not satisfied by the due date will become the grade given by the instructor based on work submitted. If the Incomplete becomes an F, the student must retake the course and pay the current tuition rate in effect when they enroll in the course a second time.

The new grade is used to compute the grade point average, but the I remains on the student's permanent record.

### Inclement weather

In the case of inclement weather, it may be necessary to cancel and reschedule a class session. The Office of Graduate and Continuing Studies will determine whether or not classes should be canceled. A decision will be made by 4:00 PM. Cancellation of day classes does not determine that night classes will also be canceled. If a decision is made to cancel classes for a given evening, every attempt will be made by the OGCS staff to notify each student personally by phone or email. After consultation with the instructor, class will either be rescheduled within two weeks or comparable learning activities will be required of students.

#### Refunds

### Degree completion programs

Refund of tuition for degree completion students is made on the basis of classes completed in the respective course at the time a student is withdrawn or has notified the Office of Graduate and Continuing Studies that they are withdrawing. A student will be charged again for any course that is retaken. Students who withdraw will be refunded as follows:

If a student has paid for an entire term and withdraws at the end of a course, the tuition for the remaining courses will be refunded in full. If a student withdraws prior to week two, the tuition for that course will be refunded in full. If a student withdraws after week two, the tuition for that course will not be refunded, but the tuition for the remaining courses in the term will be refunded.

The above refund policy also applies to books and fees. Books and fees are included in the tuition charted at the beginning of each term. The date of withdrawal shall be the date on which the drop/add slip is completed and the student indicates future plans in writing (forms are available in the Office of Graduate and Continuing Studies). If a student has marked in a textbook and drops the course before week two, the student will be charged the cost of the book.

#### BSBA and BSW accelerated programs

BSBA and BSW students may refer to the refund schedule posted in the accounting office and at www.goshen.edu/financialaid/refund.

#### Withdrawal

#### Degree completion programs

Course withdrawal before the second class night shows no record on the student transcript. Withdrawal with a grade of "W" is possible only before the third class night. Withdrawal after the third week results in failure of the course and will be reflected as an "F W" on the transcript.Â

#### **BSBA** and **BSW** programs

BSBA/BSW students may refer to the current year-round academic calendar for drop/add date information.

## Student services

Students in OGCS programs have access to a variety of student services. All students have access to the Good Library, a membership at the Recreation/Fitness Center, free admission to all athletic events, and discounted prices at the Goshen College Music Center. The program in which a student is enrolled determines which other services a student has available. Campus housing is not available to students in OGCS programs.

## **Accelerated program requirements**

## Goshen Core for BSBA and BSW programs

Students in the B.S. in business administration and B.S. in social work programs have two levels of Goshen Core general education program, depending on whether or not they have earned an A.A. or A.S. degree from a college that is accredited by Higher Learning Commission or a parallel organization.

•	Econ 380, Statistics in Research	. 3
•	Additional business department approved courses	
•	Math 141, Finite Mathematics	. 3

#### Goshen Core courses: 13-36 credit hours (see details above)

### Student learning outcomes

Graduates in business administration will:

- Identify and articulate how personal values and ethical considerations inform and impact business decisions.
- Demonstrate an understanding of the roles, goals, key concepts, methods, and tools utilized in specific business functions as well as the relationships between the various functions in a business.
- 3. Intentionally prepare for a business career.
- Acquire skills needed to influence, inspire, and motivate individuals and groups to achieve results.
- Identify opportunities, analyze information, and apply frameworks for effective problem-solving and decision-making.
- Demonstrate effectiveness in writing and speaking in a variety of business contexts.
- Demonstrate ability to work productively with individuals in a diversity of roles and with varying interests in the outcome.

#### Advising notes

The program director will work with students to designate transfer equivalents and create individualized plans of study.

## Social Work: Accelerated program

The Goshen College social work program is accredited by the Council on Social Work Education and has, as its primary objective, the preparation of students for professional social work practice. Students are also prepared for graduate social work education and receive advanced standing in many graduate social work programs.

### Social Work: two tracks

The social work program has both a four-year bachelor of arts track (described earlier in this catalog) and a 16-month accelerated bachelor of science track. Students who start college immediately after graduating from high school follow the four-year track and earn a B.A. in social work. Students who have graduated with an associate degree in human services and have related work experience follow the accelerated track, earning a B.S. in social work. The program outcomes for graduates are the same for students enrolled in either track.

#### Admission to the social work professional program

Social work is a professional program that requires an admission process separate from admission to the college. Students apply for admission to the social work education program during Social Welfare Policy & Program I, the first social work course taken in the 16-month completion track. Written applications are accepted after October 1. Admission criteria include academic and personal qualifications with a value orientation necessary for the professional practice of social work. The admission process is directed toward furthering students' personal growth as they explore vocational interests and abilities. Specific information about criteria and process is found in the Social Work Student Handbook. This may be obtained from the director of social work education.

## Major in social work (accelerated B.S. track)

#### 53 credit hours

NOTE: Since students are entering the 16-month accelerated track with an associate degree, we expect that they will be transferring in the following lower level and supporting courses. Each applicant's transcript will be evaluated to determine which requirements have been met, and individualized plans of study will be developed to address any gaps.

•	Psyc 306, Abnormal Psychology	3
•	Soc 200, Principles of Sociology	
•	Soc 210, Sociology of the Family	
•	Soc 334, Race, Class and Ethnic Relations	3
•	SoWk 221, Human Behavior	3
•	SoWk 224, Introduction to Social Work	3
•	SoWk 321, Social Service Field Experience	3
•	One of the following courses:	3
	SoWk 345, Women's Concerns	
	SoWk 350, Human Services: Child Welfare	
	SoWk 350, Human Services: Services to Families	

The following upper level social work courses **must** be taken at Goshen College and are offered in an accelerated format:

•	Soc 391, Methods of Social Research	3
•	SoWk 322, Social Welfare Policy & Program I	. 3
•	SoWk 323, Social Welfare Policy & Program II	. 4
	SoWk 325, Social Work Practice Theory I	
•	SoWk 409, Field Instruction	10
•	SoWk 410, Social Work Senior Seminar	2

SoWk 425, Social Work Practice Theory II	
Goshen Core requirements	13
See the Goshen Core requirements for students who have earned an A.A. or A.S.	
degree, described above.	

## Student learning outcomes

Graduates in social work will demonstrate in measurable ways achievement of the ten core competencies articulated by the Council on Social Work Education. Graduates will:

- 1. Identify as a professional social worker and conduct oneself accordingly.
- 2. Apply social work ethical principles to guide professional practice.
- 3. Apply critical thinking to inform and communicate professional judgments.
- 4. Engage diversity and difference in practice.
- 5. Advance human rights and social and economic justice.
- 6. Engage in research-informed practice and practice-informed research.
- 7. Apply knowledge of human behavior and the social environment.
- 8. Engage in policy practice to advance social and economic well-being and to deliver effective social work services.
- 9. Respond to contexts that shape practice.
- Engage, assess, intervene, and evaluate with individuals, families, groups, organizations, and communities.

## Planning guide: 16-month accelerated BS track in social work

#### First year

1st & 2nd terms (14 weeks):

Social Welfare Policy & Program I

Methods of Social Research

1st 7-week term

Proseminar

Goshen Core (one course)

2nd 7-week term:

Goshen Core (one course)

3rd 7-week term:

Goshen Core (one course)

4th 7-week term:

Goshen Core (one course)

3rd & 4th terms (14 weeks):

Social Welfare Policy & Program II

Social Work Practice Theory I

5th 7-week term:

Goshen Core (two courses, if needed)

6th 7-week term:

Goshen Core (two courses, if needed)

#### Second year 1st 7-week term:

Social Work Practice Theory II

2nd 7-week term:

Senior Seminar

1st & 2nd terms (14 weeks):

Field Instruction

## **Organizational Leadership**

## Major in organizational leadership

#### 40 credit hours

NOTE: This is a bachelor's degree completion program. Entering students must have a minimum of three years of significant work experience and approximately 60 credit hours of college-level work already completed. See the Office of Graduate and Continuing Studies section for more information.

•	OLP 300, Effective Communication	
•	OLP 301, Individual and Group Dynamics	3
•	OLP 307, Managerial Accounting	3
•	OLP 308, Economic Environment of Organizations	3
•	OLP 309, Leading and Serving in a Multicultural World	3
•	OLP 312, Organizational Theory	3
•	OLP 401, Organizational Cultures	3
•	OLP 403, Leadership Theory and Development	3
•	OLP 410, Ethical Issues in Leadership and Organization	3
•	OLP 412, Leading and Managing Change	
•	OLP 420, Strategic Planning, Action, Measurement	3
•	OLP 450, Leadership Project I	1
•	OLP 451, Leadership Project II	3
•	Rel 309, Enduring Issues in Christian Perspective (Religious World	
	Goshen Core perspectives class)	3
Core requ	irements (15 credit hours)	
•	English composition	3
•	Literature, fine arts or foreign language	3
•	Natural science	3
•	Social science	3
•	History	3

#### Student learning outcomes

Graduates in organizational leadership will:

- Identify and articulate how personal values and ethical considerations inform and impact business decisions.
- Demonstrate an understanding of the roles, goals, key concepts, methods, and tools utilized in specific business functions as well as the relationships between the various functions in a business.
- Acquire skills needed to influence, inspire, and motivate individuals and groups to achieve results.
- 4. Identify opportunities, analyze information, and apply frameworks for effective problem-solving and decision-making.
- 5. Demonstrate effectiveness in writing and speaking in a variety of business contexts.
- 6. Demonstrate ability to work productively with individuals in a diversity of roles and with varying interests in the outcome.

## Nursing: R.N. to B.S.N. completion

#### Two tracks, one degree.

The Nursing program has both a basic and a R.N.-to-B.S.N. completion track. Students who have just graduated from high school or have completed some college follow the basic track. Students who have graduated from a three-year diploma or associate degree program in nursing and are registered nurses follow the completion track. The completion track was designed to provide an accelerated option that builds on previous education, nursing practice and life experience. The program outcomes for graduates are the same for students enrolled in either track. At graduation, the bachelor of science in nursing degree is conferred.

The B.S.N. completion program is offered in collaboration between the Goshen College Nursing department and the Office of Graduate and Continuing Studies. Transcripts from previous nursing education programs are evaluated individually and credits are transferred accordingly. Credit by examination is also an option for general education and supporting courses.

## Structure of the program

This track allows registered nurses to complete a B.S.N. in about 19 months. The track is designed to affirm personal and professional strengths. Students are actively involved in identifying their strengths and their learning needs. Study guides are provided to maximize off-campus study and in-class activity time. The collaborative education process makes student experiences and insights a vital part of classroom activities. Each group of R.N.s progresses through the courses as a cohort group. Classes meet one night a week for four hours and vary in length from two to 7 weeks. The same night of the week is used for a group throughout the program. Clinical experiences for specified courses will be arranged at other times during the week. Thirteen courses provide 40 credit hours, of which 28 are upper-level nursing credits and 12 are general education credits.

## Admission requirements

- An associate degree or diploma in nursing from an accredited program.
- A cumulative grade point average of 2.7 or higher in prior academic work.
- · Completion of all prerequisite courses (listed below).
- Transfer of a minimum of 60 credit hours from an accredited college.
- Current licensure as an R.N. in Indiana or a neighboring state where the clinical component can be completed.

#### **Prerequisites**

Prior to assignment to a group and beginning progression through the track, the following courses (or their achievement test equivalent) must be completed.

- 1. English composition course (3 credit hours)
- 2. Anatomy and physiology course (4 credit hours)
- 3. Sociology or Psychology course (3 credit hours)

## **Graduation requirements**

- 1. Completion of 120 credit hours accepted by Goshen College.
- Completion of prerequisite requirements outlined above.
- Completion of the B.S.N. completion track (Nursing and Goshen Core general education courses).
- 4. Cumulative GPA of 2.7 or above in this program

## Courses for the B.S.N. completion program

#### 40 credit hours

•	Nurs 331 Philosophy and Theories of Nursing	. 3
•	Nurs 332 Holistic Client Assessment	. 4
•	Nurs 333 Nursing Research	. 4
•	Nurs 437 Cross-Cultural Health & Illness	. 4
•	Nurs 438 Community Health Nursing	. 5
•	Nurs 439 Health Care Ethics	. 2
•	Nurs 447 Issues Seminar	. 1
•	Nurs 449 Leadership in Nursing	. 5
•	Core 210 Professional Communication Skills	. 3
•	Psyc 380 Statistics in Research	. 3
•	Art 220, Arts in Human Experience (Artistic World course from the	
	Goshen Core)	. 3
•	Rel 309, Enduring Issues in Christian Perspective (Religious World	1
	course from the Goshen Core	)3

## Student learning outcomes

Graduates in nursing will:

- Utilize knowledge from the arts and humanities, theology, natural and social sciences, nursing theories, and intercultural experiences in providing nursing care.
- 2. Deomonstrate leadership for promoting quality care and patient safety.
- 3. Utilize the ability to think actively and strategically in applying selected research findings for evidence-based practice.
- 4. Demonstrate skills in using patient care technology and information systems that support safe nursing practice.
- Integrate healthcare policy for the promotion of quality and safety in practice environments.
- Communicate and collaborate with clients and the interdisciplinary team in providing comprehensive health services and the promotion of therapeutic nurse-patient relationships.
- 7. Practice health promotion and disease prevention to improve health for individuals, families, communities, and populations.
- Provide patient-centered care by employing critical thinking, decision-making, psychomotor, and interpersonal skills.
- Demonstrate professional values that foster the ability to resolve conflicts, examine ethical issues, promote accountability, and pursue practice excellence.
- Demonstrate a faith that is active and reflective, and responsive to the spiritual needs of self and others.

## **Transition to Teaching**

## Transition to Teaching (grades K-6 or 5-12)

Transition to Teaching (TtT) is an alternative certification program based on the premise that a candidate already has the content knowledge in the licensing area. Candidates must have completed an undergraduate degree in their field with at least a 3.0 grade point average to be eligible for this program, based on Indiana state law. An assessment of content knowledge and skills will be completed for each candidate by the Goshen College licensure advisor before entering the program. Additional course work may be a prerequisite for admission to the program. The 18 credit hours required for secondary and 24 credit hours required for elementary programs are for education coursework only.

Courses listed for two credit hours are taught jointly with three credit courses. TtT students pay for only two credit hours. Field experience is required for most classes.

Additional information about the Secondary Education TtT program is available at www.goshen.edu/adult/transition-teaching.

## **Elementary education TtT curriculum**

WGS - women's & gender studies

## Key to course numbers

#### Lower level

100 - 199 courses -- Primarily for first-year students

200 - 299 courses -- Primarily for sophomores

#### Upper level

300 - 399 courses -- Usually for juniors or seniors

400 - 499 courses -- Primarily for seniors and graduates

A student may register for courses one year above current classification (for example, a sophomore may register for a 300 level course), if prerequisites have been met.

Some courses are offered for variable credit hours. The default credit value will be listed first, with the variable range in parenthesis, e.g. 3 (1-3).

Not all courses listed are offered each year. A list of course offerings for the next academic year is prepared in March of each year and is available from the registrar's office and online. The college reserves the right to cancel any course if fewer than 10 students enroll or if suitable faculty are not available.

### Special courses in all departments

An all-purpose course for recording credit in topics not contained in regular offerings. Often used for independent study or credit by experience. Registration arrangements need to be approved by both the department and the registrar's office. This special studies option is open for use in all departments of the college.

## All courses by category

BIOL 324 Advanced Field Ecology

wetland, and forest habitats. Team-taught by professors with interests in merging theoretical ecology with practical ecological restoration. Prerequisite: Biol 115.
BIOL 330 Biology Research Seminar
BIOL 331 Junior Research Seminar
BIOL 335 Natural Resources Seminar
BIOL 340 Field Experience Environmental Educ
BIOL 341 Advanced Cell Biology
BIOL 345 Forest Resources
BIOL 350 Ornithology
BIOL 375 Topics in Biology:
BIOL 400 Biology Research
BIOL 409 Biology Internship
BIOL 410 Biology Senior Seminar

will include data analysis, research writing, communicating project results to the wider community, and the interdisciplinary nature of biological science. Led by all department faculty members. Prerequisite: Biol 331.

## **Business courses**

BUS 121 Introduction to Entrepreneurship
BUS 140 Essential Business Skills
BUS 209 Field Experience
BUS 217 Personal Finance
BUS 220 Office Software Productivity
BUS 306 Essentials of HR Management
BUS 307 Career Planning
BUS 310 Business Law
BUS 315 Principles of Management

BUS 316 Principles of Marketing3 The nature of marketing in our society; how organizations develop marketing strategies that enable them to meet their objectives and the needs of their customers through adequate marketing mixes; the relationship of marketing to other management functions; marketing activities at the domestic and international levels.
BUS 317 Financial Management
BUS 318 Production/Operations Management
BUS 319 Leading Nonprofit Organizations
BUS 320 Marketing Research
BUS 322 Organizational Communication
BUS 328 Venture Planning
BUS 332 Investments
BUS 336 Advertising
BUS 338 Sales

and skills used by professional sales persons. Includes role playing and the development of a sales presentation. International business is the field of study that focuses on business activities that cross national boundaries. It includes exports and imports - the subject of traditional international trade discussions - as well as foreign direct investment, international banking, the international transfer of technology and global business strategy. The cultural environment of international business is considered in some detail. The course presents the important activities of an international firm and a framework for analysis from a manager's perspective. Case studies are used in the course. Prerequisites: Econ 204 or consent of instructor. Gives students the opportunity to manage a real business. Java Junction, a coffee shop located in the KMY Connector, is completely student-run and student-managed. Student managers, under the supervision of a business faculty member, have full responsibility for all management and operating decisions. The management team reports regularly to an Advisory Board who serves as Java Junction's Board of Directors. Managers are selected by the business department through an application process. Entrepreneurial students and those energized by challenges are encouraged to apply. This course is repeatable. BUS 375 Topics: ...... 3 (1-4) Depth study on a selected topic in business. Intended to accommodate student interest and/or faculty expertise in specific business issues. Issues may vary from year to year and includes international trips during May term. Special topics for majors and minors. This course is designed to provide an opportunity for experiential learning in entrepreneurship. Students must propose an activity to a business department faculty member for approval prior to enrolling in this course. Requirements for receiving academic credit may include a designated number of hours working on the activity, periodic meetings with the supervising faculty member, and written assignments related to the activity. This course is repeatable. BUS 403 Management Strategy ...... 3 A study and evaluation of management strategies to achieve organizational goals and objectives. Utilizes management principles, financial analysis and control, personnel decisions and marketing strategies to solve case/simulation problems. Prerequisites: Bus 220, 315, 316 and 317 or consent of instructor. Work experience in, or student observation of, a business enterprise or problem. Each student's project is individually arranged with the instructor and must be approved prior to enrolling in this course. The course is designed to integrate and apply theoretical learning with experience. Students desiring an internship in business must have a major in the business department and must have completed at least 40 hours of major requirements. This course is repeatable. Prerequisite: Bus 307. A broad examination of the responsibilities of business to society and social expectations of business. Topics include: business and its environment; corporate social responsibility; the manager and personal ethics; government regulation of business. Intended as the capstone senior seminar. Prerequisite: Senior standing in department or consent of instructor

## **Chemistry courses**

CHEM 101 Introductory Chemistry
CHEM 103 Chemistry and Health
An introduction to the basic particles of matter, the modern concept of the atom, chemical bonding and the structure of chemical compounds. The physical and chemical properties of some elements and compounds are examined. Reaction equilibrium and kinetics, acid-base theory, electrochemistry, radiochemistry and thermodynamics are included. Lectures and laboratory. Prerequisite: Chem 101,103 or high school chemistry (grade C or better) and adequate pre-calculus math.
An introduction to the basic particles of matter, the modern concept of the atom, chemical bonding and the structure of chemical compounds. The physical and chemical properties of some elements and compounds are examined. Reaction equilibrium and kinetics, acid-base theory, electrochemistry, radiochemistry and thermodynamics are included. Lectures and laboratory. Prerequisite: Chem 111.

utopian thought, the readings, discussions and assignments in this course will focus on three general themes; human nature, human community, and human encounters with Transcendence. A Religious World course in the Goshen Core. HIST 205 Immigration and American Identity ....... 3 Immigration has been central to personal and national identity in the United States. It has also been a fiercely contested issue. Why has the movement of people across national borders generated both celebration and scorn? How has immigration produced patterns of inclusion, exclusion, assimilation, and discrimination? This course will include debates and case studies from both the past and the present. A Social World course in the Goshen core. HIST 211 Revolution! ...... 3 How does radical social, political and economic change occur and what are its consequences? Examines the major political "revolutions" in world history from the French Revolution to Cuba and beyond, as well as addressing the larger revolutionary changes since 1500, from the abolition of slavery to women's rights and independence from imperialism. A Social World course in the Goshen Core. HIST 217 Geography and Culture ...... 3 Survey of the world's geographic regions with emphasis on 1) the impact humans have had on the physical environment and 2) the origins of cultural variation in the world's regions. Includes regular discussion of current issues in world affairs and mapping skills. Required for students majoring in elementary education and secondary social studies. A Social World course in the Goshen Core. HIST 304 Renaissance and Reformation ....... 3 Topical survey of European civilization in the period from about 1300 to 1550. Intellectual, cultural and religious changes will receive most attention. HIST 314 Modern China ...... 3 Exploration of Chinese history with a view to understanding contemporary political, social, and economic developments. About one-third of the course looks at traditional Chinese society and culture, and the remainder examines developments since 1911 and especially since the establishment of the People's Republic in 1949. Exploration of major European political, cultural, intellectual and economic developments since the 1890s. Major themes include: modernism, the onset of totalitarianism and totalitarian regimes in Europe and the Soviet Union, war as an agent of social change. the Cold War, the dissolution of Soviet-style communism in Eastern Europe and peace-making efforts throughout the century. Introduction to Mennonite history and thought. About one-third of the course is devoted to Anabaptism. Special attention given to distinctive Anabaptist religious ideas, changes in Mennonite religious ideas and practice in Europe, migrations, contrasts in social-communal practices among Mennonites and related groups. HIST 321 History of Mennonites in America ....... 3 Emphasis on Mennonites as a people developing and interacting with the larger American society, using themes such as migration, community formation, beliefs, acculturation and pacifist citizenship in war and peace. HIST 323 Colonial & Revolutionary America ....... 3 Focus on cultural encounters and conflicts. Colonialism begs the question, how are cultures transported, replicated, and transformed? A look at contact between Europeans and Native Americans, between Europeans and Africans, between different European

do we recognize our lives as resting on forces beyond our control? Is it still possible, in our postmodern context, to anticipate the future with hope? Drawn from five centuries of

colonial projects, and finally between Anglo-American colonists and Britain. All involved sharp cultural conflict.

International studies courses
INTL 230 Intercultural Service Learning
INTL 250 SST
INTL 252 History & Culture of
INTL 253 History & Culture of Latinos in US

Reflection and exploration of topics such as Latino culture, history, politics, economics, and other social issues through classroom teaching, interaction with members of the Latino community, and field trips to Latino communities. INTL 254 Intercultural Communication ....... 3 Intercultural communication study on SST location. Arts and literature study on SST location. Issues of identity and social justice in contemporary U.S. Latino/a literature and arts. Examines how writers and artists express and enact what it means to be an American and a Latino in our contemporary culture. Students will explore the historical context of Latino/a art and literature as well as the influence of Latino traditions, experiences, and immigration stories. Natural world study on SST location. Kinesiology courses The course provides an introduction to first aid, practical experience in basic first aid skills, first aid for specific sport injuries and a practical guide to sport related liability. Successful completion of the course may result in certification for one year. Students need to pay a fee to American Red Cross for certification. This course is valuable to anyone who plans to coach or pursue future certification in athletic training. Topics covered include: emergency procedures, evaluation and management of injuries to the foot, ankle, knee, shoulder, elbow and hand. Students learn taping techniques. KIN 200 Aerobic Conditioning ...... 1 Aerobic Conditioning KIN 206 Badminton 1 Badminton KIN 210 Canoeing/Backpacking ...... 1 Canoeing/Backpacking KIN 214 Cross Country Skiing ...... 1 Minimum 20 hours of ski time required for credit, in addition to class time and homework assignments. Students must provide own cross country skis and poles. Students will ski during class and outside of class when snow is present. KIN 216 Cycling ...... 1 Cvclina Golf KIN 222 Gymnastics: Tumbling ....... 1 Gymnastics: Tumbling KIN 224 International Folk Dance 1 International Folk Dance KIN 226 Life Guard Training ...... 1 Life Guard Training

with an emphasis on the experiences of Latinos in the MIdwest and Northern Indiana.

### MUS 292 Symphony Orchestra ...... 0 (0-1) The Goshen College Symphony Orchestra presents concerts of major orchestral works from the Baroque to contemporary periods of music each semester. In addition, it collaborates with the choirs for various performances and student winners of the annual Concerto-Aria competition. The orchestra also performs in the department's annual Festival of Carols program and hosts world-renowned quest soloists and composers. The orchestra is open to all students by audition, regardless of major. MUS 293 Men's Chorus ...... 0 (0-1) The Goshen College Men's Chorus is an auditioned group of 35-55 men representing a wide variety of academic majors. The Men's Chorus performs music from all genres and time periods with special emphasis on sacred a cappella literature. The men perform in numerous on-campus concerts and occasional off-campus concerts each year, as well as on periodic tours. In addition to singing male chorus repertoire, they regularly combine in concert with the Women's World Music Choir and the Symphony Orchestra to present standard SATB literature and choral/orchestral literature. MUS 294 Women's World Music Choir ...... 0 (0-1) The Goshen College Women's World Music Choir is an auditioned group of 55-70 women representing a wide variety of academic majors. Its focus is the authentic performance of music from many cultures and countries. The choir performs in numerous on-campus and off-campus concerts each year, and tours routinely. In addition to singing world music repertoire, the Women's Choir regularly combines in concert with the Men's Chorus and Symphonic Orchestra to present standard SATB literature and choral/ orchestral literature MUS 295 Harp ...... 2 Trombone Tuba/Euphonium This survey of Western Music from antiquity through the death of J.S. Bach will focus on the following desired outcomes: 1) Develop a deeper understanding for the musical styles, genres, and composers from antiquity through the Baroque in Western music history, 2) To understand the most significant historical, philosophical, and artistic influences on music from the time of antiquity through the death of J.S. Bach, and 3) To intellectually grasp the major principles and models for musical expression in the above time periods. Prerequisite: Mus 201-202, 204 or permission of instructor. This survey of Western Music from early classicism through the 21th century will focus on the following desired outcomes: 1) To develop a deeper understanding for the musical styles, genres, and composers from the beginnings of classicism through the present. 2) To understand the most significant historical, philosophical, and artistic influences on music from the classicism of the 18th century to the present, and 3) To intellectually grasp the major principles and models for musical expression in the above time periods. Note: Students should make every attempt to take MUS 301 before 302 as several important concepts carry over from the earlier time periods into those discussed in MUS 302. Prerequisite: Mus 201-202, 204 or permission of instructor. Introduction to chromatic harmony through the study of hierarchy of chords and modulation procedures of the Classical period. Analysis of complex forms of the Baroque and the Classical periods. Formal and harmonic studies of works by Bach. Haydn. Mozart, and Beethoven. Prerequisites: Mus 201-202, 204, or permission of instructor.

Weekly meetings of music majors and faculty to discuss vocational, curricular and ethical/spiritual topics.
MUS 412 Piano Literature
Nursing courses
NURS 190 Strategies for Nursing Success
NURS 210 Intro to Professional Nursing
NURS 211 Fundamentals of Nursing
NURS 212 Holistic Client Assessment
NURS 290 NCLEX Success Strategies
NURS 305 Pharmacology
NURS 306 Nursing Care of Adults I

providing holistic nursing care to adults in medical/surgical clinical areas, with emphasis on perioperative nursing. Prerequisite: Nurs 212, Biol 319. Concurrent: Nurs 305.
NURS 307 Nursing Care of Adults II
NURS 308 Gerontological Nursing 3
Examines health issues encountered during the final four decades of the life span, from active older adult through the end of life. Some specific pathophysiology as it relates to older adults is included. Students work with a well elder and visit community settings that provide services for older adults. Prerequisite: Nurs 212.
NURS 309 Healthcare Ethics
NURS 311 Nursing Care of Expanding Family
NURS 312 Nursing Care of the Child
NURS 331 Philosophy & Theories of Nursing
NURS 332 Holistic Client Assessment
NURS 333 Nursing Research4
Basic concepts of nursing research are examined. Focuses on critical analysis of published nursing research as a basis for using research in clinical practice. Prerequisites: nine credit hours of 300-level nursing courses.
NURS 403 Nursing Research
Basic concepts of nursing research are examined. Focuses on critical analysis and summary of published nursing research as a basis for using research in clinical practice. Understands the linkages between nursing practice, research evidence and patient outcomes. A major project is developed related to nursing research utilization. Prerequisite: Six credit hours of 300-level clinical nursing courses.
NURS 405 Psychiatric/Mental-Health Nursing
. Colory of positional incident harding practice. The difficult component provides

opportunities in a psychiatric hospital and community mental-health settings. The role of the nurse as a member of the mental-health team is emphasized. Prerequisites: All 300-level clinical nursing courses.
NURS 406 Acute-Care Nursing
NURS 408 Community Health Nursing
NURS 409 Leadership in Nursing 3
Content includes management and leadership theories, as well as knowledge of complex organizational systems. An emphasis is placed on the role of the nursing leader as creator and manager of a culture of caring, safety, and quality. The clinical experience includes management of care for multiple clients and clinical experiences that relate to quality improvement. Prerequisites: All 300-level clinical nursing courses.
NURS 410 Nursing Senior Seminar
NURS 415 Capstone
NURS 437 Cross-Cultural Health & Illness
NURS 438 Community Health Nursing
NURS 439 Health Care Ethics
Students will actively reflect on ethical issues which are present in health care for practitioners and consumers. The focus will be on the process of ethical inquiry rather than decision outcomes. In the process of analyzing bioethical issues, student will be introduced to ethical theory and modes of ethical analysis informed by the Christian faith.
NURS 447 Issues Seminar

NURS 449 Leadership in Nursing 5 Leadership and management principles are applied to clinical practice. Clinical practice component of course will be arranged with each student.

PSYC 410 Senior Seminar in Psychology

and mental health/illness, therapy and faith, forgiveness, happiness/sin, etc.

Prerequisities: minimum of 12 hours of upper-level psychology or consent of instructor.

# **Religion courses**

# How does retelling the story of Jesus in film either enhance or diminish our understanding of the gospel stories? Students will become literate in filmmaking techniques as well as narrative and dialogue and will evaluate the artistic and theological value of a selection of films. We will examine a range of Jesus films and also some Christ films (in which the main character is a self-sacrificing redeemer) and second coming films. A Religious World course in the Goshen Core. Given competing truth claims, how do we learn to appreciate religious diversity, open ourselves to new learning, and yet remain relatively grounded in faith? This course examines historical and contemporary religious life in the USA, with attention to conflicts that have arisen from the first European explorers to the present day. A Religious World course in the Goshen Core. This course explores the profound and ubiquitous interweaving of religion and sports in Western civilization. From its roots in classical Olympian festivals to its emergence as a multi-billion dollar modern industry, the active presence of religious themes in sports, from spiritual ordeal, to the ethos of fairness, to the manifestation of moral reward in victory, will be tracked and analyzed. Particular attention will be devoted to the ways in which sport interacts with Christianity in North America, both in the guasi-amateur context of intercollegiate athletics as well as the professional ranks of league franchises. A Religious World course in the Goshen Core. How does religion function as a force for transformation and change in society, or a source of stability? And how does the political world feed back into the world of faith? This course examines the impact of religious beliefs, religious practices, and religious communities on the broader world of politics: governance, social issues, and the organization of the polis. A Religious World course in the Goshen Core. A field placement in applied ministry or discipleship at a camp, retreat center, congregation or religious organization. Appropriate for credit by experience registration. This survey will focus on a particular theme or area of religious experience as a window into the world's major religious traditions. Possible themes include: death, the human condition, or worship and ritual. This course is designed to provide students with a basis for more advanced study of particular traditions or a place to begin making sense of religious diversity or different expressions of spirituality when they encounter them. REL 225 Spiritual Formation ....... 1 Various topical courses based on student and faculty interest aimed to foster spiritual growth among students for general life application or ministry skill development. Course examples include Prayer Disciplines, Wrestling with the Biblical Text, Leading Small Groups, Preaching, and Preparation for Inquiry (a strong recommendation for participation in Camping, Ministry and Service Inquiry Programs). Examines the biblical heritage and major doctrines of Christian faith. Explores basic issues such as individualism and community, personal decision-making, social justice,

and relating to other religious traditions. Class members will be challenged to think through their own responses to these issues. Available only in adult studies programs.
REL 310 Topics:
REL 315 Religion in Culture & Society
REL 316 Liberation Theologies
REL 317 Islam
REL 318 Anabaptist/Mennonite History
REL 320 Christian Theologies

#### Undergraduate courses: All courses by category

and critiques the U.S. American women's movement as an interpersonal and psychological phenomenon; (b) identifies cultural, religious, racial, social, economic and political processes as they affect women's lives; (c) considers women to be persons of worth and value with the right of self-determination; and (d) assists in understanding. contextually, women's requests for help and appropriate intervention strategies. Class participation and small group discussions are important components of course learning. WGS 355 Contemporary Women's Issues ....... 3 An upper-level topics course that explores selected issues in the lives of contemporary women, such as women's bodies, sexuality and health; mother-daughter relationships; women and war; women and sexual violence; women and economic status in globalizing economies. Professors bring an interdisciplinary perspective to the subject. This course is taught in a cooperative learning environment. WGS 370 Personal Violence and Healing ...... 3 (Cross-listed from PJCS 370) A seminar course in which advanced students examine selected problems in violence. The course focuses upon the socio-cultural matrix of an individual's encounters with violence and integrates religious and ethical studies with the social sciences (Cross-listed with Comm 385) A critical analysis of gender representation in social institutions, popular culture, literature, and film. Readings and projects will address definitions of femininity, masculinity, as well as gender, power and sexuality, with the objective of helping students critique cultural representations and examine how textual narratives shape their own perceptions of gender, sex, and identity. Individual or collaborative projects take the form of art work, videos, texts (stories, poems, critiques, research) or performances, presented in a seminar format. Offered in conjunction with WGS 275. WGS 400 Advanced Readings ...... 1 (1-3) This independent study provides opportunity for women's and gender studies minors to 1) pursue more individualized, self-guided study and research in a topic of interest, 2) enhance student curriculum in areas where courses are not or cannot be offered due to curriculum limits and 3) strengthen student skills and knowledge in an area of feminist scholarship and/or practice in an area where they have not been able to do course work. A student may take a maximum of three hours credit. Prerequisite: two women's and gender studies classes and program director approval.
