### MAKE THE MOST OF YOUR TRIP

We value homeschool educators for their ability to make field trips fun and educational.

**Teachers and chaperones are encouraged to:**

- **Model curiosity and wonder.**  
Participate in the program activities with students as you're comfortable.
- **Facilitate student exploration** by allowing students to ask and answer questions themselves.
- Ask students questions like, "What do you think?" or "How can we find out?" to **foster problem-solving and inquiry learning.**
- Help direct students' attention to current activities and **model good behavior** for the group.
- **Limit cellphone use** for pictures only. If a call or text is urgent, please step away temporarily.

**Exceptions:** The refund policy (to the left) does not apply to cancellations due to dangerous weather, unscheduled school closings or unforeseen emergencies. If Merry Lea cancels a program, we will call and email when the decision is made and will provide a full refund. If you have questions about whether or not a session will occur, please contact us.
