

SST: International and U.S.-based options 2020-2022

FALL 2020-21

Sustainability Leadership Semester at Merry Lea — 16 credits

This opportunity as an SST alternative is open to Juniors and Seniors only and by permission (contact the SST department)

- This fall, Merry Lea's Sustainability Leadership Semester will strengthen its intercultural emphasis in order to open this program on a one-time basis for SST credit. Like SST, the SLS offers hands-on learning, frequent field trips and community service. Live and learn on a 1,200-acre nature preserve; explore the Elkhart River Watershed by canoe; build a deeper connection with place and local ecology. You'll also learn to see the region through the eyes of many other people—from industrial farmers to a Burmese community transplanted to urban Indiana. The ability to integrate multiple perspectives is essential for a resilient future. ***If the SLS is taken for SST credit, it cannot double count toward any major or minor.***
- **Cost:** Students are required to live at Merry Lea; room and board costs are similar to campus.

Single course for SST Alt requirement:

Community Engaged Learning: Latino Community Histories — 3 credits

- **Description:** Learn the important skills of interviewing and oral history as you work with our local Goshen Historical Society to collect the stories of the Latino community and other local ethnic groups. Design a museum exhibit to represent our town's diverse stories.
- **Faculty leader:** Julia Schiavone Camacho, *Associate Professor of History*
- **Cost:** no extra cost to students

SPRING 2020-21

NEW OPPORTUNITY! Tentative depending on interest. Contact jans@goshen.edu ASAP if interested.

Dreams & Journeys: Immigrants & Refugees — 14 credits

- A full semester of SST based in Northern Indiana. Much of what we hoped would happen internationally can still happen. In our new split semester, you can:
 - Bond with a group of students. You'll learn to know each other really well.
 - See your own country and culture from a new perspective.
 - Experience friendships and service in an intercultural context.
 - Learn outside of the classroom with your hands and heart as well as your head.
 - Save money and carbon.
- Spend the first half of the semester on campus taking two courses: **Global Issues: The Politics of the Global Migration Crisis** and a literature class: **Pursuing the American Dream — Immigrant Stories**. Building community with a weekly meal and reflection will be a part of this time.
- Spend the second half of the semester doing experiential learning by visiting refugee and immigrant communities in Northern Indiana and volunteering with an organization working on these issues, along with an action — research project.
- You can be involved in athletics and other co-curriculars for the first half of the semester. During the second half of the semester, you will be off campus more often but will return to campus most days. Extracurriculars may be affected.
- Commuter students are welcome. Expect to be part of group reflection, weekly meals and other community formation work on campus. Residential students will live in group housing.
- 14 hours of credit: You will not be able to sign up for other credit courses on campus. Use the SST enrollment form online to register for INTL 250. That will put you in all of the courses for the full semester.
- **Faculty leaders:** Judy Weaver, *Director of the Academic Success Center* and Richard Aguirre, *Community Impact Coordinator*
- **Cost:** Regular tuition. (Commuter students do not pay added room and board fees as they would for international units.)

MAY TERM 2020-21

Single courses for SST Alt credit:

INTL 251 US Cultural Perspectives: From Chicago to Amish Country — 3 credits

- **Description:** Encounter various religious and ethnic groups, their histories and the global immigration stories that shape this region beyond just today's politics. Visit Chicago, Notre Dame, Goshen and Shipshewana.
- **Faculty leader:** Philipp Gollner, *Associate Professor of History*
- **Cost:** \$100 includes all travel expenses

INTL 251 PE Cultural Perspectives: Hiking the Inca Trail, Ecotourism in Peru — 3 credits

- **Description:** Travel to the Peruvian highlands to examine the impacts of ecotourism on indigenous identity, community development and the local economy. Experience Andean culture, music and cuisine. Live with host families, explore Cusco and the Sacred Valley. Finish with a trek on the Inca Trail to Machu Picchu.
- **Faculty leader:** Jerrell Ross Richer, *Professor of Economics*
- **Cost:** \$1,800 includes all travel expenses

INTL 271 US Community Engaged Learning: Environ Disaster & Response — 3 credits

- **Description:** Work with Mennonite Disaster Service to help a community rebuild after a hurricane or earthquake in Puerto Rico, Texas or Florida. Learn how to respond in ways that are ethical, sustainable and respectful. Carry out a community based research project together.
- **Faculty leader:** Professor to be announced
- **Cost:** \$350 includes all travel expenses

SUMMER 2020-21

Ecuador SST — 15 credits

- **Requires:** two semesters of Spanish (101 and 102)
- **Faculty leaders:** Judy Weaver, *Director of the Academic Success Center* and Richard Aguirre, *Community Impact Coordinator*
