Any of these extra amounts you have to pay will not count toward your plan-year deductible and coinsurance requirements or the total annual out-of-pocket maximum.

<sup>2</sup>Precertification required. If this does not occur and it is later determined that all or part of the inpatient stay was not medically necessary or appropriate, the patient will be responsible for payment of any costs not covered.

<sup>3</sup>The schedule of covered preventive services is outlined in Highmark's *Preventive Schedule* and *Women's Health Preventive Schedule*, which are updated periodically based on changes in clinical practice guidelines.
