written by Amy Kratzer

**Leader:** Mysterious, loving and holy God.

**All:** We have come from around the world and gathered in worship of you, today.

**Graduates:** For the past years we’ve gathered here, seeking knowledge, relationships, integrity and faith.

In our quest, we have met success and failure.

**All:** We confess Lord, we have been humble, and we have been proud.

**Graduates:** We have served others, and we have served ourselves.

**All:** We have acknowledged you, O God, yet we have also denied you.

**Leader:** And it is your forgiveness,

**Graduates:** your grace,

**All:** that makes all the difference . . .

(moment of silence)

**Leader:** Mysterious God, teach us your truth.

**All:** Loving Christ, show us how to serve with humility.

**Graduates:** Holy Spirit, may your fire burn within our hearts, granting us the wisdom and courage to live lives of integrity.

**Leader:** You Lord, are able to immeasurably more than all we ask or imagine.

**Graduates:** According to your power that is at work in us,

**All:** to you be glory in the church and in Christ Jesus throughout all generations, forever and ever!

Amen!

## The Class of 2003

The following list of degree candidates includes all members of the 2003 graduating class whether participating in the exercises or being graduated in absentia. Some December 2003 graduates have chosen to participate in these exercises. Inclusion in this publication may not be construed as documentation of completion of degree requirements. Certification of the conferral of a degree is by receipt of a diploma or official transcript noting degree completion.

Two degrees are conferred. Those with majors in Nursing, Organizational Management or Management Information Systems receive the Bachelor of Science degree. All others receive the Bachelor of Arts degree.

Following each name is the field of study being completed by the student. Use of the diagonal (/) indicates that the two fields are a double major program with two equal areas of concentration. Areas in which a minor will be completed are indicated by italics.

## Philip Hefner

Philip J. Hefner, professor emeritus of systematic theology at the Lutheran School of Theology at Chicago and editor-in-chief of “Zygon: Journal of Religion and Science,” was director of the Zygon Center for Religion and Science until May 1, 2003. He is also an ordained minister in the Evangelical Lutheran Church in America.

Hefner studied as a Fulbright Scholar at the University of Tübingen, Germany, in 1954, and received his doctorate from the University of Chicago Divinity School in 1962. He has been awarded the Russell Fellow from the Center for Theology and the Natural Sciences; the Academic Fellow from the Institute on Religion in an Age of Science; a Fellow for the Society for Values and Higher Education; Templeton Best Books in Religion-and-Science

Award for “The Human Factor”; Honorary Vice-President for the Institute on Religion in an Age of Science; and Hefner is a founding member of the International Society for Science and Religion.

Hefner has published seven books and more than 150 scholarly articles. His books include “Defining America: A Christian Critique of the American Dream” (Fortress Press, 1974), “The Human Factor: Evolution, Culture, Religion” (Fortress Press, 1993) and “Technology and Human Becoming” (Fortress Press, 2003).

## Honors Program

The vision for honors study at Goshen College is broad and inclusive rather than prescribed and elitist. It promotes collaboration as well as individual achievement and celebrates a wide variety of talents and gifts.

The following criteria must be met if students apply to earn a degree “with honors:” completing two or more honors seminars, presenting work at an academic symposium, participating in 40 or more hours of community service and writing a senior thesis.

## Nursing Honors

Sigma Theta Tau International endeavors to seek out and reward all students in baccalaureate or higher degree nursing programs who have demonstrated ability in nursing as evidenced by superior academic achievement. Honors nursing students wear a cord on their commencement gown.

## The academic procession

The history of academic dress reaches back into the earliest days of the oldest universities. The costumes and colors, trimmings and patterns you will see are all traditional and interpret both the degree and field of learning. The bachelor’s gown has pointed sleeves; the master’s gown has an oblong sleeve. The doctor’s gown has bell-shaped sleeves decorated with chevrons of velvet.

The colors you will see in the hoods and gowns of GC faculty represent the various fields in which the degrees were taken: apricot – nursing, brown – fine arts, citron – social work, crimson – journalism, dark blue – philosophy, yellow – science, green – medicine, lemon yellow – library science, blue – education, pink – music, purple – law, sage green – physical education, salmon pink – public health, scarlet – theology, brown – business, white – arts and humanities, orange – engineering.

The hoods, differing in length for the three degrees, are lined with the official colors of the university or college conferring the degree. Hoods are edged and bound with velvet of the color appropriate for the degree.

## The lamp and the book

In 1904 "Culture for Service" was announced officially as the motto of Goshen College, first spoken by President N.E. Byers in the closing words of his inaugural address. There was a traditional graduation week ceremony carried out, at least by the early 1920s, in which the graduating senior class solemnly passed the actual emblems of the book and lamp to the juniors. Found in the college seal, the book serves as a double symbol for an institution where there is importance attached to the written word and especially the privileged place of holy Scripture. The lighted Grecian lamp represents the light that comes from learning. In a world of darkness, the light pushes back the darkness – to know, to see, to discover truth. GC is a place of light and of enlightenment.

## 46 I sing the mighty power of God

ELLACOMBE CMD

1 I sing the might-y pow'r of God, that made the moun-tains rise,  
 2 I sing the good-ness of the Lord, that filled the earth with food.  
 3 There's not a plant or flow'r be - low, but makes thy glo - ries known,

that spread the flow - ing seas a - broad and built the loft - y skies.  
 God formed the crea-tures with a word, and then pro-nounced them good.  
 and clouds a - rise, and tem-pests blow, by or - der from thy throne.

I sing the wis - dom that or - dained the sun to rule the day.  
 Lord, how thy won - ders are dis-played, wher - e'er I turn my eye,  
 While all that bor - rows life from thee is ev - er in thy care,

The moon shines full at God's com - mand and all the stars o - bey.  
 if I sur - vey the ground I tread, or gaze up - on the sky!  
 there's not a place where we can flee but God is pres - ent there.
