2. Elijah: What will students filling out forms be able to do?

3. Corie: It is hard to say what can happen. Someone can lose their job, add additional job training, or hire someone new. There needs to be some kind of paper trail for administrations to look at. Best way to get thing done is to have data for administration to see.
4. Elijah: Worse case scenario no one fills out a form and we will have to come up new solution.
5. Kethayun: Clarifies a common concern from student of a incident report being traced back to them. As long as it is anonymous it cannot come back be traced back to them.
6. Abby: will get in touch with Riley to inform GSWYA of Student Senate plans for councilor complaint.

H. Elijah: Brought up Student Senates goal of being more visible on campus. He suggested setting up a time where all of senate attends an event. Suggested coffee club on Nov. 17 could be an opportunity.

- B. GSWYA response
1. Abby: Students feel adminstration spend too much time in meetings about students and spend less time with students. Another thing is having guts and willingness to email administration to meet with them.
 - i. Samatha: Students don't want to search for specific people in administration.
 - ii. Jace: On one side they want to find someone more specific than just Corie or Herberto. Another thing is that they feel left out of things that affect their life..
 - iii. Corie: There hasn't been any major changes in the past years that affect a student's life except for the racial conduct.
 - iv. Abby: Has to talk about what GSWYA would want
 1. Samantha and Elijah comment: What are students looking and is this a social deal of creating a bridge between students and administration.
- V. Kethayun: Student needs to be as present as the administration is.
- v. Jace: Likes the idea of the hierarchy.
 - vi. Samantha: Uncertain of how big an issue really is.
 - vii. Nat: Make it known how available the administration is compared to other schools: make people aware of these things.

1. Corie: GC; it rare for school to be this active- most schools are not like this (chad-ad 14). Student leaders really need to be ambassadors for students.
 2. Nat has an idea: Faculty sit in the lunchroom closer to the entrance where they can eat lunch with administration.
They can also have conversation starters
- viii. Abby: have any concerns contact student senate on Posters.
1. Got Beef go to student senate poster- Jace will have draft next meeting (will have cows as mascot)
