  - b) How will they affect the apartments? Not clear as for now
  - c) Observation; they are more TVs on men's floor
  - d) (N) moving away from cable to move to streaming. Just having people who want them to get them.

B. Java Junction TV proposal

- 1. Live streaming GC sporting
- 2. Having more commuter students attend Java

### 3. Air the Olympics

Could this be a proposal of interest. If we decide to do this it would be as a gift to Java. We get to choose it and installing ect. If they have set idea in mind then not to do it.

(J) Cost analysis would show the benefit for maximizing profit. It doesn't seem like it will since they are proposing it to Senate.

Connector 3 would seem like a better idea for what they are asking for. This is our responsibility and they could talk to resident life.
