D. Composting

E. SAAC

1. Mara explained the purpose of SAAC and what they are up to. Khampha went to a past meeting and is planning on going to the next meeting as well. He primarily took notes, introduced himself, and observed their meeting.

F. Other Stuff...

1. Laura and Katja are going to work on changing paper towel dispenser into electric air hand dryers. They are going to email Glenn.

VII. One-on-one's with Khampha

1. Khampha- He wants to connect personally with each person. Seeing where they are at and what their goals are. This feels like a good way to get to know everyone better and just connect.

B. Interaction with other schools

1. Khampha- Connected with EMU'S student government and thought it would be good to connect with the other Mennonite schools. We don't have to make a decision now, hopefully working more on that in the next meeting. Catja and Khampha will start thinking and working on that.

VIII. Creation/preparation for future events

- A. Khampha- Think it would be helpful to know what events we are going to put on this next semester. This will help us know what the event is and be able to make advertisements earlier for the student body to know what we are doing.

IX. Senate Fun Time :)

- A. Khampha- This would be a time for us to just be together and get to know each other better. Would probably be good for us to have some time together outside of meetings. January 26, 2019, at 10:00 meet at Angel House of Pancakes.
- X. Advisor's Report
 - A. Someone is going to take the VP role, so we need to think about shoulder tapping others to add to senate.
- XI. Adjournment
 - A. 6:53
