

# MEDICAL AND RELIGIOUS BELIEF EXEMPTION FROM REQUIRED IMMUNIZATIONS

Date: \_\_\_\_\_

Goshen College, consistent with almost all colleges, universities, and public schools, requires that students be vaccinated against specific communicable and preventable illnesses for which there are safe and effective vaccinations available. This requirement protects the health and safety of students, employees and the surrounding community.

This form documents exemptions, due to medical or religious beliefs from the immunization(s) indicated below by a student at Goshen College, if age 18 or older, or by the student's parent or legal guardian, if less than 18 years of age. Select if you are pursuing a medical or religious exemption.

## Medical exemption

*This exemption is for any student who is unable to receive a vaccine required by Goshen College due to a medical contraindication. The medical exemption will apply for one (1) year from today's date. Documentation from the student's medical provider indicates the medical contraindication must be submitted to the Health Services office at [health@goshen.edu](mailto:health@goshen.edu) or faxed: 574.535.7195.*

## Religious exemption

*This exemption is for any student who objects to a vaccine on the basis of religious belief. The religious exemption is permanent, and will apply for the duration of the student's tenure at Goshen College or until the student chooses to be immunized due to a change in their religious belief. The religious exemption will be submitted to the Health Services office at [health@goshen.edu](mailto:health@goshen.edu).*
