

# 2012-13 GOSHEN COLLEGE STUDENT EMPLOYMENT DIRECTORY

On-campus jobs are a convenient way to earn money while attending school. The Career Services office is available to assist you in finding a job, but we do not directly place students. Each student is responsible for securing his or her own job, including Work-Study positions. This directory lists jobs that students traditionally hold, but not all of these jobs are currently available. Follow the instructions for each department to determine whether or not they have open positions.

Many job opportunities will be posted on the online job bank: [www.goshen.edu/jobs](http://www.goshen.edu/jobs). Please note: Most departments give preference to hiring international students and students with Federal Work-Study as part of their financial aid package. (Check your financial aid award letter.) If you do not have Work-Study, it's possible you will not find an on-campus job. Off-campus job opportunities are options you may want to pursue.
