

Goshen College Safety and Security Report

Updated October 1, 2017

Reporting Year: 2016

Annual Campus Safety Report

Goshen College is a four-year liberal arts college focused on developing these core values: Christ-centered, Passionate Learners, Servant Leaders, Compassionate Peacemakers and Global Citizens. As a ministry of the Mennonite Church, we seek to integrate Christian values with educational, social, and professional life. As a community of faith and learning, we strive to foster personal, intellectual, spiritual, and social growth in every person. Goshen College is located in Goshen, Indiana on a campus of 135 acres. The safety and security of members and guests of the campus community are of primary concern to Goshen College.

Campus Safety Mission Statement

The Mission of Campus Safety is to monitor, secure, report, and enhance the living, learning, and working experience at Goshen College. In partnership with the community that we serve, we are committed to the philosophy of “Community Care-taking” and working with local police, fire department, students, staff and faculty to build lasting partnerships.

Crime Reporting

In order to create an industry standard and requirement for communicating campus safety and campus crime, Congress enacted the The Jeanne Clery Disclosure of Campus Security Policy and Campus Crime Statistics Act in 1990. Every institution must collect, classify and count crime statistics based on the federal regulatory requirements. The categories of crime and statistics reported below are those required by federal law and are recorded in the calendar year in which the incident was reported. These crime statistics are collected from the Dean of Students, Director of Housing Operations, Director of Merry Lea Environmental Learning Center, Elkhart County Sheriff’s Department and Goshen Police Department by the director Campus Safety.

These statistics reflect all reported allegations of criminal activity, regardless of the outcome of any criminal proceeding.¹ Goshen College provides information relating to crime statistics and security measures to current students and employees, and to any prospective student or employee upon request.² In addition to an Crime Report released annually, Goshen College maintains a Daily Crime Log. The purpose of the

Daily Crime Log is to record criminal incidents and alleged criminal incidents that are reported to the campus police or Campus Safety department.

The Crime Log and Crime report are organized by location: on-campus, on-campus student housing and public property.

- *On-campus* includes any building or property owned or controlled by Goshen College within the same reasonably contiguous geographic area and used by the institution in direct support of Goshen College's educational purposes.
- As a subset, *on-campus student housing* includes any student housing facility that is owned or controlled by Goshen College, (e.g. Howell House on 8th Street).
- *Public property* includes thoroughfares, streets, sidewalks, and parking facilities, that is within the campus, or immediately adjacent to and accessible from the campus. For example, if a restaurant were located across the street from the college, it would not be included in the on-campus geography even if many students eat there daily, because the college did not own or control it.

All crimes should be reported to the Director of Campus Safety *regardless* of the location in which (or where) it occurs. Students will be directed to options for reporting crimes (e.g. Goshen Police Department). If helpful, students will also be directed to on- and off-campus support services in response to experiencing a crime. Crime statistics are one part of the safety plan and resources. Keeping informed about crime and safety continues to be an important aspect of community life on campus. Please read the [Annual Safety Report](#) for additional information about emergency notification as well as crime and fire prevention.

¹ As cautioned by the U.S. Department of Education, these crime statistics "...represent alleged criminal offenses reported to Campus Safety authorities and/or local law enforcement agencies. Therefore, the data collected do not necessarily reflect prosecutions or convictions for crimes. Because some statistics are provided by non-police authorities, the data are not directly comparable to data from the FBI's Uniform Crime Reporting System, which only collects statistics from police authorities."

² The Daily Crime and Fire Log for the previous 60 days is available to the public for review in the Director of Campus Safety Office, Monday through Friday between the hours of 8 a.m. – 5 p.m (Administration Building, Room 14. Older files can be made available within 48 hours).

Student Life and Campus Safety

Campus Safety is part of Student Life. The Director of Campus Safety supervises three full-time Campus Safety Officers and additional part-time persons to patrol the campus and provide a variety of safety and security services. When the Student Life office is closed during nights and weekends, a safety officer patrols campus grounds.

In addition to the Director of Campus Safety office hours, Campus Safety Officer personnel are on duty from 4 p.m. to 8 a.m. daily and 24 hours on Saturdays, Sundays and holidays. Campus Safety patrols the campus to serve as a deterrent to crime, secure buildings, enforce traffic regulations, confront suspicious persons and activities, record facility maintenance issues, assist persons who may need into locked buildings and provide escort services after dark upon request.

Campus Safety staff checks fire extinguishers monthly and assists residence hall staff with emergencies, disturbances and enforcement of college policies.

Safety Officers members are always in uniform, and carry a radio-telephone with them. They are not armed and do not have law enforcement authority or the power to arrest. An excellent relationship exists between the College and the Goshen Police Department and Goshen Fire Department. Regular meetings occur between Campus Safety and Goshen Police officials on a formal and informal basis; officers confer regularly as responsibilities dictate around incidents that occur in and around the campus area. There is no written memorandum of understanding between Goshen Police Department and Campus Safety. Campus Safety also occasionally works with the Goshen Hospital, Elkhart County Sheriff's department and the Indiana State Police.

Health Emergencies

In the event of a mental health emergency, please contact your Residence Life Coordinator or the Director of Counseling Services. At night and over weekends a Residence Life Coordinator will contact an on-call counselor. In the case of an emotional emergency and campus help is not available, contact Oaklawn at 574-533-1234.

Goshen First Aid Ambulance — 911 or 9-911

Campus Safety — 574-535-7599

Goshen General Hospital ER — 574-533-2141

Goshen Police Department Non-Emergency Dispatch — 574-533-4151

On-Call Administrator (OCD) — 574-535-6273

Reporting Criminal Activities or Emergencies

Any crime, emergency, or suspicious activity should be reported immediately to Campus Safety (535-7599). Depending on the urgency and seriousness of the situation (e.g. assault, theft) you should also contact the Goshen Police. The Goshen Police, Fire or Ambulance can be contacted by dialing 911. Resident students are also to notify their Residence Life Coordinator of theft and other security issues within the residence halls. The Director of Campus Safety (Administration building, rm 14; 535-7292) may also be contacted to provide additional assistance or to report a crime. Telephones available to the public can be found in the lobbies or entryways of many campus buildings.

All crimes affecting an individual, department or building should be reported to Campus Safety, Student Life or a Residence Life Coordinator. Anyone who becomes aware of a crime is strongly encouraged to file a report [online on the Campus Safety Website](#). College employees who have significant responsibility for student and campus activities are required by law to report the serious crimes noted in this annual report. This includes club or student organization advisors, coaches, athletic director, music group directors, SST leaders, Merry Lea instructors, and student life personnel when not serving in a counseling role. Campus pastors and counseling professionals will inform students of procedures for reporting crimes voluntarily and confidentially for inclusion in annual safety report and crime statistics.

Institutional Response to Crime

The student life office maintains a daily log of any crime that has been reported to Campus Safety or student life. This information is available to the public at the student life office. In addition, the "Campus Communicator" and email notification are used by the student life office to promptly inform the campus of crimes that have recently occurred that are perceived to be a threat to students or employees. Goshen College notifies the campus of immediate threats via text messaging and via a centrally located siren. These modes will not only inform, but provide directions for preventative action (e.g. lock down, evacuation, all clear, etc.) Serious crimes will be referred to the Goshen Police for investigation. Other matters will be handled by the appropriate college personnel case by case.

Access to Campus Facilities

Residence Halls

There are five residence halls on campus. While the outside entrance doors to some residence halls remain unlocked during the day, the hallway doors on all traditional residence halls and junior/senior floors are secure and accessible only to those carrying an access card. Community spaces are locked daily at approximately midnight and are unlocked around 7 a.m. Your room key and card will give you entrance to your own floor at any hour. During vacation periods when the residence halls remain open, all hallway entry doors will be kept locked 24 hours a day. To ensure the safety of those in the halls and personal property, we ask you ensure all locked hallway doors remain secure and un-propped.

If you live on campus and have guests, they are welcome in the residence hall for a maximum stay of three total nights unless granted permission in advance from Residence Life. Please note you are responsible for your guests' behavior while on campus. Let your resident assistant or resident leader know that you have guests. Persons of the opposite sex are not permitted on dorm floors after 11 p.m. during the week and 1 a.m. on Friday and Saturday nights. Door-to-door solicitation, sales, and pizza delivery persons are not permitted in the residence halls. Physical plant staff will occasionally be in the halls to do maintenance work. You are urged to question and report any person who appears to not have legitimate reason for being in the residence hall. You may ask the person to leave or request assistance from a resident assistant (RA), Residence Life Coordinator, or Campus Safety.

Other College Housing

If you live in an Intentional Living Community house, Coffman Suite, student apartment or in off-campus rental houses, you are responsible for locking your own doors and monitoring access to your living quarters. Problems with malfunctioning locks or windows in college-owned housing should be promptly reported to physical plant.

Other Campus Buildings

With a couple of exceptions, the locking of buildings begins nightly between 10pm-11pm. If you wish to be in a building after closing hours, you will need written permission in advance by an appropriate faculty member from that building. Faculty or staff can grant students permission for after-hours access via our online form.

Resources for Crime Prevention

The most common crimes that occur on this campus are theft of unattended items and vandalism to buildings or cars. Occasionally, students report that money or other valuables have been stolen from their rooms. As much as possible, park in lighted areas, lock your room, car, and bicycle, and do not leave personal belongings unattended.

The college does not insure personal effects of students. Therefore, we recommend that you insure your belongings through either your parents' homeowners' policy or a separate renter's insurance policy.

Safety Measures in the Residence Halls

- Do not prop open residence hall hallway doors; they serve as fire and security doors.
- Lock your door when you leave and when sleeping.
- Lock windows that are accessible from outside.
- Keep small items of value such as wallets, purses, money and jewelry out of sight. Do not keep large quantities of money or unusually valuable items in your room.
- Do not loan your key or ID to others.
- Engrave larger valuable items with a personal identification number (e.g., driver's license number).
- Report doors, locks, and windows in need of repair to your Resident Assistant.
- Report any persons acting suspiciously in and around the residence halls to your Residence Life Coordinator and/or Campus Safety. Note the description and location and report immediately.
- Report thefts to Campus Safety. Depending on the situation (e.g. stolen bike, theft from your car), it should also be reported to the Goshen Police.

Personal Safety Measures

- If you feel uncomfortable walking on campus at night, call Campus Safety for an escort.
- Walking or jogging alone after dark is not advisable. Particular areas to avoid after dark off campus are the areas by the millrace and dam and Witmer Woods.

- Be aware of your surroundings; walk in pairs or groups after dark.
- If you receive annoying or harassing phone calls, hang up immediately — do not respond to the caller or threatening text messages. If calls/texts persist, contact your Residence Life Coordinator or Campus Safety.
- When going out, let your roommate, a friend or a staff member know where you are going and when you expect to return.

If you sense a potential threat

- Get away from the danger immediately.
- Run toward well-lighted areas.
- Get to a safe place with a phone and call Campus Safety (ext. 7599) or the Goshen Police (911).

Missing Student Notification Policy

All Goshen College students, including those residing in our institutional residence facilities, have opportunity to designate another person to be contacted in the event a student is determined missing for more than 24 hours. The contact information for the designate will remain on record and kept confidential. Contact information will be gathered at the outset the academic year and at the outset of the spring semester for all new spring semester students.

If it is determined that a residential student has been missing for more than 24 hours, the Dean of Students will take appropriate action. Appropriate law enforcement agencies will be contacted along with the student's designated contact within 24 hours. If the student is under 18 years of age and not emancipated, Goshen College will contact their legal guardian or custodial parent within 24 hours.

Sexual Assault & Misconduct

Goshen College is committed to protecting the welfare and safety of all community members. Toward this commitment, GC strives to provide an environment free of inappropriate treatment of individuals because of sex, sexual orientation, documentation status, race, ethnicity, and gender identity.

If you or anyone you know experiences sexual assault or any gender-based violence, get help immediately; there are on and off-campus resources designed to help you, and you may take a friend/advocate with you to use any of these resources.

Please visit the Goshen College Website dedicated to Sexual Assault & Misconduct for more information on Title IX compliances, how to report sexual misconduct, support resources, education & training, definitions, and current policies.

<https://www.goshen.edu/sexual-assault/>

Report Racial Misconduct

If you or anyone you know experiences **racial misconduct**, report the incident using this form. There are on- and off-campus resources designed to help you, and you may take a friend/advocate with you to use any of these resources.

Goshen College is a Christian institution dedicated to fostering a spirit of hospitality recognizing all persons as children of God. In line with this understanding, which expresses our commitment to a quality campus life for every member of our community, Goshen College affirms its commitment to providing equal opportunities in education and employment. We are intentional in creating an educational community that values the racial/ethnic diversity of all its community members.

Please visit the Goshen College Website dedicated to Racial Misconduct for more information on policy and reporting.

<https://www.goshen.edu/campuslife/racial-misconduct/>

Emergency Response and Evacuation Procedures

Goshen College distinguishes between an emergency and a crisis.

In most situations and institutions, the words “crisis” and “emergency” are used interchangeably. Goshen College chooses to make the following distinction in how we use the two words.

Emergency: An emergency is an immediate event, condition or situation that has the potential to cause harm or injury to individual(s) and/or damage to property and/or significantly disrupt the operation of the institution. Any person on campus may be called upon to respond to an emergency and should be practiced and prepared to do so when the situation is encountered.

Crisis: A crisis is an event, condition or situation that has the potential to cause harm or injury to individual(s) and/or damage to property and/or significantly disrupt the operation of the institution, threaten the institution’s financial standing or its ability to fulfill the institution’s mission beyond the immediacy of an emergency. An emergency must be addressed instantaneously whereas a crisis can endure for an extended period of time. An off-campus emergency will be considered a crisis.

Crimes committed in proximity to or occur on-campus that are reported to Campus Safety or local law enforcement agency and are considered by the institution to represent a serious or continuing threat to students and employees will trigger a timely warning. Timely warnings will be issued electronically when crimes that have already occurred continue to represent an ongoing threat.

Crisis Management Team

Team members shall assign a person from their area to serve in their place should they be absented from campus. Each team member or alternate will have a copy of the crisis management plan. Additional members may be invited to join the team depending on the crisis situation. Should the Crisis Management Team (CMT) be activated, the Crisis Management Coordinator (CMC), Provost, Ken Newbold will call the persons below or their alternates. Following the phone call, unless instructed otherwise, team members should immediately report to the Crisis Center. All numbers are in the **574** area code unless noted otherwise.

Depending on the specific needs of the emergency, the CMC will implement the following emergency communication procedures.

- A. Order the activation of the siren
- B. Send a text message to all enrolled mobile devices
- B. Give instructions and content for implementation of the emergency web site

Where: Applies to crimes that occur anywhere on your Clery geography.

When: Issue a warning as soon as the pertinent information is available.

Evacuation Procedures

If local emergency authorities determine that an evacuation is necessary, then the Crisis Management Coordinator shall give instructions to activate siren message 5 and accompany with voice announcement. This announcement will need to be broadcast from the Umble Center.

Students in Classes

Evacuation overseen by Academic Dean or alternate; the administrative assistant to the dean will maintain an emergency call list for each academic department and a list of classroom phone numbers, located in the Emergency Contacts section.

Upon being notified that a campus evacuation is to take place, faculty members in class should do the following immediately:

1. Take attendance.
2. Read or announce the evacuation notice to the class as provided by the facilities staff member.
3. If this is an emergency evacuation and immediate departure is necessary: Ask students to proceed to the Goshen College Church-Chapel (unless otherwise noted in the evacuation notice). Make clear that students are not to return to their residence halls.
4. Sign-in procedure at Church Chapel: The registrar's office will prepare signs for each of the ten entrances to the church-chapel, instructing everyone which door to enter. E.g. Last Name A-C. Each door will be staffed by a faculty or staff member with a sign-in sheet for name and ID number. Registrar staff will bring class rosters to the church-chapel. After sign-in a particular class roster will need to be cross-checked with the ten sign-in sheets.
5. Take the completed attendance sheet to the Goshen College Church-Chapel.

Students in Residence Halls

Evacuation overseen by the Dean of Students or alternate. The residence life staff will go through each residence hall and inform students of the hall evacuation and direct them to the Goshen College Church-Chapel or an alternate location. Following the evacuation of the hall, a notice of evacuation will be posted at each entrance to the building. The residence life staff will notify either the Goshen College switchboard or the crisis center as each hall is evacuated.

Employees

Employees will be notified by their direct supervisor or their vice president, of the evacuation. (see Emergency Contacts section). Supervisors should establish a list of employees who have been evacuated and take this list to the Goshen College Church-Chapel. Employees may be released for the day at the discretion of the vice president or in his/her absence, the direct supervisor.

Other Persons on Campus

The administrative assistant to the president (alternate: administrative assistant to the vice president for academic affairs) will call these offices as necessary to inform them of the crisis:

- Events Office Director: 535-7997
- Director of CCYC: 535-7298
- Director of College Kindergarten: 535-7444
- College Mennonite Church: 535-7262
- AVI Fresh Food Service: 535-7580
- Follett – Bookstore: 535-7481 or 7482

Off-Campus and Degree Completion Students

Students engaged in activities off-campus or commuting students not present on the campus will be contacted as necessary. The decision to personally contact off-campus students will be dependent upon the crisis and evacuation time span. Direct contacts will begin at the discretion of the dean of students and academic dean, in conjunction with the crisis management team.

The Director of Facilities will identify staff members who will evacuate all campus facilities and post signs on the doors of all campus buildings. At the Goshen College Church-Chapel or alternate evacuation destination, sign-in sheets should be established so that arrivals can be documented and crosschecked against the earlier lists. On all evacuated buildings, a notice of evacuation should be posted at all entrances and exits. At the evacuation destination, the registrar and the associate dean will coordinate the completion and crosschecking of signing sheets.

All Other Types of Evacuations

If the evacuation occurs in the evening or during the summer months, the following steps should take place.

1. Campus Safety officers or workers from the physical plant will be dispatched to announce the evacuation to all individuals in academic and recreational facilities. Employees should proceed to the evacuation destination for further instruction. The director of facilities will maintain an updated emergency contact list and will assure that all GC Campus Safety officers always have the updated list.
2. Personnel from the [events office](#) will go through all residence halls and to the sites where events are scheduled to announce the evacuation process. An evacuation notice should be posted on all entrances to the buildings. At the Goshen College Church-Chapel or alternate evacuation destination, sign-in sheets should be established so that arrivals can be documented and crosschecked against lodging lists. On all evacuated buildings, a notice of evacuation should be posted at all entrances and exits. During the summer months, the Director of Events, the Registrar and Associate Dean will coordinate the completion and crosschecking of sign-in sheets.

Evacuation Transportation Plans

Below are contacts for arranging emergency transportation, if the crisis management team would decide that campus evacuation is necessary.

1. Goshen Community Schools: Barry Younghans, Director of Transportation. (byoungams@goshenschools.org). Phone during office hours: 533-7176. Phone at other times: 533-2356 (home) or 536-3958 (cell). Alternate: Bruce Stahly 533-8631 (office), 534-2470 (home), 596-3028 (cell).
2. Cardinal Buses Inc.: Matt Shoup, Vice President. (mshoup@cardinalbuses.com) Phone: 825-9405 (office) 370-2502 (cell).

Fire Safety and Prevention

Living in close proximity with other students in the residence halls affords a unique opportunity to interact with many people. Increased personal responsibility for each other's health and safety is also critical to maintain a safe living environment. GC has committed resources to ensure that residence hall rooms and hallways are equipped with sprinkler heads, upgraded smoke detection systems and doors that meet construction fire codes. All fires or evidence of fires are to be reported to the Student Life office.

To ensure personal safety in case of a fire:

- Know the emergency exit routes.
- Know where the extinguishers are and how to use them.
- Avoid the hazards, which produce fires.
- Do not overload circuits. Coffeepots, irons, popcorn poppers, hair dryers and refrigerators should be plugged directly into outlets and not extension cords.
- Halogen lamps are not permitted in campus housing.
- Extension cords used in campus housing must meet safety specifications (UL listing label, constructed of type S hard usage material, and of sufficient capacity to carry the load).
- Multiple outlet adapters are not permitted. Power strips with over-current protection are acceptable.
- No smoking or tobacco use in residence halls or on campus.
- Never use an elevator to exit a building in a fire emergency.
- No volatile gases or liquids are permitted in residence halls. Candles, oil lamps and incense are also not permitted.
- A false alarm is dangerous. Never play with fire extinguishers or tamper with a fire alarm system. A fine of \$50 will be assessed to anyone who tampers with fire safety equipment.
- Do not hang items on sprinkler heads or throw items which may inadvertently set off a sprinkler head and create water damage to college and personal items.

Fire Drills

In cooperation with the Goshen City fire department, unannounced fire drills will be conducted at least one time per semester during the academic year. Residents should evacuate the building quickly leaving their room doors closed and unlocked. Residents should use the nearest exit and join housing groups at the designated location. In a crisis situation, residents of Kratz-Miller-Yoder complex, student apartments and small group houses east of the railroad tracks are to gather in the Music Center; residents in Kulp, Coffman and small groups west of the railroad trains should meet in the church-chapel.

Alcohol and Other Drugs

Alcoholic beverages and illegal drugs are prohibited from the campus and all college related functions. Goshen College considers the use of alcoholic beverages and illegal drugs detrimental to individual and community health. Not only is the use of alcohol illegal for minors, but alcohol and illegal drugs also, by their nature, tend to create dependencies, invite an unhealthy escapism, waste money, abuse health, take lives and generate behavior offensive to other people and publics.

The Student Handbook and Residence Life Living Guide describes the disciplinary philosophy, procedures and possible sanctions for violation of the alcohol and drug policy. The college counseling office is available to counsel with or refer students to community agencies for assistance with alcohol or drug-related concerns. Student Life provides leadership for educational programming on alcohol and drug use.

Firearms and Fireworks

Out of legal and safety considerations, the possession or use of firearms and fireworks is prohibited on campus.

Education and Prevention

In a variety of ways, the college educates, informs and promotes safety awareness on-campus. Some of these programs are:

- A master plan for campus lighting was developed and additional outdoor light fixtures installed.
- Landscape changes have been made to remove safety hazards near campus sidewalks.
- The telephone numbers for Campus Safety, police, fire and ambulance are affixed to campus phones in public entry ways.
- Residence hall staff addresses issues of safety and security with residents and collaborates with others to plan educational programs.
- **Sexual Assault & Misconduct** resources, policies, definitions and reporting procedures for all students, faculty and staff.
- Self-defense training is offered to women periodically on campus.
- Bicycle owners are encouraged to register their bikes with the city. This can be done at the physical plant.
- The First-year Experience courses (CORE 100, 104) are channels for educational programming.
- An ad hoc campus safety committee is appointed as needed to review security policies and procedures and to recommend changes and improvements.

l. Stalking	0	0	0
m. Hate Crimes*	0	0	0

*Hate Crimes include any actions that rise to criminal level and manifest evidence that the victim was intentionally selected because of the perpetrator's bias against the victim. The categories include all criminal offenses as well as *larceny-theft, simple assault, intimidation and destruction/damage/vandalism of property* if they are Hate Crimes.

** Violations of the GC policy against sexual misconduct occurred on- and off-campus. Offenses of the criminal definition of *forcible and non-forcible sex offenses* within property that GC owns or controls were not reported during the 2015 calendar year. Goshen College addresses incidents of misconduct involving students regardless of location. Forcible Sex Offenses include (but are not limited to) forcible rape. In 2016 GC implemented an online reporting mechanism to facilitate submission reports of sexual misconduct or racial misconduct.
